Hunting and fishing license sales and federal excise taxes comprise more than 90 percent of the TWRA's hunting and fishing operating revenues. Thank you for buying a hunting and fishing license. Without your support, Tennessee would not have fish and wildlife management programs.

**This publication is not a legal document.** It is a summary of Tennessee's waterfowl hunting regulations. More detailed information on hunting and trapping is available from local wildlife officers and all TWRA offices.

Equal opportunity to participate in and benefit from programs of the Tennessee Wildlife Resources Agency is available to all persons without regard to their race, color, national origin, sex, age, disability, or military service. TWRA is also an equal opportunity/equal access employer. Questions should be directed to TWRA, Human Resources Office, P.O. Box 40747, Nashville, TN 37204, (615) 781-6594 (TDD 781-6691), or to the U.S. Fish and Wildlife Service, Office for Human Resources, 4401 N. Fairfax Dr., Arlington, VA 22203.

Tennessee Wildlife Resources Agency, Authorization No. 328688, 80,000 copies, September 2013.  
This public document was promulgated at a cost of \$.06 per copy.

## About this Guide

This high-quality regulation guide is offered to you by the Tennessee Wildlife Resources Agency through its unique partnership with J.F. Griffin Publishing, LLC.

J.F. Griffin is an award winning publishing house that specializes in producing state fish & wildlife regulation books. J.F. Griffin supports the TWRA staff in the design, layout and editing of the guides. They also manage the marketing and sales of advertising to appropriate businesses within the book.

The revenue generated through ad sales significantly lowers production costs and generates savings. These savings translate into additional funds for other important fisheries and habitat programs! Promotional advertisement does not constitute endorsement by TWRA.

If you have any feedback or are interested in advertising, please contact us at (413) 884-1001 or online at [www.JFGriffin.com](http://www.JFGriffin.com)

# DON'T SHOOT UNLESS YOU'RE SURE

Many protected species of waterfowl, wading birds, and other waterbirds occur alongside the many species of waterfowl that can be legally hunted in Tennessee. These species are protected by both state and federal law, and cannot be legally hunted anywhere in the state. Some protected species utilize the same habitats, possess similar coloration, and share the habits of many legally hunted birds.

Through careful study, accidental shootings of protected species can be prevented. Please help the Tennessee Wildlife Resources Agency prevent accidental shootings by familiarizing yourself with these protected species before heading into the field and remember, "Don't Shoot Unless You're Sure."

The Trumpeter and Tundra Swans are the largest and the only native, all-white waterfowl occurring in Tennessee. Both species are protected by both state and federal law in Tennessee and cannot be hunted. Until recently, John James Audubon had reported the last live Trumpeter Swans in Tennessee during his 1820 flatboat trip down the Mississippi River. As a result of intensive reintroduction efforts in the eastern United States, Trumpeter Swans returned to Tennessee in December of 2001 in Lauderdale County. Reintroduction of Trumpeter Swans is a cooperative effort between state, federal, and non-governmental organizations including sportsmen and nonconsumptive user groups. If you see a Trumpeter Swan in Tennessee, please report it to any TWRA Regional Office.

Historically, populations of both the Sandhill and Whooping cranes in the eastern United States experienced widespread population declines. These declines resulted from the loss of wetland habitat and unregulated market hunting. The Sandhill Crane has experienced a tremendous recovery in recent years and migratory populations crossing through Tennessee are steadily increasing. Today, the Sandhill Crane is common in portions of western and eastern Tennessee. In fact, a limited Sandhill Crane hunting season has been introduced in Tennessee along with the 2013–2014 waterfowl season.

A flock of Whooping Cranes migrating across Tennessee in October 2001 became the first migratory flock of that species in the state in over 100 years. An effort to reintroduce a migratory flock of Whooping Cranes to the eastern United States includes Tennessee as a vital part of the migratory journey. An ultralight aircraft serving as a surrogate parent to the Whooping Crane juveniles is teaching them the long-forgotten migratory route through Tennessee to wintering grounds in Florida. Additional Whooping Cranes were led by aircraft in 2002 and several free-ranging Whoopers can also be expected in the state from October–April.

## If You Have Information Regarding Any Illegal Activities Concerning Protected Species, Please Call The TWRA Poacher Hotline:

# SANDHILL CRANES

© Bob Howdeshell

## New Sandhill Crane Season in Tennessee

The modern era of sandhill crane hunting in Tennessee begins with the late waterfowl season on November 28, 2013 and runs through January 1, 2014. The US, Canada and Mexico manage sandhill crane harvest through the same regulatory mechanisms as waterfowl and other migratory game birds. Listed as a game species, many central US states, Canadian provinces and Mexico have been hunting cranes for over 50 years and all populations are stable or increasing. Hunting in the eastern US was closed until Kentucky's 2011 season and now Tennessee's 2013 season.

## North American Sandhill Cranes

Sandhill cranes are the most numerous and wide ranging of all worldwide crane species with a population exceeding 600,000. There are six distinct migratory populations of sandhill cranes with breeding ranges extending across North America. During migration, sandhill cranes congregate in large numbers at staging areas of mid-latitude states and then migrate to wintering areas in the southern US and Mexico. Hunting occurs on four of the six migratory sandhill crane populations with over 26,000 cranes harvested annually. The hunting of sandhill cranes continues to grow in popularity since the first US hunts in 1961.

The Eastern Population of sandhill cranes has undergone an impressive recovery by rebounding from an estimated 25 breeding pairs in the 1930s to a minimum population of over 87,000 in recent years. The core breeding range lies in south-central Ontario, Michigan, and Wisconsin extending into adjacent Illinois, Iowa, Minnesota, and Quebec. In recent years this breeding range has expanded east to include several of the New England states, as well as south, including Indiana, Ohio, and Iowa. The Atlantic and Mississippi Flyways are the main migratory routes of the Eastern Population. These cranes winter primarily in Florida and Georgia though recently cranes are wintering further north in Tennessee, Kentucky, Indiana, and even southern Ontario.

## Tennessee Sandhill Cranes

The sandhill cranes migrating or wintering in Tennessee make up a large proportion of the Eastern Population. The Eastern Population of sandhill cranes migrate through and winter in portions of Tennessee and is considered the world's second largest sandhill crane population. Tennessee has wintered an average of over 23,000 cranes over the last five years. Two areas serve as the primary migration and wintering areas including the Hiwassee Wildlife Refuge where thousands can be seen at one time. Hop-in Refuge and surrounding lands near the Reelfoot Lake in west Tennessee attract several thousand sandhill cranes as well. Smaller groups of cranes can be seen scattered across the Tennessee landscape too.

## 2013-14 Sandhill Crane Hunting Specifics

**Quota Hunt Draw:** October 12, 2013. Check [tnwildlife.org](http://tnwildlife.org) for updates.

**Dates:** November 28, 2013–January 1, 2014.

**Hunt Zone:** South of Interstate 40 and east of State Highway 56.

**Limits:** Daily bag, season bag, and possession limit is 3 cranes.

**Shooting Hours:** Sunrise to 3:00 pm EST.

**Check-in:** Harvested cranes must be accompanied by a completed kill tag and checked in by the end of the calendar day by mailing completed business reply card on the permit.

**Federal Regulations:** No shotguns larger than 10 gauge or capable of holding over 3 shot shells. Federally approved non-toxic shot is required.

**Notes:** All wildlife refuges are closed to sandhill crane hunting. Hunters are required to fill out and return a post-season survey.

## Sandhill Crane Hunting Zone

## Permit Drawing

A total of 400 3-permit packets will be issued by handheld draw on October 12, 2013. Please check the TWRA website for further details and updates. Leftover permits will be available on a first come basis at regional offices. A (type 001) hunt/fish license plus a (type 005) waterfowl license or equivalent is required in order to enter the draw or obtain a leftover permit. Permits are non-transferable and individuals must be present to obtain permits. All persons legal to hunt waterfowl may participate in the draw.

## Sandhill Crane Identification Test

All sandhill crane hunters must pass an internet-based crane ID test before hunting. All permits issued are invalid until a verifiable "Sandhill Test" validation code is written on the permit. The purpose of this test is to improve hunter's awareness and ability to distinguish between sandhill cranes and other protected species which may be encountered while hunting.

## Whooping Crane

There are approximately 100 whooping cranes in the experimental eastern migratory population and they share similar physical characteristics as well as habitats with the sandhill crane. An intensive reintroduction effort started in 1999 in which whooping cranes were taught their migratory path from Wisconsin to Florida by an ultra-light aircraft.

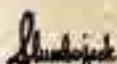

Take the protection of this rare species seriously. Be sure that bird you intend to shoot is a sandhill crane. Accidental or intentional shooting of a whooping crane is considered a dual violation and subject to state and federal laws. Please be careful.

# LICENSE FEES

**A**ll waterfowl hunters are required to have the following in order to hunt waterfowl in Tennessee:

1. The appropriate license(s) and/or permits
2. Federal Duck Stamp (except as noted below)
3. Tennessee Migratory Bird Permit (HIP permit)(except as noted below)

## Wildlife Management Area Permits

Everyone who hunts on wildlife management areas that require permits must have a WMA permit except: a holder of a Lifetime Sportsman License, an Annual Sportsman License, seniors with a Type 167 permit, or juveniles under age 16 hunting small game and waterfowl. A complete list of WMAs, including those that require permits, can be found in the current Tennessee Hunting and Trapping Guide.

NOTE: Juvenile hunters must be accompanied by an adult with a valid WMA permit, if required by that WMA.

<b>WMA Small Game and Waterfowl (Type 091)</b>	<b>\$51</b>
<b>1-Day Small Game and Waterfowl (Type 092)</b>	<b>\$10.50</b>
<b>Annual Senior Citizen Permit (Type 167)</b>	<b>\$41</b>

May be purchased only by holders of a Type 165 or Type 166 license. It covers all small game, waterfowl, and non-quota permits required by TWRA and allows holders to apply for quota permits without payment of additional fees.

**Reelfoot Preservation Permit:** Required for all users of Reelfoot WMA except those under 16 years of age, residents 65 years or older and holders of the adult Annual Sportsman License, Lifetime Sportsman License or Type 167 Permit.

<b>Annual Reelfoot Pres. Permit (Type 089)</b>	<b>\$17</b>
<b>3-Day Reelfoot Pres. Permit (Type 088)</b>	<b>\$10.50</b>
<b>1-Day Reelfoot Pres. Permit (Type 090)</b>	<b>\$3.50</b>

Refer to the current *Tennessee Hunting and Trapping Guide* for regulations regarding waterfowl hunting on specific WMAs.

## Resident Licenses

<b>Age 12 and under</b>	<b>no license required permits may be required</b>
<b>Hunting and Fishing Combination (Type 001) Age 16–64</b>	<b>\$28</b>
<b>Waterfowl (Type 005) Age 16 and over Needed in addition to Type 001.</b>	<b>\$31</b>
<b>Annual Sportsman (Type 004) Age 16–64</b>	<b>\$136</b>

An all-inclusive license valid for hunting, trapping, and sport fishing without any state supplemental licenses or non-quota permits and allows holders to apply for quota permits at no additional fee. Sportsman licenses can be purchased from all license agents.

## Lifetime Sportsman

## age determines the cost

An all-inclusive lifetime license valid for hunting, trapping and sport fishing without any state supplemental licenses or permits. Allows holders to apply for quota permits at no additional fee. Applications and fee listings are available at your local TWRA office and the TWRA website.

## Junior Hunt/Trap/Fish (Type 002) Age 13–15

**\$8**

Good for hunting all game, fishing, and trapping. Must be purchased prior to 16th birthday. No supplemental licenses are required, but special season and WMA permits will need to be purchased in addition to this license.

## Permanent Sr. Citizen Hunt/Fish/Trap (Type 166) Age 65 and over

**\$11**

Available at all license agents and can only be purchased when 65th birthday is reached. A valid Tennessee driver's license or proof of age and residency is required. No supplemental licenses are required, but special season and WMA permits will need to be purchased in addition to this license. Application with proof of age and residency can be mailed in.

**PRO-DRIVE**  
SHALLOW WATER OUTBOARDS

[prodriveoutboards.com](http://prodriveoutboards.com) 337-229-0034

## Nonresident Licenses — Junior (Age 13–15)

Age 12 and under—no license required. Permits may be required. These do not include WMA, special season permits, or quota hunt permits.

Junior Hunt/Fish (Type 070)	\$9
-----------------------------	-----

Required for nonresidents ages 13–15 to fish or hunt small game. A Type 085 or 086 is required to hunt big game.

7-Day Junior All Game (Type 085)	\$25
----------------------------------	------

Junior All Game Annual (Type 086)	\$40
-----------------------------------	------

## Nonresident Licenses — Adult (Age 16 and Over)

7-Day Hunt—Small Game/Waterfowl (Type 072)	\$50.50
--	---------

Annual Hunt—Small Game/Waterfowl (Type 071)	\$91
---	------

7-Day All Game (Type 074)	\$175.50
---------------------------	----------

Annual All Game (Type 073)	\$251
----------------------------	-------

Annual Trapping (Type 120)	\$401
----------------------------	-------

## Migratory Bird Permit Required

Resident and nonresident hunters must possess a Tennessee Migratory Bird Permit to hunt waterfowl and other migratory birds. Available at any license agent or TWRA regional office. The following do not need to have this permit:

- Landowners hunting on their own land
- Disabled veterans
- Tennessee residents 65 years or older
- Tennessee residents under 13 years of age
- Lifetime Sportsman license holders

Migratory Bird Permit (Type 006)	\$2
----------------------------------	-----

## Migratory Bird Permit (Type 007)

no fee

Only available to Annual Sportsman license holders.

## Federal Duck Stamp

\$15

Federal law requires that each waterfowl hunter, age 16 and over, carry on his/her person, in addition to a hunting license and permit, a valid Federal Migratory Bird Hunting and Conservation Stamp (federal duck stamp) signed in ink across the face. These can be obtained through the Post Office, National Wildlife Refuge offices, and some discount and sporting goods stores.

## Special Regulations

### Hunting Hours

Ducks, Geese, Gallinules, Rails, Coots: One-half hour before sunrise to sunset (except where otherwise noted). Sandhill Cranes: sunrise to 3:00 pm EST.

### Plugged Shotguns

No person shall hunt migratory game birds, except crows, with a shotgun of any description capable of holding more than three (3) shells, unless it is plugged with a one-piece filler, incapable of removal without disassembling the gun, so its total capacity does not exceed three (3) shells.

### Legal Shot

All federally approved nontoxic shot (bismuth-tin, steel, tungsten-bronze, tungsten-iron, tungsten-matrix, tungsten-nickel-iron, tungsten-polymer, tungsten-tin-bismuth or tungsten-tin-iron-nickel) are legal for waterfowl hunting.

Possession or use of any loose shot other than nontoxic shot or any shotgun shells other than nontoxic while hunting waterfowl, sandhill cranes, coots, gallinules, Virginia rails, and sora rails is prohibited.

## Special Closing Times on WMAs

Waterfowl hunting on all WMAs, except for North Chickamauga Creek and Fort Loudoun WMAs, close at sunset on the last day of the duck season.

- During the waterfowl season, hunting on Camden Unit I, C. M. Gooch Units A and E, John Tully, Old Hickory Unit I, Reelfoot, Tigrett, West Sandy, White Oak, South Fork Refuge, Wolf River and Maness Swamp Unit—Obion WMA closes at 3 p.m. (CST) except on the last day of each segment of the season when hunting closes at sunset.
- No waterfowl hunters are allowed on Barkley Unit I, Big Sandy, Camden Unit I and Unit II, Cheatham Lake WMA, Chickamauga units, Gooch Units A and E, Haynes Bottom WMA, Old Hickory Unit I and Unit II, Tigrett, West Sandy, White Oak, Maness Swamp Unit—Obion WMA, South Fork Refuge and Three Rivers WMA from 2 hours after legal shooting hours have ended until 4 a.m. the following day.
- WMAs with special closing times are open all day, each day of the Youth Waterfowl Season.

## Special Regulations on WMAs

### REGION 1

#### BARKLEY WMA UNIT I:

Closed on Monday, Tuesday, and Friday except the first and last day of each segment of the late duck and goose seasons. From Nov. 19–23 and Nov. 26–30, all activities are prohibited on subimpoundments. All activities are prohibited in the subimpoundments on days when waterfowl hunting is closed.

#### BIG SANDY WMA (INCLUDING GIN CREEK):

Closed on Tuesdays and Fridays except the first and last day of each segment of the late duck and goose seasons. From Nov. 19–23 and Nov. 26–30, all activities are prohibited on subimpoundments. All activities are prohibited in the subimpoundments on days when waterfowl hunting is closed. No fishing during the late duck season.

#### BOGOTA WMA:

All hunt units except pool 1 will be allocated by a special computerized draw. See page 13.

Youth Waterfowl Hunt (for youths 6–15 years of age) Feb. 1 and 8, 2014. Youth waterfowl hunts will be allocated by a special computerized draw.

#### BOGOTA WMA (POOL 1):

Hunting of waterfowl during the late duck season permitted only on Friday, Saturday, Sunday and the first and last day of each segment of the late duck season. All hunting closes at 3 p.m. (CST) each day, except the last day of each segment of the season when hunting closes at sunset.

#### CAMDEN UNIT I:

From Nov. 19–23 and Nov. 26–30, all activities are prohibited on subimpoundments. No fishing during the late duck season.

#### GOOCH UNIT A AND UNIT E:

From Nov. 19–23, all activities are prohibited on subimpoundments.

#### HORNS BLUFF REFUGE

The portion of Horns Bluff Refuge that is north of the main river channel is open for waterfowl hunting on Saturdays and Sundays during the late duck season(s). Hunting closes at 3:00 pm and no one is allowed on the area before 4:00 am or after 5:00 pm.

#### THE MANESS SWAMP—OBION RIVER WMA:

Hunting unit is open on Friday, Saturday and Sunday of the late duck seasons. All hunting closes at 3 p.m. (CST) each day, except the last day of each segment of the season when hunting closes at sunset.

#### SHELBY FOREST:

Waterfowl hunting is open Monday, Wednesday, and Saturday within the statewide duck season and the last 7 days of the statewide duck season, except Sunday. No permanent blinds. No decoys left overnight.

#### SOUTH FORK REFUGE:

Hunting of waterfowl during the late duck season permitted on Saturdays and Sundays, and the first and last day of each segment of the late duck season.

#### WEST SANDY:

From Nov. 19–23 and Nov. 26–30, all activities are prohibited on subimpoundments. No fishing during the late duck season.

#### WHITE OAK:

Hunting is open with statewide duck seasons. All hunting closes at 3 p.m. (CST) each day, except the last day of each segment of the season when hunting closes at sunset. From Nov. 19–23, and Nov. 26–30 all activities are prohibited on subimpoundments.

#### THORNY CYPRESS WMA:

All hunt units will be allocated by a special computerized draw. See page 13.

Youth Waterfowl Hunt (for youths 6–15 years of age) Feb. 1 and 8, 2014. Youth waterfowl hunts will be allocated by a special computerized draw.

### REGION II

#### AEDC AND WOODS RESERVOIR REFUGE:

Closed on Monday, Tuesday, and Friday except the first and last day of each segment of the late duck season.

#### CHEATHAM LAKE:

Closed on Monday, Tuesday, and Friday except the first and last day of each segment of the late duck season.

#### HAYNES BOTTOM:

Closed on Monday, Tuesday, and Friday except the first and last day of each segment of the late duck season.

### REGION III

#### CHICKAMAUGA (CANDIES CREEK, JOHNSON BOTTOMS, ROGERS CREEK AND YELLOW CREEK UNITS):

Open each Thursday, Friday, Saturday, Sunday, and the first and last day of the statewide season. Hunting ends at 3 p.m. local time on Thursday and Friday. All hunting during the regular duck season is from registered blinds only. Blinds allocated through computer drawing (see page 13). During young sportsman waterfowl hunts youths may hunt from registered blind sites on a first come first serve basis, and must enter the hunting area only from established TWRA parking areas.

#### NORTH CHICKAMAUGA CREEK:

Open each Tuesday, Thursday, Saturday, and the first and last day of the statewide season. Hunting ends at noon each day. Shot size #2 or smaller is required.

### REGION IV

#### FORT LOUDOUN:

Same as statewide except only open on Monday, Wednesday, and Friday. Hunting ends at noon each day. Shot size BBB or smaller required.

**ATTENTION:** According to Tennessee law (TCA Section 70-4-108) when hunting on public land or waters, you can not hunt within 100 yards of a visible dwelling without the owner's permission.

## Blind Site Drawings

### » Hand-Held Drawings

A hand-held drawing will be held on the first Saturday in August for permanent waterfowl draw blind sites on Barkley Unit I, Big Sandy (including Gin Creek Unit), Camden Units I and II, Cheatham Lake, Gooch Unit A, Harmon Creek, Haynes Bottom, Old Hickory Units I and II, Tigrett, AEDC (Woods Reservoir), West Sandy, and Reelfoot. Individuals wishing to compete in the drawing must appear in person at the designated location, with the appropriate licenses and permits and submit an application between 7:00 a.m. and 10:00 a.m. The drawing will be held immediately after the last person signs up. One application is permitted per person and no one may apply for more than one area. Each applicant must be at least sixteen (16) years of age to compete in the drawing or sign-on.

### » Computerized Drawings

Blind/pool sites at Bogota, Thorny Cypress and Candies Creek, Rogers, Yellow Creek and Johnson Bottoms Units of Chickamauga WMA will be allocated by a computerized drawing. Hunters can apply through any TWRA license agent or on the internet at [www.tnwildlife.org](http://www.tnwildlife.org) beginning September 4, 2013. Deadline for applying for 2013 Waterfowl Season blinds is October 9, 2013. There is a \$10 fee plus a \$1 license agent fee for applying through a TWRA license agent. For applying on the internet the fee is \$10 plus a \$2.50 fee charged by the company handling internet sales. Sportsman (Type 004), Lifetime License holder, or senior possessing Type 167 permit are exempt from the application fee.

Hunters that are successful in drawing a blind/pool site on Bogota and Thorny Cypress must, within two weeks of their hunt date, return to TWRA a "Notice of Intent" card which states they do intend to hunt their assigned blind/pool. Hunters that are successful in drawing a blind site on Candies Creek, Rogers Creek, Yellow Creek or Johnson Bottoms must by Nov. 11, 2013 return to TWRA a "Notice of Intent" card which states they do intend to hunt their assigned blind. If the notification to hunt is not received by TWRA within the specified deadline, the blind/pool will become vacant. These vacant blinds/pools, if any are available, will be allocated by a hand held drawing and can be used by the hunter during the specified hunt dates. For the Candies Creek, Rogers Creek, Yellow Creek and Johnson Bottoms Units of Chickamauga a hand held drawing for vacant blinds will be held Monday, Nov. 18th at 6 p.m. EST at the Hiwassee Refuge, 525 Priddy Lane, Birchwood, TN 37308. Information concerning availability of vacant blinds/pools can be obtained through the TWRA website ([www.tnwildlife.org](http://www.tnwildlife.org)), by contacting the Region 3 Office (1-800-262-6704) or contacting the appropriate WMA manager. Contact Bernie Swiney (423-365-9166) for vacancies on the

Yellow Creek Unit and Jason Jackson (423-614-3018) for all other Chickamauga Creek Units.

For Bogota and Thorny Cypress, hand-held drawings for vacancies will occur each Monday at 6 p.m. (local time) at the Dyersburg TWRA Workbase during the late waterfowl season starting on Nov. 18 and the last drawing will occur Jan. 20.

Information concerning availability of vacant blinds/pools can be obtained through the TWRA website ([www.tnwildlife.org](http://www.tnwildlife.org)), or by contacting the WMA manager, Jason Maxedon, at 731-285-6124.

### Permanent Registered and Permanent Draw Blinds

Waterfowl hunting on all the above WMAs (except Big Sandy, Camden Unit II, Harmon Creek, Barkley Unit II, Reelfoot, and West Sandy) permitted only from permanent blinds allocated by the hand-held drawing, unless otherwise specified. On Big Sandy, Camden Unit II, Harmon Creek, Barkley Unit II, Reelfoot, and West Sandy hunting is permitted from registered blinds and from temporary blinds or hides. Blinds, blind materials, boats, hides, and decoys must be removed at the end of the shooting hours each day.

**The permittee**, who is the person to whom the TWRA issued the permit, must occupy his/her blind by the legal daily opening shooting time on days he/she wishes to hunt, and if the blind is unoccupied at that time by the permittee, the first person or party occupying the blind shall be entitled to the privilege of its exclusive and uninterrupted use until the end of shooting hours that day. Exclusive and uninterrupted use entitles the person or party to the right to exclude all others from the blind, at the person's or party's option, except for law enforcement personnel engaged in the performance of their duties. The permittee has priority use (exclusive and uninterrupted) only if he/she is at the blind on or before the legal daily opening shooting time, regardless of whether or not the blind is occupied by another person or party, provided the permittee produces identification and his/her blind permit. No more than 8 individuals age 16 or older may occupy a permanent draw blind at any time. No restrictions on the number of youths under age 16.

### » West Sandy (Springville Bottoms) and Reelfoot Registered Blinds

West Sandy blind sites must be registered at the designated location on the first Saturday in August by 10 a.m. CDT. Reelfoot blinds must be registered with the TWRA manager prior to August 1. A Lifetime Sportsman License, Sportsman License, or an Annual Small Game and Waterfowl Permit (Type 091) or Type 167 is required at registration except Reelfoot where a Reelfoot Duck Blind Permit is required. Individuals claiming blind sites on these areas may not compete for blind site drawings on other areas.

All blind sites will be given a registration number, which must be displayed, using lettering 2 inches or larger inside the blind, or on a stake at floating blind sites. When floating blinds are moved to designated blind stakes, the number must be immediately transferred from the stake to the blind. No blind may be constructed or repaired or any floating blinds moved onto the area that have not met the deadlines for registering the blind and displaying the registration number. Unregistered and/or unnumbered blinds are subject to removal.

**NO BLIND MAY BE LOCKED OR BARRICADED TO DENY ENTRANCE TO OTHER HUNTERS WHEN THE BLIND IS NOT IN USE.**

### » Bogota, Thorny Cypress and Chickamauga WMA – Candies Creek, Rogers Creek, Yellow Creek and Johnson Bottoms Units

All hunting is from registered temporary blind sites only. A blind may not be hunted unless a hunter who was drawn for that blind site during specified hunt date is present. If a drawn hunter is not present the blind site will not be hunted. A hunter drawn for a blind may bring up to four additional hunters to hunt. The number of hunters in a party may not exceed five hunters, one of which must be the hunter drawn for the blind site. All hunters must possess all appropriate hunting licenses and permits including that the hunter drawn for the blind site must also possess the TWRA blind site confirmation number as issued by TWRA. Decoys and temporary blinds may be left out over the specified hunt period by the hunter drawn for the blind site. Decoys must be removed upon completion of the hunt on their last hunt day.

**Wheelchair-bound hunts, zones, or blinds** are open to hunters who are totally and permanently confined to a wheelchair as certified by a physician. Certain WMAs have special blind sites established for wheelchair-bound hunters to include: Cheatham Lake, Old Hickory, Reelfoot, and West Sandy. See specific WMAs for regulations if applicable. On wheelchair-bound waterfowl hunts, each wheelchair-bound hunter must be accompanied by at least one, but not more than three assistants (at least one of whom must be age 16 years or older), who may also participate in hunting.

**Temporary blinds and decoys** must be removed at the end of shooting hours each day.

**All decoys** must be removed by the owner of the blind within 10 days after the close of waterfowl season.

**Youths hunting waterfowl on a WMA:** Youths, ages 6–15, must be accompanied by an adult, 21 years of age or older, who must remain in position to take immediate control of the hunting device except as otherwise noted.

# WATERFOWL SEASONS

<b>Species</b>	<b>Statewide Duck Zone</b> (the remainder of the state outside the Reelfoot Lake Duck Zone)	<b>Reelfoot Duck Zone</b> (the lands and waters within the boundaries of Reelfoot Lake WMA only)	<b>Daily Bag Limit</b>	<b>Possession Limit</b>

# FEDERAL REGULATIONS SUMMARY

© Ducks Unlimited, Inc.

In addition to state regulations, the following federal rules apply to taking, possession, shipping, transporting, and storing of migratory game birds. This is only a summary. Each hunter should also consult actual regulations, which may be found in Title 50, Code of Federal Regulations, Part 20.

## » Restrictions

No person shall take migratory game birds:

- With a trap, snare net, rifle, pistol, swivel gun, shotgun larger than 10-gauge, punt gun, battery gun, machine gun, fishhook, poison, drug, explosive or stupefying substance.
- With a shotgun capable of holding more than three shells, unless it is plugged with a one-piece filler which cannot be removed without disassembling the gun.
- From a sink box (a low floating device, having a depression affording the hunter a means of concealment beneath the surface of the water).
- From or with the aid or use of a car or other motor-driven vehicle, or any aircraft, except that paraplegic and single or double amputees of the legs may take from any stationary motor vehicle. "Paraplegic" means an individual afflicted with paralysis of the

lower half of the body with involvement of both legs, usually due to disease or injury to the spinal cord.

- From or by means of any motor boat or sail boat unless the motor has been completely shut off and/or the sail furled and its progress therefrom has ceased.
- By the use or aid of live decoys. All live, tame or captive ducks and geese shall be removed for a period of 10 consecutive days prior to hunting and confined within an enclosure which substantially reduces the audibility of their calls and totally conceals such tame birds from the sight of migratory waterfowl.
- Using records or tapes of migratory bird sounds, or electronically amplified imitations of bird calls.
- By driving, rallying or chasing birds with any motorized conveyance or any sail boat to put them in range of hunters.
- By the aid of baiting (placing feed such as corn, wheat, salt or other feed to constitute a lure or enticement), or on or over any baited areas. Hunters should be aware that a baited area is considered to be baited for 10 days after the removal of the bait, and it is not necessary for the hunter to know an area is baited to be in violation.

## » Closed Season

No person shall take migratory game birds during the closed season.

## » Shooting or Falconry Hours

No person shall take migratory game birds except during the hours open to shooting and falconry as prescribed.

## » Daily Bag Limit

No person shall take more than one daily bag limit per day.

## » Field Possession Limit

No person shall possess more than one daily bag limit while in the field or while returning from the field to one's car, hunting camp, home, etc.

## » Wanton Waste

All migratory game birds killed or crippled shall be retrieved, if possible, and retained in the custody of the hunter in the field.

## » Tagging

No person shall give, put or leave any migratory game birds at any place or in the custody of another person unless the birds are tagged by the hunter with the following information: The hunter's signature, address, the total number of birds involved by species and the dates such birds were killed. No person or business shall receive or have in custody any migratory game birds belonging to another person unless such birds are properly tagged.

## » Possession of Live Birds

Wounded birds reduced to possession shall be

**1-800-327-BAND (2263)**  
[www.pwrc.usgs.gov/bbl](http://www.pwrc.usgs.gov/bbl)

immediately killed and included in the daily bag limit.

#### » Dressing

No person shall completely field dress any migratory game bird (except doves and band-tailed pigeons) and then transport the birds from the field. The head or one fully feathered wing must remain attached to all such birds while being transported from the field to one's home or to a migratory bird preservation facility.

#### » Shipment

No person shall ship migratory game birds unless the package is marked on the outside with: (a) the name and address of the person sending the birds, (b) the name and address of the person to whom the birds are being sent, and (c) the number of birds, by species, contained in the package.

#### » Importation

For information regarding the importation of migratory birds killed in another country, hunters should consult 50 CFR 20.61 through 20.66. One fully feathered wing must remain attached to all migratory game birds being transported between a port of entry and one's home or to a migratory bird preservation facility. No person

shall import migratory game birds killed in any foreign country, except Canada, unless such birds are dressed (except as required above), drawn and the head and feet are removed. No person shall import migratory game birds belonging to another person.

#### » Migratory Bird Hunting and Conservation Stamp

The law requires that each waterfowl hunter 16 years of age and over must carry on his or her person a valid Migratory Bird Hunting and Conservation Stamp (duck stamp) signed in ink across the face.

#### » Dual Violation

Violation of state migratory bird regulations is also a violation of federal regulations.

#### » Caution

More restrictive regulations may apply to National Wildlife Refuges open to public hunting. For additional information on federal regulations, contact: Special Agent-in-Charge, U.S. Fish and Wildlife Service, RM 132-C, U.S. Courthouse, 801 Broadway, Nashville, TN 37203. Telephone: 615-736-5532.

## Mandatory Hunter Education

All hunters, resident or nonresident, born on or after Jan. 1, 1969, must possess proof that they have successfully completed a hunter education course. Those under 10 years of age do not need a Hunter Education certificate, but must be accompanied by an adult at least 21 years of age who must remain in a position to take immediate control of the hunting device. Call your local TWRA office or visit the TWRA's website at [www.tnwildlife.org](http://www.tnwildlife.org) for a listing of scheduled Hunter Education classes.

**NOTE:** To replace a Hunter Education Card at a TWRA license agent location, first contact your TWRA Regional Office during normal business hours. Verify that your Hunter Education number has been updated in the TWRA license system. Then you may go to a TWRA license agent and purchase a Type 500 (**Hunter Education Card Replacement for \$7.00**).
