Monroe County

HOME TO A NATIONALLY RECOGNIZED Wild Trout Stream

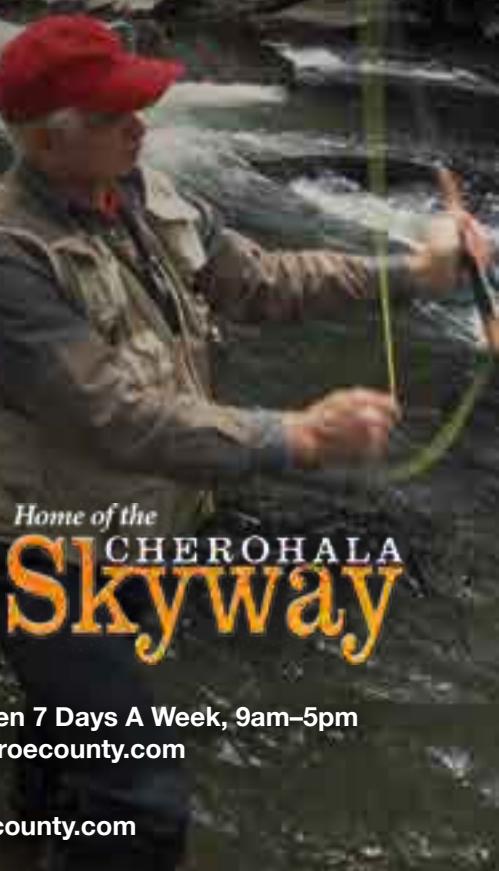

Nationally recognized as a premier trout stream, the Tellico River in Monroe County, Tennessee, is a freestone stream located within the heart of The Cherokee National Forest. Its headwaters begin in North Carolina and flow for almost twenty miles to Tellico Plains.

RULES AND REGULATIONS FOR FISHING AREA

There's a daily Tellico/Citico permit required to fish the Tellico River. It's required in addition to your Tennessee fishing license.

HINTS AND TIPS FOR FISHING THIS AREA

The Tellico River provides year round fishing with a Delayed Harvest Season in the fall.

About this Guide

This high-quality regulation guide is offered to you by the Tennessee Wildlife Resources Agency through its unique partnership with The Bingham Group.

The revenue generated through ad sales significantly lowers production costs and generates savings. These savings translate into additional funds for other important fisheries and habitat programs. Promotional advertisement does not constitute endorsement by TWRA.

If you have any feedback or are interested in advertising, please contact us:

ph: (865) 523-5999

web: www.binghamgroup.com

Free Fishing Day!

See page 15

This guide is designed and produced by The Bingham Group: 11921 Kingston Pike, Suite 201, Knoxville, TN 37934, www.binghamgroup.com
For inquiries regarding **advertisement** in this publication, call (865) 523-5999.

Hunting and fishing license sales and federal excise taxes comprise more than 90 percent of the TWRA's hunting and fishing operating revenues. Thank you for buying a hunting and fishing license. Without your support, Tennessee would not have fish and wildlife management programs.

The publication is not a legal document. It is a summary of Tennessee's fishing regulations. More detailed information on fishing is available from all TWRA offices.

Equal opportunity to participate in and benefit from programs of the Tennessee Wildlife Resources Agency is available to all persons without regard to their race, color, national origin, sex, age, disability, or military service. TWRA is also an equal opportunity/equal access employer. Questions should be directed to TWRA, Human Resources Office, P.O. Box 4747, Nashville, TN 37204, (615) 781-6594 (TDD 781-6691), or to the U.S. Fish and Wildlife Service, Office for Human Resources, 4401 N. Fairfax Dr., Arlington, VA 22203.

Tennessee Wildlife Resources Agency Authorization No. 328686, 450,000 copies, January 2016.

This public document was promulgated at a cost of \$.02 per copy.

Printing of the Fishing Guide is provided by the Tennessee Wildlife Resources Foundation in partnership with TWRA.

 NORRIS LAKE

CLINCH RIVER

in East Tennessee

FISH NORRIS LAKE

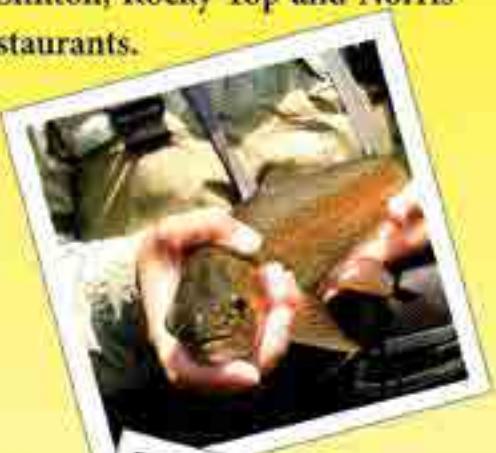

Norris Lake is known for its spotted, largemouth and smallmouth bass, crappie and walleye. With 800 miles of shoreline, it is not hard to find the perfect cove to fish. There are over 40 places to launch your boat including marinas (some of which offer boat rentals), campgrounds and free public launches. The nearby cities of Andersonville, Clinton, Rocky Top and Norris offer many amenities including fishing supplies, lodging and restaurants.

TIP *Fishing on Norris Lake is best in March, April, May, September and October.*

The tail waters of Norris Lake, known as the Clinch River, has been referred to as one of the finest trout fisheries in the country by many experienced anglers who have fished the premier trout waters of the United States. There are many access points for fishing and boating activities.

TIP *When you visit Norris Lake and Clinch River for the first time, consider fishing with a guide.*

Did you know Norris Lake holds the state record for striped bass at a whopping 49.5 pounds? Some even say that the Clinch system has the best freshwater trophy-striper fisheries in the world and is the closest you can get to deep sea fishing in freshwater.

WHAT'S NEW FOR 2016-2017

Guide License

A guide license is now required for those individuals or businesses that accept compensation for providing assistance to another in any act of hunting, fishing, or trapping. The guides and their customers are also required to possess all other required licenses and permits.

Region I:

- Pin Oak Lake (Natchez-Trace State Park): Black Bass – 12-16 inch protected length range (slot limit), creel limit of 10 bass per day.

Beech River Watershed Lakes

- Pine Lake: Largemouth bass – Creel limit of 10 bass per day.
- Dogwood and Redbud lakes: Largemouth bass – 12-16 inch protected length range (slot limit), creel limit of 10 bass per day.

Region II:

- Elk River and its tributaries from Tims Ford Dam downstream to I-65 Bridge: Brown Trout – 20 inch minimum length limit, one Brown Trout per day. Creel limit of 7 trout per day (all species in combination).
- Campbell Lake (Maury County): Grass carp may not be harvested.

Region III:

- Cordell Hull Reservoir: Largemouth bass – 15 inch minimum length limit, creel limit of 5 per day in combination with other bass species.
- Parksville Reservoir: Largemouth bass – 15 inch minimum length limit, creel limit of 5 per day in combination with smallmouth bass.
- Watts Bar Reservoir: Paddlefish – Creel limit of one per day.

Region IV

- Douglas Reservoir: upstream boundaries on Pigeon and French Broad rivers extended to Hwy 321 bridges in vicinity of Newport.

October 16-May 31: 15-inch minimum length limit for smallmouth bass with a creel limit of 5/day in combination with other bass species.

June 1-October 15: 18-inch minimum length limit for smallmouth bass. Only one smallmouth bass may be harvested as part of 5/day bass creel limit.

- Cherokee Reservoir

October 16-May 31: 15-inch minimum length limit for smallmouth bass with a creel limit of 5/day in combination with largemouth bass.

June 1-October 15: 18-inch minimum length limit for smallmouth bass. Only one smallmouth bass may be harvested as part of a 5/day creel limit in combination with largemouth bass.

- French Broad River between Hwy 168 Bridge and Douglas Dam:

Smallmouth Bass – 18-inch minimum length limit, up to 5 smallmouth bass may be harvested in combination with other bass species.

- Chilhowee Reservoir: Reservoir has been closed to all access while the lake is drawn down for repairs.

- Crayfish Restrictions: Crayfish harvested for food from the French Broad, Holston, and Clinch rivers and their tributaries shall not be possessed alive away from the waterbody from which they were harvested. Crayfish harvested for bait in these watersheds may be used as live bait, but may not be moved from the waterbody of capture.

LUNKERHUNT POPPING FROG

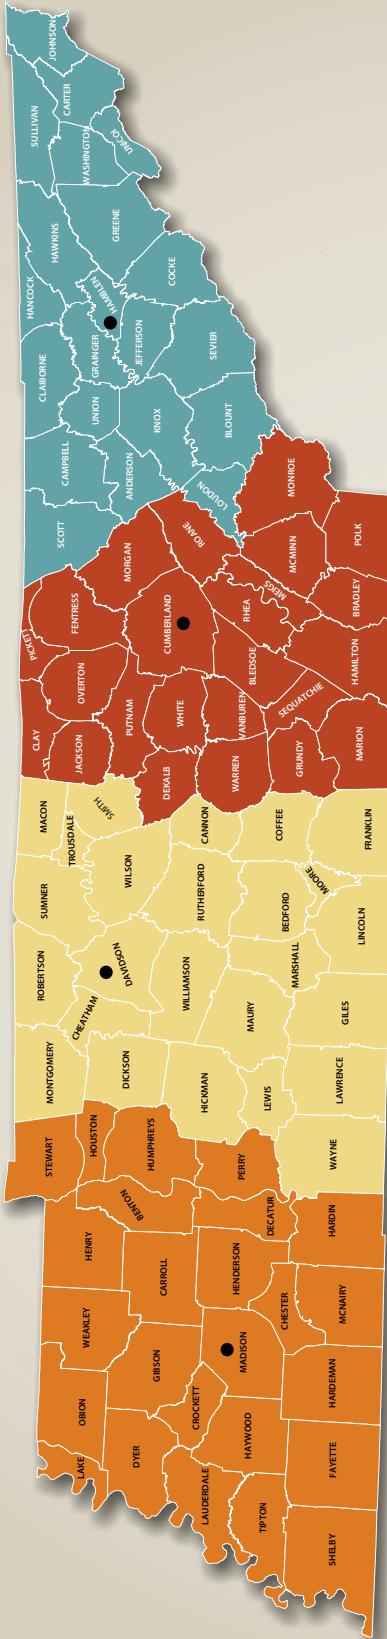

The Lunkerhunt Popping Frog™ calls fish in by creating a surface disturbance. Its concave face catches water, causing popping and spitting noises. The Popping Frog generates tons of action with minimal movement. They can be worked along edges, through grass, in pockets and on open water.

Follow us on:

Tennessee Fish & Wildlife Commission information is available on our website www.tnwildlife.org.

LICENSE INFORMATION

Hunting and fishing license sales and federal excise taxes comprise more than 90 percent of the TWRA's operating funds.

Thank you for buying a hunting and fishing license. Without you, Tennessee would not have the abundance of fish and wildlife that we all enjoy.

Fishing licenses go on sale February 18 each year and are valid through the last day of February of the following year. Most license types may be purchased at License Agents located at some County Clerk offices, sporting good stores, hardware stores and boat docks. All licenses can be purchased at TWRA regional offices. Also, many licenses can be purchased remotely using four methods:

Online: Log on to www.tnwildlife.org and click on the link, "Buy a license online." Regular license fees plus a processing fee will be charged to your credit card. Processing fee is \$3.00 if you print it, or \$4.25 if it is mailed to you.

Mobile App: Visit gotwra.org to download the free app. It can be used to purchase most license types. Processing fee is \$3.00. No license will be mailed.

By phone: Call 1-888-814-8972. An authorization number will allow you to begin fishing or hunting the minute you hang up. Regular license fees plus a processing fee will be charged to your credit card. Processing fee is \$6.25, or \$7.50 if license needs to be mailed to you.

Hours: Mon – Sat ; Mar – Nov, 6 a.m.– 8 p.m.; Dec – Feb, 9 a.m.– 3 p.m.

U.S. Mail: Send your name, address (including zip code), social security number, date of birth, physical features (height, weight, eye and hair color), and enclose the correct fee to:

TWRA Sales Office, P.O. Box 41729, Nashville, TN 37204-1729.

All license and permit fees are subject to change.

All expire at midnight of last effective date.

Great Smoky Mountains National Park

A valid fishing license obtained from the state of Tennessee or the state of North Carolina is required and honored throughout the park for all persons 13 years of age and older. A Tennessee trout license is not required. The National Park Service sets fishing regulations within the park. For detailed fishing information, contact:

**Park Headquarters
Gatlinburg, TN 37738
(865) 436-1200**

Misplace Your License?

If you misplace your fishing license, go to any license agent and ask for a duplicate license.

There is a \$7.00 replacement fee (\$6.00 goes to the TWRA; \$1.00 to the agent).

Resident Licenses

Resident licenses can be purchased by:

- Persons who possess a valid Tennessee driver's license, or Tennessee state ID issued by the Department of Safety. Tennessee state law requires drivers to obtain a Tennessee driver's license within 30 days of residency. Out-of-state driver's license only accepted for military personnel and students meeting the criteria below.
- Persons who have lived in Tennessee for 90 consecutive days with the genuine intent of making Tennessee their permanent home. Proof of residency required.
- Military personnel on active duty in this state and their immediate families, who reside with them, regardless of resident status.
- Students who are enrolled in a Tennessee school, college, or university for at least six months, with student ID.

Ages 12 and under, no license required. Permits may be required.

NOTE: A Social Security Number is required to purchase a Tennessee hunting or fishing license.

Annual Hunting and Fishing Combination (Type 001) ages 16–64	\$34
---	-------------

Minimum license required to fish and/or hunt small game.

Junior Hunt/Fish/Trap (Type 002) ages 13–15	\$10
--	-------------

Required for hunting all game, fishing, and trapping. Must be purchased prior to 16th birthday. No supplemental licenses are required, but applicable permits are required.

One-Day Fishing (Type 021) no trout; ages 13–64	\$6.50
--	---------------

One-Day Fishing All Fish (Type 023) includes trout; ages 16–64	\$11.50
---	----------------

Annual Trout (Type 022) ages 16–64	\$22
---	-------------

Type 022 is a supplemental license required to fish for trout in addition to Type 001, 020, or 021.

Annual Sportsman (Type 004) ages 16–64	\$166
---	--------------

An all-inclusive license valid for hunting, trapping, and sport fishing without any state supplemental licenses or permits. Sportsman licenses can be purchased from all license agents.

Annual Hunt/Fish Disabled Under Age 18 (Type 168)	\$5
--	------------

Available by application only.

County of Residence Fishing (Type 020) ages 13 and over	\$11
--	-------------

This license allows an angler to fish in his/her county of residence with natural bait (worms, crickets, cut bait, corn, etc.), but not minnows. No artificial lures can be used. A supplemental license (Type 022) is required to fish for trout.

South Holston Reservoir (Type 063) ages 13 and over	\$21
--	-------------

This additional license allows licensed TN resident anglers to fish the VA portion of South Holston Reservoir. This is essentially a VA license sold by TWRA, therefore all license holders, including the sportsman's license types, would need to purchase this additional license if fishing in VA.

Permanent Senior Citizen Hunt/Fish/Trap (Type 166) ages 65 and over	\$50
--	-------------

Available from any license agent for a one-time fee, and valid as long as holder remains a resident of Tennessee. This is not a Lifetime Sportsman License. Additional permits may be required. Can only be purchased when 65th birthday is reached. A valid Tennessee driver's license or proof of age and residency is required. A trout license is not required.

Annual Senior Citizen Sportsman (Type 167) ages 65 and over	\$50
--	-------------

An all-inclusive license valid for hunting, trapping, and sport fishing without any state supplemental licenses or permits. Sportsman licenses can be purchased from all license agents.

Lifetime Sportsman age determines the cost

An all-inclusive lifetime license valid for hunting, trapping and sport fishing without any Tennessee supplemental licenses or permits. Allows holders to apply for quota permits at no additional fee. Applications are available at your local TWRA office and tnwildlife.org. Applications may only be submitted by mail, Fax (615-837-4262) or TWRA offices.

Type 401 (Under 3 years)	\$200
---------------------------------	--------------

Type 406 (Ages 3–6)	\$659
----------------------------	--------------

Type 402 (Ages 7–12)	\$988
-----------------------------	--------------

Type 403 (Ages 13–50)	\$1,976
------------------------------	----------------

Type 404 (Ages 51–64)	\$1,153
------------------------------	----------------

Type 405 (Ages 65 & over)	\$329
----------------------------------	--------------

Nonresident Licenses

Ages 12 and under, no license required.

Junior Hunt/Fish (Type 070) (Required for nonresidents age 13–15 fishing and small game only.)	\$11
Three-Day Fishing (Type 077)—no trout	\$20.50
Ten-Day Fishing (Type 079)—no trout	\$30.50
Annual Fishing (Type 076)—no trout	\$50
Three-Day All Fish (Type 078)—includes trout	\$40.50
Ten-Day All Fish (Type 080)—includes trout	\$61.50
Annual All Fish (Type 081)—includes trout	\$99

Special Permits (Resident and Nonresident)

If you purchase one of the following special permits, you must also have all applicable licenses. Holders of Annual Sportsman's License (Type 004), Lifetime Sportsman's License (Types 401–406) or Annual Senior Citizen Sportsman (Type 167) do not need to purchase permits below

Reelfoot Lake Permit is required for all users except: those under 16 years of age; residents 65 years or older.	
Reelfoot Preservation Permit—Annual (Type 089)	\$17
Reelfoot Preservation Permit—Three-Day (Type 088)	\$10.50
Reelfoot Preservation Permit—Daily (Type 090)	\$3.50
Tellico-Citico Permit is required seasonally to fish Tellico River, Citico Creek and year-round on Green Cove Pond. See page 32 for details.	
Tellico-Citico Trout—Daily (Type 098) ; Required for all ages. See page 32.	\$6.50
Agency Lake Permits are required to fish Agency Fishing Lakes (pages 24–25), except those under 16 years of age and residents 65 years or older.	
Agency Lake—Daily Permit (Type 191) Valid on all Agency lakes, this permit is sold at Agency Lake offices.	\$6
Agency Lake—Annual Permit (Type 193) Valid on all Agency lakes, this permit is sold at Agency Lake offices & TWRA Nashville office.	\$48
Bedford Lake—Daily Permit (Type 65) Available at nearby license agents only.	\$6.50
Gatlinburg Trout Fishing – For information on fishing in the Gatlinburg area, contact the Gatlinburg Chamber of Commerce, 1-800-568-4748 or the Gatlinburg trout facility at 865-436-4558.	
Gatlinburg Three-Day Trout Permit (Type 096) Required for both residents and nonresident ages 13–64 in addition to the appropriate fishing licenses except for those who purchase the (Type 097) permit.	\$9.50
Gatlinburg One-Day Trout Permit (Type 097) Only requirement for residents and nonresidents ages 13 and up to fish in Gatlinburg for one day.	\$11.50
Gatlinburg Trout—Daily (Type 099) Required for both residents and nonresident ages 13–64 in addition to the appropriate fishing licenses except for those who purchase the (Type 097) permit.	\$3.50

Resident Permanent Licenses

The following licenses are available only by application from the TWRA Sales Office located in Nashville. Applications are available at regional offices and online. A doctor's statement will be required as defined on the application. Licenses are available for a one-time fee and are valid as long as holder remains a resident of Tennessee. They are not Lifetime Sportsman Licenses. Additional permits may be required. A trout license is not required.

Sport Fishing License for the Blind (Type 197)	\$10
Wheelchair Hunting and Fishing (Type 189)	\$10
Application must be accompanied by a doctor's statement stating that the applicant is permanently confined to a wheelchair.	
DAV Hunting and Fishing (Type 198)	\$10
Available to resident veterans certified by the VA as 30 percent disabled by reason of war service or 100% service connected.	
Intellectual Disability (Type 199)—fishing only	\$10
Must be receiving SSI Benefits due to intellectual disability.	
Intellectual Disability Hunting and Fishing (Type 169)	\$10
Must be receiving SSI Benefits due to intellectual disability.	

Who must have a Tennessee license?

If you take, or attempt to take fish (including crayfish) by any method or if you assist someone else to do so, you must have a valid fishing license. **There are some exceptions:**

- If you are under 13 years of age (resident or nonresident).
- Landowners, their spouses and children, who fish on their farm land which is owned by an individual or a family. Landowners, their spouses and children must be residents of Tennessee but need not reside on the land.
- Tenants, their spouses and dependent children who fish on farm land owned by an individual or a family. Tenants, their spouses and dependent children must be residents of Tennessee and must actually reside on the land and have permission of the landowner to fish. A tenant is a person who, for money, free rent, or other consideration, cares for farmland. The tenancy must be agricultural in nature.
- Resident grandchildren (under 16) and resident great-grandchildren (under 16) who fish on farm land which is owned by their resident grandparents or great-grandparents.
- First cousins who own farmland jointly or in common may fish on the farmland. Their children may fish as well.
- You are on military leave, carrying a copy of your leave orders. A pass does not meet this requirement.
- You are a resident who was born before March 1, 1926. (To qualify for this exemption, you must carry proof of your age and residency to show to a wildlife officer, if requested.)
- **It's Free Fishing Day!** This year it falls on June 11 (see page 15).
- **It's Free Fishing Week!** All children, ages 15 and younger, can fish free between June 11–17 inclusive (see page 15).

NOTE: Giving false information to obtain a license is a misdemeanor punishable by fine and loss of license. Licenses are not transferable.

Guide License

This license is required for anyone who accepts compensation for providing assistance to another in any act of hunting, fishing, and/or trapping. These license may be purchased at any license agent.

Residential Guide License (Type 450)	\$151
Non-Residential Guide License (Type 455)	\$651

STATEWIDE LIMITS & REGULATIONS

Center for Outdoor Ethics | LNT.org

When hiking, fishing, camping, etc., your presence in nature leaves an impact on our natural resources. A group of concerned citizens in East Tennessee are working to minimize the impact on their greatest natural resource, Norris Lake.

The member-driven Leave No Trace Center for Outdoor Ethics teaches people of all ages how to enjoy the outdoors responsibly, and is the most widely accepted outdoor ethics program used in public lands. Through relevant and targeted education, research and outreach, the Center ensures the longterm health of our natural world. Leave No Trace is about making good decisions to protect the world around you, the world we all enjoy.

The Leave No Trace Center has identified seven principles:

Plan Ahead and Prepare

Travel and Camp on Durable Surfaces

Dispose of Waste Properly

Leave what you find

Minimize Campfire Impacts

Respect Wildlife

Be Considerate of Other Visitors

For more info about the Leave No Trace Principle:
ph: 800-332-4100
web: www.LNT.org

For more info about the Norris Lake Stakeholders, their cleanup and other current projects:
ph: 800-524-3602
web: www.lakenorris.org

Statewide Creel and Length Limits

The following are the creel and size limits that apply statewide. Several waters have exceptions to these limits. Refer to the pages listed in red at the bottom of this page to see exceptions to the statewide regulations. If you are fishing a location that does not have exceptions listed in this guide, then the statewide limits apply.

Species	Creel Limit	Minimum Length Limit
Black Bass (includes Largemouth, Smallmouth, Spotted, Alabama and Coosa)	5 No more than 5 black bass per day in any combination may be taken	none
Crappie (all species combined)	15	10 inches
Region I Crappie Exception: unless otherwise noted for specific waters	30	none
Rock Bass or Redeye and Shadow Bass (all species combined)	20	none
Striped Bass or Hybrid Striped Bass (any combination)	2	15 inches
White Bass	15	none
Muskellunge	1	36 inches
Sauger or Sauger/Walleye hybrids	10	15 inches
Walleye	5	16 inches
Trout (all trout species combined)	7	none
Lake Trout	Only 2 trout may be lake trout	none
Redear Sunfish or Shellcracker	20	none
Yellow Bass, Bluegill, Warmouth, Bream, Bullheads, Pickerel, Northern Pike, Yellow Perch, nongame species	no limit	none
Skipjack Herring	100	none
Alligator Gar: No harvest allowed. Must be returned to water immediately.		
Catfish: Only one catfish over 34 inches may be harvested per day. No harvest limit on catfish less than 34 inches.		
Paddlefish: Paddlefish may be harvested from April 24 through May 31. Daily creel limit is 2 fish per day with no size limit. Culling is prohibited. For exceptions on Center Hill, Cherokee, and Watts Bar reservoirs, see pages 17 and 19.		
Sturgeon (Shovelnose, Pallid, Lake, and Hybrids): No harvest allowed. Must be returned to water immediately.

pages 30–33

Measuring a Fish's Length

Lay the fish on a flat ruler, close the mouth, and squeeze the lobes of the tail fin to produce the maximum length. The mouth of the fish may not be manipulated or extended.

TWRA's goal is to manage each species of fish with statewide creel and length limits where possible. However, many waters, because of their unique characteristics, require individual creel and length limits. These regulations improve fishing for all anglers.

Minimum Length Limits restrict the harvest of fish below a specified minimum length. For example, a 15-inch minimum length limit allows the angler to keep fish 15 inches or greater. Fish less than 15 inches cannot be harvested.

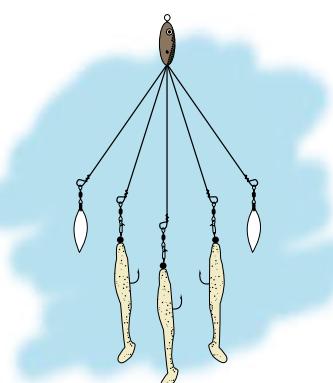

Slot Limits or Protected Length Ranges (PLRs) allow anglers to harvest fish above and below a specified length range. For example, a 14–18" PLR protects fish in the 14- to 18-inch length group. Anglers may harvest fish that measure less than 14 inches and they may harvest fish that measure over 18 inches. For a protected length range to be effective, anglers must harvest fish below the protected range.

Possession Limits: The total possession limit is twice the daily creel limit. You may not have more than the daily creel limit with you while afield. It is unlawful to have, while afield, any fish which has been altered so that its species and/or total body length cannot be determined.

Pole or Rod Limit: There is no limit on the number of poles, except at Center Hill and Dale Hollow Reservoirs (pages 17 and 18).

Statewide Hook Restriction

Unless otherwise restricted in this proclamation, anglers are restricted to a maximum of 3 hooks per rod, pole or hand-held line. Single, double or treble hooks each count as one hook. The statewide hook restriction does not apply when using a sabiki rig (also known as piscatore rig) to take shad or herring. A sabiki rig is a set of small lures attached to a single line typically used to catch baitfish.

Example of a legal multi-arm array with three hooks.

Banned In Tennessee

It is unlawful to possess or transport live specimens of the following animals:

- Silver Carp
(*Hypophthalmichthys molitrix*)
- Bighead Carp
(*Hypophthalmichthys nobilis*)
- Black Carp
(*Hypophthalmichthys piceus*)
- Blueback Herring
(*Alosa aestivalis*)
- New Zealand Mud Snail
(*Potamopyrgus antipodarum*)
- Round Goby
(*Neogobius melanostomus*)
- Rudd
(*Scardinius erythrophthalmus*)
- Ruffe
(*Gymnocephalus cernua*)
- Snakeheads
(all members of the Family Channidae)
- Swamp eels
(all members of the Family Synbranchidae)
- Zebra Mussel
(*Dreissena polymorpha*)

Silver carp pose a serious risk to boat operators and the resource. This photo was taken in 2015 below Barkley Dam (KY).

Photo Credit Ben Corda/TTU Photo Services.

Boat hull encrusted with zebra mussels on Norris Lake.

An example of gill lice on wild trout.

UNWANTED SPECIES ***On The Move***

Invasive species continue to threaten fisheries in Tennessee. Last year was a particularly concerning year as we received reports of unwanted species in new locations. We want anglers to be aware of these species for their own safety and help in preventing their spread.

There was a successful spawn of silver carp in 2015 and these fish are expected to be abundant in Kentucky and Barkley lakes. They may become more abundant upstream depending on how many swim through the locks over time. This 2015 cohort will grow quickly, reaching 20 inches or more by the end of 2016. Always use extreme care when moving shad for bait, making sure you are not moving young carp. Silver carp are known to jump near boats, so use caution while boating in carp infested waters. There is no sure way to prevent getting hit by jumping carp, but it is definitely safer to go slow and avoid shallow areas where carp are most prone to jump.

Zebra mussels have become locally abundant on Tennessee lakes, and they are now flourishing at Norris and Melton Hill lakes. They were discovered in Cherokee Lake in 2014. These mussels reduce the amount of food available for sport fish and they will foul submerged structures like intake pipes and houseboats. Always inspect, clean, and drain your boat and trailer to prevent movement of zebra mussels.

Alabama bass have become abundant in Parksville Lake. The largemouth bass population has collapsed in the lake due to competition from Alabama bass. To protect other largemouth bass fisheries across Tennessee do not move any live bass from Parksville Lake.

Last year the North Carolina Wildlife Resources Commission documented whirling disease and gill lice in a few North Carolina trout streams. Whirling disease kills young rainbow and brook trout, and the spores that cause the disease can easily be carried from stream to stream on wading gear. To date we have not documented whirling disease in TN, but this close call serves as a reminder that all trout anglers should be cleaning their boots and fishing gear between fishing trips, especially those to new or out-of-state waters.

What can you do to stop the spread of unwanted species?

Only use the approved Class A or B bait fish when hauling bait over the road. See pages 38 and 39 of this guide. Be especially careful not to move young Asian Carp which can look like shad.

Do not stock fish. Discard unused baitfish on shore away from the water. Always inspect, clean, and drain your boat between fishing trips to new waters. Invasive plants and zebra mussel larvae can easily be transported to new waters while attached to a boat or trailer, or in bilge water. Always inspect and clean wading boots between trips.

Rhea County High School Bass Fishing Team gets certified to inspect boats for nuisance species.

Want BETTER FISHING in YOUR STREAM?

By restoring streamside habitat to trees, shrubs and native grasses, you stabilize the streambank, reduce soil erosion and cool the water temperature by shading the stream. The result? An improved stream that better supports fish and other aquatic life.

In many cases the U.S. Department of Agriculture will pay for stream and streamside habitat restoration. Contact a local TWRA Private Lands Biologist:

An advertisement for 100c LED's. It features a white boat with its interior lights illuminated in red, green, and blue. The top of the ad has the text "100c LED's" and "Marine LED Lighting". Below the boat, it says "MORE LIGHTS - LESS MONEY" and "QUALITY PRODUCT". At the bottom, it lists "LED BLACKLIGHT KITS, DECK LIGHTS & TRAILER LIGHTS" and provides the website "www.100cled.com" and phone number "931-650-0759".

FREE Fishing Day June 11, 2016

FREE Fishing Week June 11-17, 2016

Saturday, June 11 is Free Fishing Day in Tennessee and anyone (resident or nonresident) of any age may fish free without a license in Tennessee's public waters! Even better, if you are 15 years old or younger, you may fish free the entire week, beginning on Free Fishing Day, June 11, and running through the following Friday, June 17.

This day and week are annual events in Tennessee and are great opportunities to introduce children to the joys and excitement of a day on the water catching fish! Not only is fishing a great family activity, it helps make us more aware of our natural environment.

Finding a place to fish is easier than ever. Starting in late spring, all you need to do is go to www.tnwildlife.org to view the 2016 Kid's Fishing Events. There you will find a variety of activities planned across the state with details as to event locations and times. You can also contact your regional TWRA office to find out what's going on in your area or let them know you are interested in sponsoring or volunteering to help with an event. Anglers and would-be anglers should check the events list often since more fishing rodeos are frequently added. Whatever you do, don't miss the fun!

Free Fishing Day and Week apply to Tennessee's public waters, Agency owned and operated lakes, and state park facilities. Some privately owned pay lakes continue to charge during this special day and week. Please consult with lake operators if you have any questions about the status of a particular facility.

Whether it be big game or small, by rifle or arrow, Clay County, Tennessee offers a veritable treasure of prime public and private hunting lands. The county hosts a significant portion of the Army Corps of Engineer's Dale Hollow Lake complex, which opens most of its public land to hunting. This is complemented by numerous private farms and other grounds that permit hunting.

RESERVOIR REGULATIONS

Full pool elevation is the reservoir/stream boundary for harvest restrictions unless otherwise noted.

Statewide regulations apply for any species not mentioned under each listed reservoir section.

REGION I

Barkley

Includes the following dewatering areas—Barkley Unit 1 (also known as Dover Bottoms) and Bear Creek WMA. The dewatering areas are closed to fishing 5 days prior to and during the waterfowl season.

Largemouth/Smallmouth/Spotted Bass: 5 per day in combination.

Largemouth Bass: 15-inch minimum length limit.

Smallmouth Bass: 18-inch minimum length limit.

Spotted Bass: no length limit.

Crappie (all species): 30 per day in combination, 10-inch minimum length limit.

Catfish (all species): no harvest limit for fish under 34 inches in length; only one fish over 34 inches in length may be harvested per day.

Striped Bass or Hybrid Striped Bass: 2 per day in combination, 15-inch minimum length limit.

White Bass: 15 per day, no length limit.

Yellow Bass: no creel or length limit.

Walleye: 5 per day, 16-inch minimum length limit.

Sauger: 10 per day, 15-inch minimum length limit.

Paddlefish: 2 per day; season is open from Apr 24 - May 31. Culling is prohibited.

Redear Sunfish: 20 per day, no length limit.

Bluegill/Warmouth and other sunfishes: no creel or length limit.

Kentucky Lake

Includes the following dewatering areas—West Sandy, Big Sandy, Gin Creek, Camden Bottoms, Duck River Bottoms, Busseltown, Perryville, and Gumdale. The dewatering areas are closed to fishing 5 days prior to and during the late waterfowl season.

Largemouth/Smallmouth/Spotted Bass: 5 per day in combination.

Largemouth Bass: 15-inch minimum length limit.

Smallmouth Bass: 15-inch minimum length limit.

Spotted Bass: no length limit.

Crappie (all species): 30 per day in combination, 10-inch minimum length limit—this includes all dewatering areas.

Catfish (all species): no harvest limit for fish under 34 inches in length; only one fish over 34 inches in length may be harvested per day.

Striped Bass or Hybrid Striped Bass: 2 per day in combination, 15-inch minimum length limit.

White Bass: 15 per day, no length limit.

Yellow Bass: no creel or length limit.

Walleye: 5 per day, 16-inch minimum length limit.

Sauger: 10 per day, 15-inch minimum length limit.

Paddlefish: 2 per day; season is open from Apr 24 - May 31. Culling is prohibited.

Redear Sunfish: 20 per day, no length limit.

Bluegill/Warmouth and other sunfishes: no creel or length limit.

Pickwick

Largemouth/Smallmouth/Spotted Bass: 5 per day in combination.

Largemouth Bass: 15-inch minimum length limit.

Smallmouth Bass: 15-inch minimum length limit.

Spotted Bass: no length limit.

Crappie (all species): 30 per day in combination, 9-inch minimum length limit.

Catfish (all species): no harvest limit for fish under 34 inches in length; only one fish over 34 inches in length may be harvested per day.

Striped Bass or Hybrid Striped Bass: 2 per day in combination, 15-inch minimum length limit.

White Bass: 15 per day, no length limit.

Yellow Bass: no creel or length limit.

Walleye: 5 per day, 16-inch minimum length limit.

Sauger: 10 per day, 15-inch minimum length limit.

Paddlefish: 2 per day; season is open from Apr 24 - May 31. Culling is prohibited.

Redear Sunfish: 20 per day, no length limit.

Bluegill/Warmouth and other sunfishes: no creel or length limit.

Reelfoot

Preservation Permit required for lake users except those under 16 years of age and residents 65 years or older. The use of gasoline powered boats is prohibited in TWRA posted areas Apr 1 - May 31.

Largemouth/Spotted Bass: 5 per day in combination

Largemouth Bass: 15-inch minimum length limit.

Spotted Bass: no length limit.

Crappie (all species): 30 per day in combination, no length limit.

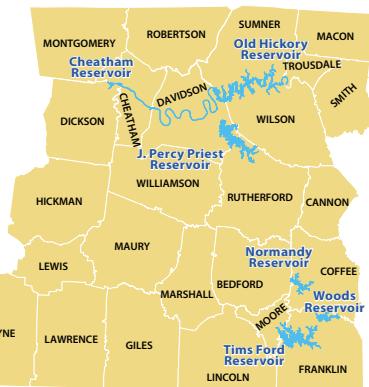

Catfish (all species): no harvest limit for fish under 34 inches in length; only one fish over 34 inches in length may be harvested per day.

Yellow Bass: no creel or length limit.

Paddlefish: 2 per day; season is open from Apr 24 - May 31. Culling is prohibited.

Redear Sunfish: 20 per day, no length limit.

Bluegill/Warmouth and other sunfishes: no creel or length limit.

REGION II

Barkley Lake

See Region 1, this page.

Cheatham

Includes Stones River up to J. Percy Priest Dam.

Largemouth/Smallmouth/Spotted Bass: 5 per day in combination.

Largemouth Bass: 14-inch minimum length limit.

Smallmouth Bass: 18-inch minimum length limit.

Spotted Bass: no length limit.

Crappie (all species): 30 per day in combination, 10-inch minimum length limit.

Catfish (all species): no harvest limit for fish under 34 inches in length; only one fish over 34 inches in length may be harvested per day.

Striped Bass or Hybrid Striped Bass: 2 per day in combination, 15-inch minimum length limit.

White Bass: 15 per day, no length limit.

Yellow Bass: no creel or length limit.

Walleye: 5 per day, 16-inch minimum length limit.

Sauger: 10 per day, 15-inch minimum length limit.

Paddlefish: 2 per day; season is open from Apr 24 - May 31. Culling is prohibited.

Rock Bass: 20 per day, no length limit.

Redear Sunfish: 20 per day, no length limit.

Bluegill/Warmouth and other sunfishes: no creel or length limit.

Cordell Hull

See page 18.

REGION III

Center Hill

Largemouth/Smallmouth/Spotted Bass: 5 per day in combination.
Largemouth Bass: 15-inch minimum length limit.
Smallmouth Bass: 18-inch minimum length limit.
Spotted Bass: no length limit.
Crappie (all species): 15 per day in combination, 10 inch minimum length limit.
Catfish (all species): no harvest limit for fish under 34 inches in length; only one fish over 34 inches in length may be harvested per day.
White Bass: 15 per day, no length limit.
Yellow Bass: no creel or length limit.
Walleye: 5 per day, 16-inch minimum length limit.
Muskellunge: 1 per day, 50-inch minimum length limit.

Paddlefish: reservoir and its tributaries are closed to taking or possessing paddlefish.
Rock Bass: 20 per day, no length limit.
Redear Sunfish: 20 per day, no length limit.
Bluegill/Warmouth and other sunfishes: no creel or length limit.

SPECIAL RESTRICTIONS:

Jan 1 - Apr 30: on Caney Fork River from Rock Island State Park boat ramp upstream to Great Falls Dam, anglers are restricted to the use of one hook having a single point, or one lure with a single hook with one point. No more than three rods and reels or poles per angler may be used.

Chickamauga

Largemouth/Smallmouth/Spotted/Alabama Bass: 5 per day in combination, only one may be a smallmouth bass.
Largemouth Bass: 15-inch minimum length limit.
Smallmouth Bass: 1 per day, 18-inch minimum length limit.
Spotted/Alabama Bass: no length limit.
Crappie (all species): 15 per day in combination, 10 inch minimum length limit.

RESERVOIR REGULATIONS

Catfish (all species): no harvest limit for fish under 34 inches in length; only one fish over 34 inches in length may be harvested per day.

Striped Bass or Hybrid Striped Bass: 2 per day in combination, 15-inch minimum length limit.

White Bass: 15 per day, no length limit.

Yellow Bass: no creel or length limit.

Walleye: 5 per day, 16-inch minimum length limit.

Sauger: 10 per day, 15-inch minimum length limit.

Paddlefish: 2 per day; season is open from Apr 24 - May 31. Culling is prohibited.

Rock Bass: 20 per day, no length limit.

Redear Sunfish: 20 per day, no length limit.

Bluegill/Warmouth and other sunfishes: no creel or length limit.

Cordell Hull

Largemouth/Smallmouth/Spotted Bass: 5 per day in combination.

Largemouth Bass: 15-inch minimum length limit.

Smallmouth Bass: 18-inch minimum length limit.

Spotted Bass: no minimum length.

Crappie (all species): 15 per day in combination, 10 inch minimum length limit.

Catfish (all species): no harvest limit for fish under 34 inches in length; only one fish over 34 inches in length may be harvested per day.

Striped Bass or Hybrid Striped Bass: 2 per day in combination.

Striped Bass: 32- to 42-inch PLR. Only one fish may be over 42 inches.

Hybrid Striped Bass: 15-inch minimum length limit.

White Bass: 15 per day, no length limit.

Yellow Bass: no creel or length limit.

Walleye: 5 per day, 16-inch minimum length limit.

Sauger: 10 per day, 15-inch minimum length limit.

Paddlefish: 2 per day; season is open from Apr 24 - May 31. Culling is prohibited.

Rock Bass: 20 per day, no length limit.

Redear Sunfish: 20 per day, no length limit.

Bluegill/Warmouth and other sunfishes: no creel or length limit.

Dale Hollow

All Species: 3 pole limit per angler from boat and 6 pole limit per angler from bank may be used.

Largemouth/Spotted/Smallmouth Bass: 5 per day in combination, only two may be smallmouth bass.

Largemouth Bass: 15-inch minimum length limit.

Smallmouth Bass: 2 per day, 16- to 21-inch PLR. One fish may be under 16 inches and one may be over 21 inches. Includes Wolf River upstream to South Ford Road bridge.

Spotted Bass: no length limit.

Crappie (all species): 15 per day in combination, 10 inch minimum length limit.

Catfish (all species): no harvest limit for fish under 34 inches in length; only one fish over 34 inches in length may be harvested per day.

White Bass: 15 per day, no length limit.

Yellow Bass: no creel or length limit.

Walleye: 5 per day, 16-inch minimum length limit. See special restrictions below.

Rock Bass: 20 per day, no length limit.

Redear Sunfish: 20 per day, no length limit.

Muskellunge: 1 per day, 50-inch minimum length limit.

Bluegill/Warmouth and other sunfishes: no creel or length limit.

Trout: 7 per day, no length limit.

SPECIAL RESTRICTIONS:

Jan 1 - Apr 15: on the east fork of the Obey from Compton boat ramp upstream to Hwy. 52 bridge, anglers are restricted to the use of one hook having a single point, or one lure with a single hook with one point. Walleye creel limit 5 per day,

16-inch minimum length limit. Only one walleye over 20 inches may be harvested. No more than 3 rods and reels or poles per angler may be used.

Great Falls

Largemouth/Smallmouth/Spotted Bass: 5 per day in combination.

Largemouth Bass: 15-inch minimum length limit.

Smallmouth Bass: 18-inch minimum length limit.

Spotted Bass: no length limit.

Crappie (all species): 15 per day in combination, 10-inch minimum length limit.

Catfish (all species): no harvest limit for fish under 34 inches in length; only one fish over 34 inches in length may be harvested per day.

Walleye: 5 per day, 16-inch minimum length limit.

Muskellunge: 1 per day, 50-inch minimum length limit.

Rock Bass: 20 per day, no length limit.

Redear Sunfish: 20 per day, no length limit.

Bluegill/Warmouth and other sunfishes: no creel or length limit.

Guntersville

Largemouth/Spotted Bass: 5 per day in combination, no length limit.

Smallmouth Bass: 1 per day, 18-inch minimum length limit.

Crappie (all species): 30 per day in combination, 9-inch minimum length limit.

Catfish (all species): no harvest limit for fish under 34 inches in length; only one fish over 34 inches in length may be harvested per day.

Striped Bass or Hybrid Striped Bass: 2 per day in combination, 15-inch minimum length limit.

White Bass: 15 per day, no length limit.

Yellow Bass: no creel or length limit.

Walleye: 5 per day, 16-inch minimum length limit.

Sauger: 10 per day, 15-inch minimum length limit.

Paddlefish: 2 per day; season is open from Apr 24 - May 31. Culling is prohibited.

Rock Bass: 20 per day, no length limit.

Redear Sunfish: 20 per day, no length limit.

REPORT FISHING VIOLATIONS

BOATING SAFETY

Life Jackets Float. You Don't. Always wear your life jacket!

80% of drowning victims in boating accidents were not wearing a personal flotation device.

Boating Safety Checklists

Required by Law

- Approved wearable flotation device for each person readily accessible
- Additional throwable flotation device on boats over 16 feet
- Persons 12 and under must wear PFD while underway
- Fire extinguisher if fuel tank or engine is enclosed
- Running lights after sunset or during restricted visibility
- State registration card on board
- Registration number and validation sticker displayed
- Do not operate a boat under the influence of alcohol or drugs
- Observe navigation rules
- Do not overload boat
- Sound signaling device

Other Items

- Do not occupy ramp until boat is ready to launch
- Notify others of your schedule
- Obtain weather forecasts
- Navigation charts
- Bail bucket
- Anchor and line
- Paddle and extra plug
- Secure boat to trailer after loading
- Trailer lights
- Reduce speed at night
- Check for gasoline fumes
- Motor kill switch
- 170 degree wide-angle rear view mirror

TWRA FISHING LAKES

Eighteen TWRA managed lakes, located in Middle and West Tennessee, are open year-round. Some of these lakes are operated by private concessionaires under contract and offer complete services for the fishing public.

Hours

The lakes are open to fishing all week. Lakes will open one-half hour before official sunrise and close one-half hour after official sunset, except Garrett Lake which is open 24 hours a day. Thanksgiving Day and Christmas Day the following lakes are closed: Carroll, Gibson Co., Glenn Springs, Herb Parsons, and Lake Graham.

Permits

A daily lake permit of \$6.00 (available at most lakes), in addition to the regular fishing license, is required to use these lakes. A lake permit is not required at Garrett and Whiteville lakes. All residents 16 through 64 years of age, and nonresidents 16 years of age or older must have this permit. Sportsman license and lifetime license holders do not need a lake permit. Resident anglers 65 years of age and older do not need a lake permit, but do need a fishing license. A \$48.00 Annual Lake Permit may also be purchased at many of the lakes with concessionaires, and is good at all TWRA fishing lakes. For **Coy Gaither-Bedford Lake**, a daily lake permit should be purchased from a license agent in the surrounding area before going to the lake.

Alcoholic beverages are prohibited at all Agency lakes.

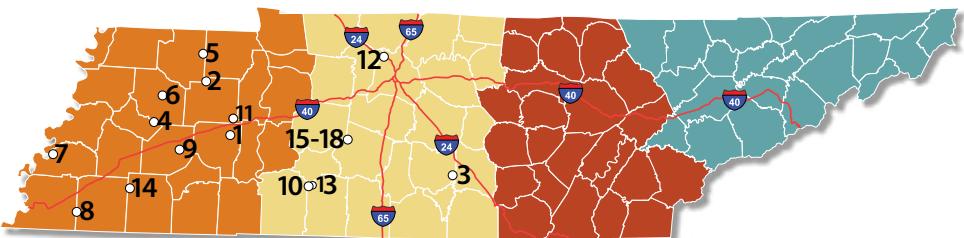

Speed boating, personal water craft, water skiing and swimming are prohibited.

Houseboats, sailboats and inboard cruisers are prohibited. On Coy Gaither-Bedford, Marrowbone, VFW and Williamsport lakes, only trolling motors can be used.

Boats may be rented for \$10.00 per day at some lakes on a seasonal basis. There is no charge for boat cushions or paddles.

Tackle

Only rods and reels, poles, hand-held lines, and jugs may be used (see page 37 for jug fishing rules at TWRA lakes). Snagging is prohibited.

Blue/Channel Catfish: 5 per day in combination, no length limit.

Garrett Lake

Black Bass: 5 per day, no length limit.

Bluegill: no creel or length limit.

Redear: 20 per day, no length limit.

Crappie (all species): 30 per day, 10-inch minimum length limit.

Blue/Channel Catfish: 5 per day in combination, no length limit.

Gibson County Lake

Largemouth Bass: 10 per day, 18- to 24-inch PLR. Only one fish longer than 24 inches may be harvested.

Bluegill/Redear: 20 per day in combination, no length limit.

Crappie (all species): 30 per day, 10-inch minimum length limit.

Blue/Channel Catfish: 5 per day in combination, no length limit.

Glenn Springs Lake

Black Bass: 10 per day, 14- to 18-inch PLR. Only one fish longer than 18 inches may be harvested.

Bluegill/Redear: 20 per day in combination, no length limit.

Crappie (all species): 30 per day, 8-inch minimum length limit.

Blue/Channel Catfish: 5 per day in combination, no length limit.

Herb Parsons Lake

Black Bass: 10 per day, 14- to 18-inch PLR. Only one fish longer than 18 inches may be harvested.

Bluegill: no creel or length limit.

Redear: 20 per day, no length limit.

Crappie (all species): 30 per day, 8-inch minimum length limit.

Blue/Channel Catfish: 5 per day in combination, no length limit.

Lake Graham

Black Bass: 10 per day, 14- to 18-inch PLR. Only one fish longer than 18 inches may be harvested.

Bluegill: no creel or length limit.

Redear: 20 per day, no length limit.

Crappie (all species): 30 per day, 10-inch minimum length limit.

Blue/Channel Catfish: 5 per day in combination, no length limit.

Trout: 7 per day, no length limit.

Laurel Hill Lake

One embayment is for juvenile fishing, only youths 16 and under may fish. Nursery ponds may be closed as posted.

Largemouth Bass: 10 per day, 13- to 18-inch PLR. Only one fish longer than 18 inches may be harvested.

Bluegill/Redear: 20 per day in combination, no length limit.

Crappie (all species): 15 per day, 10-inch minimum length limit.

Blue/Channel Catfish: 5 per day in combination, 14-inch minimum length limit.

Maples Creek Lake

Black Bass: 5 per day, no length limit.

Bluegill: no creel or length limit.

Redear: 20 per day, no length limit.

Crappie (all species): 30 per day, 8-inch minimum length limit.

Blue/Channel Catfish: 5 per day in combination, no length limit.

Marrowbone Lake

Black Bass: 5 per day, 14- to 18-inch PLR. Only one fish longer than 18 inches may be harvested.

Bluegill: no creel or length limit.

Redear: 20 per day, no length limit.

Crappie (all species): 15 per day, 10-inch minimum length limit.

Blue/Channel Catfish: 5 per day in combination, no length limit.

Trout: 7 per day, no length limit.

VFW Lake

Largemouth Bass: 5 per day, no length limit.

Bluegill/Redear: 20 per day in combination, no length limit.

Crappie (all species): 15 per day, 10-inch minimum length limit.

Blue/Channel Catfish: 5 per day in combination, 14-inch minimum length limit.

Whiteville Lake

Black Bass: 5 per day, no length limit.

Bluegill: no creel or length limit.

Redear: 20 per day, no length limit.

Crappie (all species): 30 per day, 8-inch minimum length limit.

Blue/Channel Catfish: 5 per day in combination, no length limit.

Williamsport Lakes (4 lakes)

Whippoorwill Lake is for juvenile fishing, only youths 16 and under and an accompanying adult may fish. Two wetland ponds, Egret and Heron, are closed to fishing.

Largemouth Bass: 1 per day, 20-inch minimum length limit.

Bluegill/Redear: 20 per day in combination, no length limit.

Crappie (all species): 15 per day, 10-inch minimum length limit.

Blue/Channel Catfish: 5 per day in combination, 14-inch minimum length limit.

Protected Length Range (PLR)

PLR is a Protected Length Range. Fish in this length range may not be harvested. To promote growth of bigger bass in these lakes, anglers are encouraged to harvest their daily limit of bass shorter than the listed PLR.

SMALL IMPOUNMENTS

Exceptions To Statewide Fishing Regulations On Small Impoundments

Allen Branch Pond (Cocke County)

- **Catfish:** 5 per day, no length limit.

Beech River Watershed Lakes

- **Catfish:** 5 per day, 15-inch minimum length limit.
- **Crappie:** 30 per day, no length limit.

Pine Lake

- **Largemouth Bass:** 10 per day.

Dogwood Lake

- **Largemouth Bass:** 12- to 16-inch protected length range, 10 per day.

Redbud Lake

- **Largemouth Bass:** 12- to 16-inch protected length range, 10 per day.

Bridgestone/Firestone Centennial Wilderness WMA Ponds

Designated as youth fishing ponds. Fishing is permitted for youths 16 years of age or younger who are accompanied by a non-fishing adult (18 years of age or older). Youths are limited to using one pole or rod while fishing. Fishing is permitted from one-half hour before official sunrise to one-half hour after official sunset.

- **Bluegill:** 10 per day, no length limit.
- **Channel Catfish:** 5 per day.
- **Largemouth Bass:** catch and release only
- **Catfish:** 5 per day, 14-inch minimum length limit.
- **Bluegill/Redear Sunfish:** 20 per day in combination, no length limit.
- **Crappie (all species):** 30 per day in combination, no length limit.

Campbell Lake (Maury County)

- **Largemouth Bass:** 1 per day, 12-inch minimum length limit.
- **Catfish:** 5 per day, 14-inch minimum length limit.
- **Bluegill/Redear Sunfish:** 20 per day in combination, no length limit.
- **Crappie (all species):** 30 per day in combination, no length limit.
- **Grass Carp:** No harvest allowed.

Carroll County Lake

- **Largemouth Bass:** 5 per day, 14- to 18-inch PLR (slot). Only one bass over 18 inches.
- **Bluegill/Redear Sunfish:** no length limit, creel limit of 20 per day in combination.
- **Crappie (all species):** 10-inch minimum length limit, creel limit of 30 per day in combination.
- **Blue/Channel Catfish:** no length limit, creel limit of 5 per day in combination.

Casper Lake (Shelby County)

- **Largemouth Bass:** 2 per day, 16-inch minimum length limit.

Catoosa Wildlife Management Area

All streams and ponds are open from Apr 1 - Dec 31, except on the dates of managed big game and turkey hunts.

Davy Crockett Lake (Greene County)

- **Crappie:** 30 per day, no length limit.
- **Smallmouth/Largemouth Bass:** 5 per day in combination.
- **Smallmouth Bass:** 13- to 17-inch protected length range, only one over 17 inches.
- **Spotted Bass:** 15 per day, no length limit.

Dickson City Lakes (Dickson County)

- **Catfish:** 5 per day, no length limit.

Doakes Pond (on Norris Reservoir)

The portion of Norris Reservoir known as Doakes Pond, located adjacent to Hwy. 63 approximately 9 miles NE of Lafollette, is closed to fishing.

Douglas Reservoir

Henderson Island WMA Rearing Pond is closed to fishing year-round.

Federal Refuges

Some federal wildlife refuges have closed seasons. For details contact the office of the national wildlife refuge where you wish to fish.

Gooch Unit E Lake

- **Largemouth Bass:** 5 per day, 15-inch minimum length limit.

Hiwassee Refuge

Trespassing and fishing are prohibited in embayments and sub-impoundments from Nov 15 - Feb 28. Boats must remain within the river channel defined by navigational buoys.

Indian Boundary Lake (Cherokee NF)

- **Largemouth Bass:** 2 per day, 14-inch minimum length limit.
- **Catfish:** 5 per day, no length limit.
- **Crappie:** 30 per day, no length limit.

Kingston Wildlife Refuge

Trespassing and fishing are prohibited in embayments and sub-impoundments from Nov 15 - Feb 28. Boats must remain within the river channel defined by navigational buoys.

Lake Kefauver (Madisonville, Monroe County)

- **Bass:** 2 per day, 14-inch minimum length limit.
- **Catfish:** 5 per day, no length limit.

Land Between the Lakes

All waters are open year round with the following provisions:

- Farm ponds are open to fishing unless otherwise posted.
- **Bards Lake:** Trotlines and limblines are prohibited. Jugs are permitted from Oct 1 - Mar 21, with a limit of 10 jugs per person.

Liberty Park Lake (Clarksville)

- **Catfish:** 5 per day, no length limit.

New Lake (Lewisburg City Lake)

- **Largemouth Bass:** 5 per day, 15-inch minimum length limit.
- **Catfish:** 5 per day, no length limit.
- **Crappie:** 15 per day, no length limit.

Open one half-hour before official sunrise to one half-hour after official sunset. Only rods and reels and cane poles permitted.

Paint Rock Refuge (on Watts Bar Reservoir)

Trespassing and fishing are prohibited in embayments and sub-impoundments from Nov 15 - Feb 28. Boats must remain within the river channel defined by navigational buoys.

Reelfoot Watershed Lake #18

- **Largemouth Bass:** 5 per day, 15-inch minimum length limit.

State Park Lakes

State Park Lakes are managed by the Department of Environment and Conservation. Unless otherwise posted, statewide fishing regulations apply with the following exceptions:

Crappie (all species combined):

- **All lakes:** 15 per day, no length limit, except:
 - **Pin Oak Lake, Natchez Trace State Park:** 30 per day, no length limit.

Channel or blue catfish or in combination:

- **All lakes:** 5 per day, no length limit.

Black bass from the following lakes must be a minimum of 15 inches:

- Lake Lindsey, David Crockett State Park.
- Byrd Lake, Cumberland Mountain State Park.
- Sullivan's Pond, Ft. Pillow State Historic Area.
- Indian Mt. "B" Lake, Indian Mountain State Park.
- Acorn Lake, Montgomery Bell State Park.
- Creech Hollow Lake, Montgomery Bell S.P.
- Kelly (Standing Stone) Lake, Standing Stone State Park.

Black bass from:

- **Lake Lajoie and Lake Placid, Chickasaw State Park:** 14- to 18-inch protected length range (slot limit). Daily creel limit 10 bass per day, only one bass over 18 inches may be harvested.
- **Big Ridge Lake, Big Ridge State Park:** must be a minimum of 14 inches.
- **Poplar Tree Lake, Meeman-Shelby Forest State Park:** 14- to 18-inch PLR (slot limit).
- **Travis McNatt Lake, Big Hill Pond State Park:** 10 bass per day, no length limit.
- **Pin Oak Lake, Natchez Trace State Park:** 12- to 16-inch protected length range (slot limit), 10 per day.

Bluegill and redear sunfish in combination:

- **Poplar Tree Lake, Meeman-Shelby Forest State Park:** 20 per day, no length limit.
- **Fall Creek Lake, Fall Creek Falls State Park:** 20 per day, no length limit.

STREAMS AND RIVERS

Exceptions To Statewide Fishing Regulations On Streams and Rivers

(also see trout streams pages 30-33)

Buffalo Creek (Grainger County)

Closed to all fishing and minnow seining upstream from the mill dam.

Calfkiller River and tributaries

- **Muskellunge:** 1 per day, 50-inch minimum length limit.

Caney Fork River (headwaters of Center Hill Reservoir)

Walleye run regulation in effect on the upper end of Center Hill Reservoir, including the Caney Fork River beginning at the boat ramp at Rock Island State Park and extending upstream to Great Falls Dam. Anglers restricted to use of one hook having a single barb or lure containing a single hook with one barb from Jan 1 - Apr 30. No more than 3 rods and reels or poles may be used.

Caney Fork River (above Center Hill Dam) and tributaries

- **Muskellunge:** 1 per day, 50-inch minimum length limit.

Clear Creek (tributary to the Clinch River – Anderson County)

Closed to fishing and minnow seining from Hwy. 441 upstream to the second dam (adjacent to the city of Norris water tower), as posted from Nov 1 - Mar 31.

Clinch River

- **Norris Reservoir upstream to Grissom Island:** Sauger and Walleye (in combination) – 5 per day, 15-inch minimum length limit.

• Hwy. 25E upstream to state line:

13- to 17-inch protected length range for smallmouth bass, with a creel limit of 5 black bass, allowing only one smallmouth bass in creel to be greater than 17 inches.

Collins River and tributaries

- **Muskellunge:** 1 per day, 50-inch minimum length limit.

East Fork of the Obey River (headwaters of Dale Hollow Reservoir)

Walleye run regulation in effect on the East Fork of the Obey River from Compton Boat Ramp upstream to the Hwy. 52 bridge. Anglers restricted to use of one hook having a single barb or lure containing a single hook with one barb from Jan 1 - Apr 15. Walleye creel limit 5 per day, 16-inch minimum length. Only one walleye over

20 inches may be harvested. No more than 3 rods and reels or poles may be used.

Forked Deer, Hatchie, Loosahatchie, Obion and Wolf Rivers (includes tributaries)

- **Crappie:** 30 per day, no length limit.

French Broad River

- **Smallmouth bass:**

Hwy. 168 to Douglas Dam: 18-inch minimum length limit.

Hwy. 321 to state line: 13- to 17-inch PLR with a creel limit of 5 black bass allowing one smallmouth bass to be greater than 17 inches.

French Broad River (from confluence with Pigeon River upstream to state line)

- **Walleye/Sauger:** 5 per day in combination.
- **Walleye:** 15-inch minimum length limit.
- **Sauger:** No minimum length limit but only one sauger can be over 16 inches per day.

Holston River (I-40 bridge upstream to Cherokee Dam and John Sevier Dam upstream to North Fork Holston River)

13- to 17-inch protected length range for smallmouth bass, with a creel limit of 5 black bass, allowing only one smallmouth bass in creel to be greater than 17 inches.

We have what you are fishing for.

Bass, crappie, bluegill, catfish, sauger, white bass, striped bass, muskellunge, walleye, hybrid striped bass, redear sunfish, rainbow trout, brown trout and more.

TENNESSEE
State Parks
www.tnstateparks.com

Little River (Rockford Dam upstream to Great Smoky Mountains NP boundary)

13- to 17-inch protected length range for smallmouth bass, with a creel limit of 5 black bass, allowing only one smallmouth bass in creel to be greater than 17 inches.

Little Pigeon River, Sevier County (from mouth upstream to the Great Smoky Mountains National Park boundary, including the West Prong and East Fork of the Little Pigeon River)

- **Smallmouth Bass:** 1 per day, 20-inch minimum length limit.

Mississippi River (includes adjacent sloughs, bayous, and all river runs and chutes, that are accessible by boat from the river proper)

- **Black Bass:** 10 per day, no length limit.
- **Sunfish/Bream:** 50 per day, no length limit.
- **Catfish:** no creel limit, only one per day over 34 inches.
- **Crappie:** 50 per day, no length limit.
- **Striped Bass and Hybrid Striped Bass:** 6 per day, no length limit.
- **Sauger:** 6 per day, no length limit.
- **White Bass:** 30 per day, no length limit.

Nolichucky River (ENKA Dam upstream to state line, includes Davy Crockett Lake)

13- to 17-inch protected length range for smallmouth bass, with a creel limit of 5 black bass, allowing only one smallmouth bass in creel to be greater than 17 inches.

North Fork Holston River (confluence with South Fork Holston River upstream to state line)

13- to 17-inch protected length range for smallmouth bass, with a creel limit of 5 black bass, allowing only one smallmouth bass in creel to be greater than 17 inches.

Pigeon River, Cocke County (from Hwy 321 bridge at Newport upstream to North Carolina state line)

- **Smallmouth Bass:** 1 per day, 20-inch minimum length limit.
- **Walleye/Sauger:** 5 per day in combination. **Walleye:** 15-inch minimum length limit. **Sauger:** No minimum length limit but only one sauger can be over 16 inches per day.

Powell River (Gap Creek confluence upstream to state line)

13- to 17-inch protected length range for smallmouth bass, with a creel limit of 5 black bass, allowing only one smallmouth bass in creel to be greater than 17 inches.

Rocky River and tributaries

- **Muskellunge:** 1 per day, 50-inch minimum length limit.

South Fork Holston River (confluence with North Fork Holston River upstream to Fort Patrick Henry Dam)

13- to 17-inch protected length range for smallmouth bass, with a creel limit of 5 black bass, allowing only one smallmouth bass in creel to be greater than 17 inches.

Stones River (confluence with Cumberland River upstream to J. Percy Priest Dam)

Regulations for Cheatham Reservoir apply (page 16).

Tellico River (Tellico Reservoir Boundary upstream to state line)

13- to 17-inch protected length range for smallmouth bass, with a creel limit of 5 black bass, allowing only one smallmouth bass in creel to be greater than 17 inches.

Wolf River (South Ford Road Bridge downstream into Dale Hollow Reservoir)

- **Smallmouth Bass:** 2 per day, 16 to 21-inch PLR (one under 16 inches and one over 21 inches.)

TROUT REGULATIONS

Statewide Regulations

Any combination of trout species:

Daily Limit: 7

Minimum Length Limit: None

Exceptions:

- Only 2 trout in a creel may be lake trout
- See the following specific regulations

Delayed Harvest Areas

In the areas listed below, the harvest or possession of trout is prohibited during the catch-and-release season. During the catch-and-release season, only artificial lures are permitted and the use or possession of bait is prohibited.

Hiwassee River: Appalachian Powerhouse downstream to L&N Railroad Bridge.

- Catch-and-release season is Oct 1 - last day of Feb.
- From Mar 1 - Sep 30, trout creel limit is 7 trout of all species combined and only 2 may be brown trout.

Paint Creek: Paint Creek Campground downstream to mouth at French Broad River.

- Catch-and-release season is Oct 1 - last day of Feb.

Piney River: Cumberland Trail State Park downstream to Highway 27 Bridge.

- Catch-and-release season is Nov 1 - last day of Feb.

Tellico River: Mouth of North River upstream to the Tennessee/North Carolina state line.

- Catch-and-release season is Oct 1 - Mar 14.

Special Trout Regulations

Caney Fork River: Center Hill Dam to Cumberland River, including tributaries.

- Total daily creel of all trout (rainbow, brown and brook) in combination is 5 fish.
- **Rainbow Trout:** 5 per day, 14- to 20-inch protected length range, only one fish over 20 inches may be harvested.
- **Brook Trout:** 5 per day, 14- to 20-inch protected length range, only one fish over 20 inches may be harvested.

- **Brown Trout:** 1 per day, 24-inch minimum length limit.

Elk River: Tims Ford Dam to I-65 Bridge, including tributaries.

- Brown Trout: 20-inch minimum length limit, 1 per day.
- Total daily creel limit of all trout species in combination is 7 trout.

Clinch River: Norris Dam, downstream to Hwy. 61 bridge, including tributaries.

- 14- to 20-inch protected length range on all trout.
- 7 trout creel limit, only one trout may be greater than 20 inches.

Clear Creek: tributary to Clinch River – Anderson Co.

- Closed to fishing and minnow seining from Hwy. 441 upstream to the second dam (adjacent to the city of Norris water tower), as posted from Nov 1 - Mar 31.

Hiwassee River: Appalachian Powerhouse downstream to L&N Railroad Bridge.

- Mar 1 - Sep 30: 7 trout creel limit, only 2 may be brown trout.
- Oct 1 - last day of Feb: see delayed harvest areas.

South Fork Holston River: South Holston Dam to Hwy. 37 Bridge at Bluff City.

- 16- to 22-inch protected length range on all trout.
- 7 trout creel limit, only one trout may be greater than 22 inches.
- Closed to all fishing Nov 1 - Jan 31 in the following areas:
 1. Hickory Tree Bridge upstream to the confluence with Bottom Creek.
 2. Downstream point of Boy's Island (first island downstream of Weaver Pike Bridge) upstream to the top of the first island above Webb Road Bridge.

Watauga River: Quality Trout Fishing Area Smallings bridge downstream to CSX railroad bridges.

- 14-inch minimum length limit.
- 2 trout creel limit.

- Use or possession of any bait is prohibited.
- Trout less than 14 inches may not be in possession.

Polk County: Big Lost Creek, Goforth Creek, Spring Creek, Greasy Creek, and their tributaries in Polk County.

- Closed to fishing on Fridays from Mar 1 - Jun 1 except for state and federal holidays.
- Only one single hook lure or baited single hook is permitted.
- The use or possession of lures or baits with multiple hooks is prohibited.
- Fishing is permitted from one-half hour before official sunrise to one-half hour after official sunset.
- Fishing equipment or tackle is prohibited on the stream banks except during legal fishing hours.

Horse Creek: Greene County, U.S. Forest Service Boundary Line upstream to the junction of Squibb Creek.

- Daily limit: 7 trout per day, except from May 1 - Sep 30 daily limit is 2 trout.

Slickrock Creek: That portion of Slickrock Creek which constitutes the boundary between the states of Tennessee and North Carolina.

- Appropriate licenses from TN or NC are valid.
- Rainbow, brown and brook trout: Daily limit of 4 in combination with a 7-inch minimum length limit.
- Fishing permitted one half-hour before official sunrise to one half-hour after official sunset.
- Only single-hook artificial lures are permitted. Use or possession of bait or multiple hook lures is prohibited. One single-hook artificial lure separated from a legal lure by a length of line (for example, a dropper fly) is also permitted.
- Each angler permitted only one rod or pole.

Dillard Ponds:

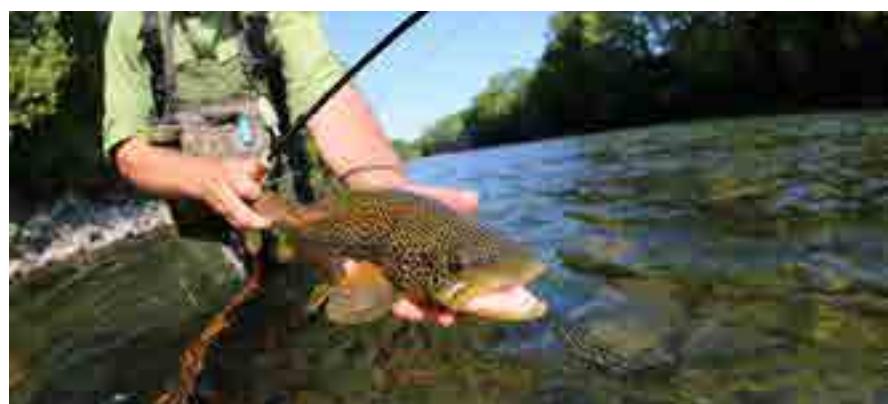

- 4 trout per day.
- Each angler limited to one rod or pole.
- Fishing permitted from one half hour before official sunrise to one half hour after official sunset.

Great Smoky Mountains National Park

Most of the streams in the Great Smoky Mountains National Park provide trout fishing opportunities. For detailed fishing information and regulations, contact: Park Headquarters, Gatlinburg, TN 37738; phone (865) 436-1200.

Fort Campbell Military Reservation

Several streams on Fort Campbell Military Reservation including Dry Creek, Little West Fork and Fletcher's Fork are stocked with rainbow and brown trout. Special fishing regulations apply and a Post Fishing Permit is required in addition to a valid Tennessee fishing license and trout stamp. For details, contact the Community Recreation Division, Hunting and Fishing Unit, Fort Campbell, KY 42223-5000; phone (270) 798-2175.

Gatlinburg Trout Fishing

TWRA and the city of Gatlinburg offer a variety of trout fishing opportunities in four streams. All streams are closed on Thursday each week and a Gatlinburg permit is required (page 7). Some areas are managed especially for children 12 and under. For more information contact the Gatlinburg Convention and Visitors Bureau, (800) 568-4748, or the Gatlinburg trout facility at (865) 436-4558.

The taking of trout using a Gatlinburg Permit is allowed only within the designated streams, designated times, and under the restrictions listed in the following paragraphs.

General Streams

- West Prong Little Pigeon River from Park Boundary to Gnatty Branch except those sections set aside as Children's Streams.
- Dudley Creek from Park Boundary to West Prong Little Pigeon River, except those sections set aside as Children's Streams.
- Roaring Fork from the Park Boundary to West Prong Little Pigeon River.
- Leconte Creek from Painter Branch to West Prong Little Pigeon River.

Children's Streams

(May only be fished by children 12 and under, unless otherwise posted.)

- Leconte Creek from Painters Branch upstream to Park Boundary.
- West Prong Little Pigeon River from 100 yards above entrance of Herbert Holt Park downstream to Gatlinburg By-pass Bridge.
- Dudley Creek from Highway 441 Bridge to West Prong Little Pigeon River.

Season and Creel Limits

Fishing permitted year-round, except on Thursday, from one half-hour before official sunrise to one half-hour after official sunset. Fishing is permitted with one hand-held rod and single hook only.

From December 1 through March 31

(all streams):

- Possession of any trout shall be prohibited.
- All trout caught must be immediately returned to the water.
- Use or possession of bait is prohibited. Use or possession of any artificial lures other than single hook artificial flies, spinners, and spoons is prohibited. The use of one dropper fly having a single hook which is separated from a legal lure by a length of line is permissible.

From April 1 through November 30:

- General Streams: The creel limit is 5 trout per day. Bait and artificial lures permitted.
- Children's Streams: The creel limit is two per day.
- Total possession limit shall not exceed twice the daily creel limit.
- While fishing or when afield, possession of more than the daily creel limit shall be prohibited, regardless of whether the trout are fresh, stored in an ice chest, in a vehicle, or otherwise preserved.

ALL STREAMS IN CHEROKEE WILDLIFE MANAGEMENT AREA	Each angler permitted only one rod or pole.

Tailwater Trout

TWRA stocks fingerling and adult trout into coldwater tailwaters below dams to provide fishing opportunities. In many tailwaters trout fishing can be good year-round. Trout are stocked routinely during the following months. Use caution below dams. Call TVA at 1-800-238-2264 to check dam discharge and generation schedules (www.tva.com/environment/lake-levels).

	River	Below	Trout Species	Stocking Schedule
Region II	Duck River	Normandy Dam	rainbow	November through June*
	Elk River	Tims Ford Dam	rainbow, brown, and brook	March through December
	Stones River	J. Percy Priest Dam	rainbow	December through March*
Region III	Caney Fork River	Center Hill Dam	rainbow, brown, and brook	March through December
	Hiwassee River	Appalachia Dam	rainbow, brown, and brook	January through December
	Obey River	Dale Hollow Dam	rainbow, brown, and brook	January through December
	Ocoee River	Ocoee Dam #1—Parksville	rainbow	March through May*
Region IV	Clinch River	Norris Dam	rainbow, brown, and brook	March through September
	Holston River	Cherokee Dam	rainbow and brown	November through April
	South Fork Holston River	Boone Dam	rainbow, brown, and brook	March, April, and December
	South Fork Holston River	Fort Patrick Henry Dam	rainbow and brown	March and April
	South Fork Holston River	S. Holston Dam	rainbow	March through September
	Watauga River	Wilbur Dam	rainbow	March through September
	Wilbur Reservoir	Watauga Dam	rainbow	February through June

*Seasonal Fishery - only productive during stocked months.

Reservoir Trout Stocking

The following reservoirs are stocked with trout during the winter to provide year-round trout fishing opportunities.

Reservoir	Species Stocked
Calderwood	Rainbow, Brown and Brook Trout
Chilhowee	Rainbow and Lake Trout
Dale Hollow	Rainbow Trout
Fort Patrick Henry	Rainbow and Brown Trout
Parksville	Rainbow Trout
South Holston	Rainbow, Brown, and Lake Trout
Tellico (upper)	Rainbow Trout
Watauga	Rainbow, Brown, and Lake Trout

* Check fishing guide - From March 1 to July 1, stream closed to fishing on Fridays. Only single hook lures or bait are allowed.

** Legal fishing hours are from one-half hour before official sunrise to one-half hour after official sunset.

** From March 15 through September 15, water is closed to fishing on Thursdays and Fridays (except the day of State and Federal holidays) and a daily permit is required.

*** Daily permit is always required. Green Cove Pond will be stocked year-round weather permitting. Closed Thursdays and Fridays year-round (except the day of holidays).

The following locations are tentatively scheduled to be stocked with rainbow trout December through March. The schedule will be posted in November on www.tnwildlife.org.

CONTAMINANTS IN FISH

The Tennessee Department of Environment and Conservation's (TDEC) Division of Water Resources issues advisories for the consumption of fish from certain Tennessee waters. The following information is subject to change and was copied from TDEC's site. Concerned individuals should visit TDEC's site for more information about these advisories, bacteriological advisories, and tips on how to reduce risks from contaminated fish.

For specific information regarding aquatic contaminants or affected waters, contact:

TDEC's Division of Water Resources Office

(615) 532-0699

http://www.tn.gov/assets/entities/environment/attachments/water_fish-advisories.pdf

Fish Tissue Advisories (This list is subject to revision.)

WATERBODY	COUNTY	PORTION	POLLUTANT	COMMENTS
West Tennessee				
Beech Reservoir	Henderson	Entirety (877 acres)	Mercury	Precautionary advisory for largemouth bass.*
Big Sandy River and Embayment	Henry, Benton, Carroll and Henderson	From embayment on mouth on Kentucky Reservoir to headwaters. (Mile 0.0 to 59.0)	Mercury	Precautionary advisory for all bass species.*
Cypress Creek	Shelby	Entirety (7.7 miles)	Chlordane, Other Pesticides, PCBs	Do not eat the fish.
Loosahatchie River	Shelby	Hwy 14, Austin Peay Highway (Mile 0.0 – 17.0)	Chlordane, other Organics, Mercury	Do not eat the fish.
McKellar Lake	Shelby	Entirety (13 miles)	Chlordane, other Organics, Mercury	Do not eat the fish.
Mississippi River	Shelby	MS state line to just downstream of Meeman-Shelby State Park (31 miles)	Chlordane, other Organics, Mercury	Do not eat the fish. Commercial fishing prohibited by TWRA.
Nonconnah Creek	Shelby	From mouth to Kansas Street (Mile 0.0 – 1.8)	Chlordane, other Organics	Do not eat the fish. Advisory ends at Horn Lake Road bridge.
North Fork Forked Deer River	Dyer, Gibson	From mouth of the Middle Fork Forked Deer River (Mile 17.6) upstream to State Highway 188 (Mile 23.6)	Mercury	Precautionary advisory for largemouth bass.*
Wolf River	Shelby	From mouth to Germantown Road (Mile 0.0 – 18.9)	Chlordane, other Organics, Mercury	Do not eat the fish.
Middle Tennessee				
Beech Creek	Wayne	From mouth to origin (Mile 16.7) including Tennessee River Embayment	Mercury	Do not eat the fish. Avoid contact with sediment between Leatherwood Branch and Smith Branch.
Buffalo River	Humphreys, Perry	From mouth upstream to Highway 438 (Mile 31.6)	Mercury	Precautionary advisory for smallmouth bass.*
Duck River	Humphreys, Hickman	From mouth of Buffalo River (Mile 15.8) upstream to Interstate 40 (Mile 31.8)	Mercury	Precautionary advisory for largemouth, smallmouth, and spotted bass.*
Woods Reservoir	Franklin	Entirety (3,908 acres)	PCBs	Catfish should not be eaten.
East Tennessee				
Boone Reservoir	Sullivan, Washington	Entirety (4,400 acres)	PCBs, Chlordane	Precautionary advisory for carp and catfish.*
Chattanooga Creek	Hamilton	From mouth to GA State line (11.9 miles)	PCBs, Chlordane	Fish should not be eaten. Also, avoid contact with water.
East Fork of Poplar Creek and Poplar Creek Embayment	Anderson, Roane	From mouth to New Hope Pond (Mile 0.0 – 15.0)	Mercury, PCBs	Fish should not be eaten. Also, avoid contact with water.
Emory River	Roane, Morgan	From Hwy 27 near Harriman (Mile 12.4) upstream to Camp Austin Road Bridge (Mile 21.8)	Mercury	Precautionary advisory for all fish.*
Fort Loudoun Reservoir	Loudon, Blount	Entirety (14,600 acres)	PCBs Mercury (upper portion only)	Commercial fishing for catfish prohibited by TWRA. No catfish or largemouth bass over two pounds should be eaten. Do not eat largemouth bass from the Little River embayment. Due to mercury, precautionary advisory for any sized largemouth bass from Highway 129 to the confluence of Holston and French Broad rivers (534 acres).*
French Broad River	Cocke	From Rankin Bridge (Mile 71.4) to Hwy 321 near Newport (Mile 77.5)	Mercury	Precautionary advisory for largemouth bass.*
Hiwassee River	Meigs, McMinn, Bradley	From Hwy 58 (Mile 7.4) upstream to the railroad bridge just upstream of U.S. Hwy 11 (Mile 18.9)	Mercury	Precautionary advisory for largemouth bass.*
Holston River	Sullivan, Hawkins	From the mouth of Poor Valley Creek embayment (Mile 89.0) upstream to confluence of the North and South Forks of the Holston near Kingsport (Mile 142.3)	Mercury	Precautionary advisory for all fish.*
Melton Hill Reservoir	Knox, Anderson	Entirety (5,690 acres)	PCBs	Catfish should not be eaten.
Nickjack Reservoir	Hamilton, Marion	Entirety (10,370 acres)	PCBs	Precautionary advisory for catfish.*
Norris Reservoir	Campbell, Anderson, Union, Claiborne, Grainger	Clinch River portion (Powell River embayment not included in advisory) (15,213 acres)	Mercury	Precautionary advisory for largemouth bass, striped bass, smallmouth bass, and sauger.*
North Fork Holston River	Sullivan, Hawkins	VA Stateline (Mile 0.0 – 6.2)	Mercury	Do not eat the fish. Advisory goes to TN/VA line.
Sequatchie River	Marion	From the Tennessee River (Mile 0.0) upstream to State Highway 283 near Whitwell (Mile 22.1)	Mercury	Precautionary advisory for largemouth bass.*
South Holston Reservoir	Sullivan	Portion within Tennessee (7,206 acres)	Mercury	Precautionary advisory for largemouth bass.*
Tellico Reservoir	Loudon, Monroe	Entirety (16,500 acres)	Mercury, PCBs	Catfish should not be eaten.
Watauga Reservoir	Carter, Johnson	Entirety (6,427 acres)	Mercury	Precautionary advisory for largemouth bass and channel catfish.*
Watts Bar Reservoir	Roane, Anderson	Clinch River Arm (1,000 acres)	PCBs	Striped bass should not be eaten. Precautionary advisory for catfish and sauger.*
Watts Bar Reservoir	Roane, Meigs, Rhea, Loudon	Tennessee River portion (38,000 acres)	PCBs	Catfish, striped bass, and hybrid (striped bass-white bass) should not be eaten. Precautionary advisory for white bass, sauger, carp, smallmouth buffalo, and largemouth bass.*

* Precautionary Advisory: Children, women who might become pregnant, pregnant women, and nursing mothers should not consume the fish species named. All other persons should limit consumption of the named species to one meal per month.

METHODS OTHER THAN ROD & REEL

Trotlines, Limblines and Jugs

Trotlines consist of a main line with drop lines to which single hooks are attached. Drop lines must not be closer than 24 inches. Nongame fish, except paddlefish and sturgeon, may be taken without limit. Game fish may be taken according to local limits. There is no limit on catfish, except only one fish may exceed 34 inches. The creel limit for skipjack is 100 fish.

Sportfishing trotlines, limblines and jugs must be tagged and/or marked with the owner's name and address, or TWRA identification number. Trotlines attached to the bank must be tagged on the line within five feet of the bank. Other trotlines must be tagged within five feet of either end, and floating trotlines must be marked on floats. The holder of a sport fishing license may use one or more trotlines not having a combination of more than 100 hooks. Limblines (including yo-yos) must be tagged above water level and are allowed only one hook per line. Sport anglers are limited to 25 limblines. Sport anglers are limited to 50 jugs or blocks and each with only one hook.

Trotlines, limblines and jugs must be run at least once each day and are prohibited within 1,000 yards below any TVA or Corps of Engineers dam. Trotlines may not be set within 100 yards of the mouth of any river, creek or slough.

Exceptions:

- **Allen Branch Pond and Chilhowee (McKamy) Pond in Cherokee WMA:** Closed to jugs and trotlines.
- **Bards Lake on Land Between the Lakes:** Closed to trotlines and limblines. Jugs permitted from Oct 1 - Mar 21.
- **Beech River Watershed Development Authority:** 20 jugs or blocks per boat. Trotlines prohibited.
- **Calderwood:** Trotlines and limblines prohibited.
- **Danville Railroad Bridge Dikes:** Trotlines prohibited within 50 yards of dikes.
- **Indian Boundary Lake:** Closed to trotlines, jugs and limblines.
- **New Johnsonville Steam Plant Harbor:** 10 jugs or blocks per angler. Trotlines prohibited.
- **Norris Reservoir:** From Jan 1 - Apr 30, trotlines, limblines and jugs are prohibited between River Mile 32 (Point 15) and Hwy. 25E Bridge on the Powell River arm and Between River Mile 137 (Point 31) and the Hwy. 25E Bridge on the Clinch River arm.
- **TWRA Lakes:** Trotlines and limblines are prohibited. From Apr 1 through Sept 30 jug fishing is prohibited on Saturdays, Sundays, Memorial Day, Independence Day and Labor Day. On days open to jug fishing, each boat is limited to 10 jugs or blocks per day.

Slat Baskets

Holders of annual sport fishing license, Sportsman License, Lifetime Sportsman License, Jr. Fishing license, Lifetime Senior Citizens license or residents 65 and over (prior to Mar 1,

1991) or under 13 may fish with one slat basket, provided the slat basket is marked with a metal tag, obtainable from the TWRA for an annual fee of \$8.00. Possession or use of more than one slat basket is prohibited. A slat basket is defined as a device used for taking nongame fish and catfish only. Slat baskets may have only one outside funnel opening and must be made of wood, plastic or cane slats which are placed lengthwise and so constructed that there must be a minimum of four openings in the catching area, each being at least 1½ inches wide and 6 inches long. Fish taken may not be sold.

The slat basket may not be set within 100 yards of the mouth of any river, creek or slough. Slat basket must be checked at least every 72 hours.

Applications for metal tags can be obtained by writing to:

Administrative Services, TWRA, P.O Box 40747, Nashville, TN 37204. If you are applying in person and need directions to the TWRA central office, call (615) 781-6585.

Grabbling, Gigging, Grab Hooks, Snagging, Tubbing, Archery, Crossbow, Speargun, Dipping and Cast Netting

Season open year round in all waters except:

- a. where closed to fishing or expressly prohibited.
- b. within 100 yards below dams. At Pickwick Dam the closed area extends downstream to the first moorage cell across from ramp.
- c. at John Sevier Steam Plant the discharge channel is closed.

B and C do not apply to cast netting or dipping.

Nongame fish may be taken without limit. Game fish, sturgeon, and alligator gar may not be taken. Catfish, paddlefish, and skipjack may be harvested according to local limits.

Cast nets must be no more than 10 feet in radius with a mesh size no smaller than one quarter inch, and no larger than one inch on the square.

Gigging is prohibited in Bedford, Giles, Hickman, Lawrence, Lewis, Marshall, Maury, and Wayne counties. Snagging, grabbling, grabhooks, tubing, archery, speargun, dipping, and cast nets are legal methods in these counties.

Gigging is closed on the East Fork of the Obey River and its tributaries from Jan 1 - Apr 30.

Snagging is prohibited year round on the South Holston tailwater (from South Holston Dam to the headwaters of Boone Reservoir), Center Hill Reservoir, and the Cumberland Fossil Plant discharge channel into Barkley Reservoir.

Grabbling, gigging, grab hooks, snagging, tubing, archery, crossbow, speargun and dipping is prohibited on the following waters from Jan 1 - Apr 30:

- **Dale Hollow Reservoir:** East Fork Obey River and its tributaries.
- **Norris Reservoir:** between River Mile 32 (Point 15) and the Hwy. 25E Bridge on the

Powell River arm and between River Mile 137 (Point 31) and the Hwy. 25E Bridge on the Clinch River arm.

- **Elk River in Carter County:** from the Hwy. 321 Bridge downstream to River Mile 3.0 (Point 11) on the Elk River arm of Watauga Reservoir.
- **Doe Creek:** Old Cabin Private Road downstream to Roan Creek.
- **Roan Creek:** Mountain Lakes Estates Bridge downstream to Doe Creek.
- **Watauga River:** NC state line downstream to end of Cownstown Road.

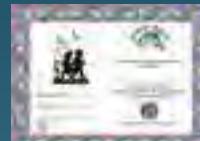

SHOW YOUR SUPPORT With a TWRA License Plate

Money from the sale of specialty plates is available to the TWRA to fund wildlife habitat protection and enhancement programs, provide public hunting and fishing access, support law enforcement efforts and improve youth education projects.

TWRA's smallmouth bass license plate is available at county clerk's offices throughout the state. This plate features a smallmouth bass created by renowned wildlife artist Al Agnew from a print titled "Sunlight on Bronze."

As with other specialty license plates, such as the ones mentioned above, the new smallmouth bass plate will cost \$35.00 above the regular cost of registering a vehicle.

Tennessee First Fish Award

FREE!

The First Fish Award is designed to commemorate that special moment in every boy or girl's life—the landing of their first fish.

The award is an 8.5 x 11 certificate, suitable for framing, identifying the child, the fish caught, and other details of that special moment. Size of the fish and age of the angler have no bearing, only that the fish is their first and that it was caught in Tennessee.

Visit www.tnwildlife.org
or call (615) 781-6575
for further information.

LIVE BAIT

Live Bait Regulations

The following sections explain which species can be used for bait, and how they can be harvested, sold and transported. **Under no circumstance shall live fish or crayfish be intentionally released into Tennessee waters away from the waters from which they were harvested.** These regulations do not apply to bait that is dead. Dead bait can be transported without restrictions.

For the purposes of these rules, a sport angler shall be defined as anyone who attempts to take, kill, injure, capture, or catch any sport fish and every act of assistance thereof. A bait dealer shall be defined as anyone engaged in the business of selling or offering for sale any legal species of live bait fish. All bait dealers must purchase a Type 118 (resident) or Type 116 (nonresident) license annually, and make all necessary reports as required to the Tennessee Wildlife Resources Agency. The harvest and use of bait fish by commercial fishers shall be regulated in the commercial fishing proclamation.

A licensed sport angler (with all required licenses and permits) can harvest game fish (including rainbow trout and sunfish) for use as bait from the wild using legal sport fishing methods. When harvesting game fish, all restrictions in the sport fishing proclamation apply (including creel and length limits, seasons, and license requirements).

SECTION I CLASS A Bait Fish

The following species may be:

1. harvested by licensed sport anglers for use as bait;
2. imported into Tennessee or exported from Tennessee by licensed bait dealers and licensed sport anglers;
3. sold in Tennessee by licensed bait dealers.

There is no possession limit for gizzard shad, threadfin shad, fathead minnow, golden shiner, and goldfish.

Skipjack Herring (creel limit of 100 per day)

Alosa chrysochloris

Gizzard Shad

Dorosoma cepedianum

Threadfin Shad

Dorosoma petenenes

Fathead Minnow

Pimephales promelas

Golden Shiner

Notemigonus crysoleucas

Goldfish

Carassius auratus

Sunfishes*

Lepomis spp.

Rainbow Trout**

Oncorhynchus mykiss

* All species in the genus *Lepomis* may be bought and/or sold subject to the following conditions:

- a. Such fish may be bought and/or sold for bait purposes only.
- b. Such fish bought and/or sold must not be more than four (4) inches in length.
- c. Such fish must have been lawfully taken from privately owned lakes and/or ponds.
- d. Nothing contained herein shall be construed as legalizing the sale of bream taken from any stream or public lake.

** A licensed sport angler may possess rainbow trout 8 inches or less in length without limit for use as bait if purchased from a licensed bait dealer and accompanied by an invoice that was issued by the licensed bait dealer. Such invoices shall be consecutively numbered and must contain the name, license number, and location of the licensed bait dealer; the date of sale or delivery, the number of rainbow trout bought or delivered, and the name and address of the person receiving the rainbow trout. Any person transporting or possessing rainbow trout obtained from a licensed bait dealer for bait must have a copy of this invoice on their person. Rainbow trout larger than 8 inches in length may be purchased by sport anglers and used for bait provided compliance with all sport fishing regulations on the waters being fished (including creel and length limits, seasons, and license requirements).

SECTION II CLASS B Bait Fish

The following species may be:

1. harvested by licensed sport anglers for use as bait;
2. imported into Tennessee or exported from Tennessee by licensed sport anglers for use as bait.

These species shall not be sold. A licensed sport angler shall possess no more than 100 each of the following species: stonerollers (*Campostoma spp.*), creek chub (*Semotilus atromaculatus*), bluntnose minnow (*Pimephales notatus*), bullhead minnow (*Pimephales vigilax*).

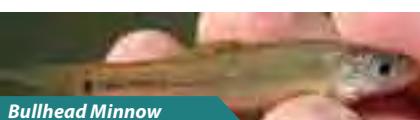

Jim Negus

Jim Negus

Jim Negus

SECTION III CLASS C Bait Fish

Bait fish that are not listed in Section I or II above and are not listed by proclamation as endangered, threatened, or in need of management may be harvested by licensed sport anglers for use as bait with the following restrictions:

1. they shall only be used in the water from which they were harvested;
2. they shall not be possessed away from the waters from which they were harvested;
3. they shall not be imported into Tennessee or exported from Tennessee by anyone;
4. they shall not be sold.

SECTION IV Legal Gear for Harvest of Bait Fish

- **Minnow Seine:** A minnow seine consists of a float and lead line to which netting is attached. A minnow seine shall not be longer than 10 feet and the mesh size shall not exceed $\frac{1}{8}$ inch on the square. Seines must be constantly attended, and may not be fished in a stationary manner.
- **Minnow Traps:** A minnow trap is hereby defined as a device used for the purpose of catching minnows. The mouth opening or

openings shall not exceed 1 $\frac{1}{2}$ inches in diameter. All minnow traps shall be clearly and legibly labeled with owners name and address, or TWRA identification number.

- **Cast Net:** A cast net is defined as a net having a maximum radius of 10 feet and a mesh (square measure) of not less than $\frac{1}{4}$ inch and not greater than 1 inch on the square. Sunfish and trout may not be taken with a cast net.
- **Shad Trawl:** A shad trawl is one having a mesh size no larger than 1 inch, a hoop diameter no larger than 48 inches, and a net length no larger than 72 inches. Only threadfin or gizzard shad shall be taken with a shad trawl and shad trawling is not allowed within 1,000 yards below any dam.
- **Dip Net:** A dip net is a net constructed from natural synthetic fibers, or metal/plastic mesh which is attached to a frame that is attached to a pole.
- **Angling:** Use of line with a hook attached to a bait or lure.
- **Hand Collection:** Use of hands or non-mechanized hand tools.

SECTION V Amphibians and Crayfish

Only Northern Dusky and Spotted Dusky salamanders (*Desmognathus fuscus* and *Desmognathus conanti*) and native crayfish species that are not listed by proclamation as endangered, threatened, or in need of management may be harvested without limit by licensed sport anglers for use as bait. Any method, except use of explosives, chemicals, and electroshocking devices may be used to harvest crayfish and salamanders.

Amphibians and crayfish species shall not be sold or purchased for bait. Amphibians and crayfish shall not be imported into Tennessee or exported from Tennessee by anyone for bait. The harvest, use, and possession of crayfish is prohibited in the following streams, in all of their tributaries, and on all adjacent banks:

- Mill Creek in Davidson and Williamson counties
- East Fork Stones River in Cannon County
- Hurricane Creek in Cumberland, Fentress, Overton, and Putnam counties
- Roaring Paunch Creek in Scott County
- South Chickamauga Creek in Hamilton County
- Caney Fork River in Cumberland County
- Robinson Creek, Beason Creek (upstream of confluence of North Fork and South Fork), and Owl Creek (upstream of Highway 142) in Hardin and McNairy counties
- Flint River in Lincoln County

Crayfish harvested from the following streams and their tributaries shall not be possessed alive away from the waterbody from which they were harvested:

- French Broad River and its tributaries
- Holston River and its tributaries
- Clinch River and its tributaries

Crayfish as Food

Crayfish may be taken from the wild according to rules of live bait Section V for food. Wild caught crayfish may not be sold.

DO NOT USE LIVE CARP FOR BAIT

Bighead and silver carp are illegal to possess alive. Shad are legal bait fish.

The easiest way to tell them apart is to look at the dorsal (top) fin. Both shad have a long, threadlike fin that extends toward the tail. Asian carp will not have this thread-like fin.

GENERAL INFORMATION

NOTICE OF INSPECTION LAW: It is the duty of every person participating in the privileges of taking or possessing wildlife to permit agency officers to ascertain whether the requirements of this title are being faithfully complied with, including the possession of a proper license. It is a violation of law to refuse such inspection or to interfere with an officer attempting such inspection. TCA 70-6-101(b)(1)

Basic Laws and Definitions

- Stocking of any fish or crayfish into public waters is strictly prohibited.
- It is unlawful to possess while afield any fish which has been altered to the extent that its species or total body length cannot be determined.
- Explosives, chemicals and electrical shocking devices are strictly forbidden, and their use carries heavy penalties.
- Shooting with any type of firearm or air gun to injure or take fish or turtles is prohibited.
- All boaters and passengers must wear a Coast Guard approved life jacket within the area designated and appropriately marked as a hazardous area below any dam and/or lock.
- It is illegal to take any fish, crayfish or turtle that is listed as endangered, threatened or in-need-of-management.
- It is illegal to sell or offer to sell fish or turtles without a commercial fishing license.

Bait: Any living or dead organism, or prepared substance designed to attract fish by taste or odor. For the purpose of this proclamation bait includes, but is not limited to, fish, fish eggs, crayfish, worms, grubs, crickets, corn, cheese, bread, pork rinds, putty or paste-type products, and flavors or scents applied to or impregnated into artificial lures.

Culling: The removal of a fish from the creel limit and replacing it with another fish of the same species. The released fish must be a live, healthy specimen which should be expected to survive once it is returned to its natural environment.

Gigging: The taking of fish by means of a handheld pole or spear with a tip consisting of a single, sharpened point or one or more sharpened barbed points. This includes, but is not limited to gear known as the Hawaiian sling.

Single hook: A hook with only one point.

Spear gun: Any device designed to propel a spear through water and is drawn or held by a mechanical device.

Reciprocal Agreements

Tennessee has several reciprocal agreements with adjacent states. These agreements have been arranged so that any fishing license from either Tennessee or the corresponding state is valid in the following waters.

Alabama/Mississippi

Pickwick Lake: Applies to anyone with a valid

Sport Fishing License from Tennessee, Alabama or Mississippi. Resident anglers of the three states may fish without purchasing a nonresident license anywhere within the boundaries covered by the agreement. The reciprocal area includes all impounded water from Pickwick Dam upstream to Tennessee River Mile 224.8 at the mouth of Bear Creek but does not include Bear Creek and does not include that portion of Yellow Creek above the Hwy. 25 Bridge. Sport fishing license holders shall abide by the regulations of the state in whose waters they are fishing.

Arkansas

This state agrees to honor either license on the flowing waters of the Mississippi River, adjacent sloughs, bayous and old river runs, which are accessible by boat from the river proper, and the old river chutes forming a common boundary, excluding all wildlife management areas established by either state and the Wolf, Loosahatchie, Hatchie, Forked Deer and Obion rivers. The following common regulations apply:

- **Black Bass:** creel limit 10, no length limit.
- **Bream:** creel limit 50, no length limit.
- **Crappie:** creel limit 50, no length limit.
- **Striped Bass and Hybrid Striped Bass:** creel limit 6, no length limit.
- **Sauger:** creel limit 6, no length limit.

All anglers must follow Arkansas regulations governing creel and size limits, trotlines, and other equipment requirements on Ikes Chute, Hopefield Chute (Dacus Lake), Mosquito Lake, Mound City Lake, Island 40 Chute and Lake Neark.

Kentucky

Dale Hollow Lake: Sportfishing licenses from either state are recognized in Wolf River including Illwill Creek, beginning at a line crossing the Wolf River at its mouth where it joins the Obey River. Creel limits and other regulations of the state where the license was issued apply.

Big South Fork of the Cumberland River: Sportfishing licenses from either state are recognized from Leatherwood Ford Bridge (Hwy. 279) in Tennessee, downstream to the Hwy. 92 bridge at Yamacraw, Kentucky. Creel limits and other regulations of the state where the license was issued apply.

Kentucky Lake: Each state will recognize the sport fishing licenses for the other state on the portion of Kentucky Lake south of the Eggers Ferry Bridge (US 68 & Hwy. 80) in Kentucky and north of the Governor Ned McWherter Bridge (US 79 & Hwy. 76) in Tennessee. This includes all embayments and tributaries within this portion of Kentucky Lake except the Blood River embayment. Blood River embayment shall be defined as a straight line between opposite points where the embayment connects to the main body of Kentucky Lake. A sport fishing license holder from either state may fish from the bank or attach legal sport fishing trot or limb lines in this described portion of Kentucky Lake.

Sport fishing license holders shall abide by the regulations of the state in whose waters they are fishing. Wildlife enforcement officials in either state shall have the right to inspect the licenses, permits, catches and equipment of any person on this portion of Kentucky Lake subject to the laws of either state.

Missouri

Persons possessing a valid sportfishing license in either state may fish in the Mississippi River and its backwaters within the boundaries of the other state and any oxbow lakes through which the Missouri-Tennessee boundary passes. They may fish from or attach any device or equipment to land under the jurisdiction of the other state. Persons licensed in only one state may not fish in the Mississippi River tributaries of the other state. Anglers must comply with the fishing regulations of the state where they are fishing and when fishing where they are not licensed will comply with the most restrictive state's regulation. Persons legally exempted from license requirements of either state are entitled to these privileges and provisions.

Except where it is shown to be elsewhere, the center of the U.S. Army Corps of Engineers navigation channel will be the boundary between Tennessee and Missouri.

North Carolina

Sportfishing licenses from either state are recognized in all of Calderwood Reservoir while fishing from a boat and in that portion of Slickrock Creek which constitutes the boundary between the two states. See pages 19 and 30 for regulations on Calderwood Reservoir and Slickrock Creek, respectively.

Virginia

South Holston Reservoir: Tennessee residents may purchase an annual South Holston Reservoir License (Type 063) to fish the VA portion of South Holston Reservoir. Virginia residents can purchase a similar license from VDGIF to fish the TN portion of the reservoir. Anglers that are not TN or VA residents must abide by the state boundary line unless they purchase other appropriate fishing licenses from both states.

A South Holston Reservoir License is valid for all impounded portions of the reservoir below full pool elevation of 1,730 feet, including the confluence of the Middle Fork and South Fork Holston Rivers and the South Fork Holston upstream to the Route 710 Bridge at Alvarado, VA.

In addition to the South Holston Reservoir License, an angler must have whatever licenses that are required to fish in their home state. A valid resident TN trout fishing license or a valid resident VA trout fishing license is required to fish for trout. All anglers shall abide by the laws of the state in which they are fishing as to manner and means of taking fish. Length and creel limits are listed on page 21 of this guide.

STATE RECORDS

TENNESSEE ANGLING RECORDS as of January 1, 2016 CLASS A—Sport Fishing Methods

	COMMON NAME	WEIGHT	LOCATION	ANGLER	DATE
BLACK BASS	Coosa (Redeye) Bass	1 lb., 15 oz.	Parksville Reservoir	Harry E. Parker	August 18, 1991
	Smallmouth*	11 lbs., 15 oz.	Dale Hollow Reservoir	D. L. Hayes	July 9, 1955
	Largemouth	15 lbs., 3 oz.	Chickamauga Reservoir	Gabe Keen	February 13, 2015
	Spotted	6 lbs., 1 oz.	Chickamauga Reservoir	Chris Coleman	February 22, 2011
	Alabama	7 lbs., 0 oz.	Parksville Reservoir	Shane McKee	March 10, 2014
TRUE BASS	Striped Bass (rockfish)	65 lbs., 6 oz.	Cordell Hull Reservoir	Ralph H. Dallas	May 1, 2000
	Cherokee (Hybrid)	23 lbs., 3 oz.	Stones River	Ray Pelfrey	April 17, 1998
	White	5 lbs., 10 oz.	Mississippi River	Bill Nelson	September 29, 2003
	Yellow*	2 lbs., 9 oz.	Duck River (near Waverly, TN)	John T. Chappell	February 27, 1998
TROUT	Brook	3 lbs., 14 oz.	Hiwassee River	Jerry Wills	August 15, 1973
	Brown	28 lbs., 12 oz.	Clinch River	Greg Ensor	August 30, 1988
	Cutthroat	6 oz.	Obey River (Dale Hollow tailwater)	Philip Neyman	June 1, 1969
	Rainbow	16 lbs., 15 oz.	Ft. Patrick Henry Reservoir	Ronnie Rowland	September 6, 2002
	Ohrid*	14 lbs., 5 oz.	Watauga Reservoir	Richard Lynn Carter	March 28, 1986
CRAPPIE	Lake	22 lbs., 2 oz.	Watauga Reservoir	Jack Forbes	July 3, 2008
	Black	4 lbs., 4 oz.	Brown's Creek Lake	Clyde Freeman	March 23, 1985
	White	5 lbs., 1 oz.	Garner Brown's Pond	Bill Allen	April 20, 1968
PERCH	Yellow	2 lbs., 2 oz.	Parksville Lake	Jackie V. Kersey	March 10, 2010
	Sauger	7 lbs., 6 oz.	Kentucky Reservoir (Pickwick tailwater)	Rayford D. Voss	February 19, 1973
	Saugeye	10 lbs., 12 oz.	Melton Hill Reservoir	Chris Vittetoe	July 18, 1998
	Walleye*	25 lbs.	Old Hickory Reservoir	Mabry Harper	August 3, 1960
PIKE	Northern	24 lbs., 8 oz.	South Holston Reservoir	Frank Childers	March 28, 1995
	Muskellunge	42 lbs., 8 oz.	Norris Reservoir	Kyle F. Edwards	April 27, 1983
	Chain Pickerel	7 lbs., 7 oz.	Kentucky Reservoir	Burke Williams	February 2, 1991
SUNFISH	Bluegill (Tie)	3 lbs.	Farm Pond, Bledsoe Co.	Brad Pendergrass	December 19, 1987

*Recognized All-Tackle World Record

FREQUENTLY ASKED QUESTIONS

- If I am casting from my own property while I fish, do I need a fishing license to fish in a public lake or reservoir? Yes. You do not qualify for a landowner exemption because you do not own the waterbody that you are fishing.
- Can I stock fish? No! Releasing fish or any other animal into a stream, river or reservoir can irreversibly ruin the fishing in that location. It is easy to imagine how an exotic species released from an aquarium could harm our native fish populations. But even the release of species such as a bass that might already live in that waterbody could introduce harmful viruses or diseases. For this reason only TWRA has the authority to stock public waters which includes all streams and rivers, and all public lakes and reservoirs. It is illegal to stock the waters of Tennessee, and only privately owned ponds may be stocked without TWRA approval.
- Can I clean/dress my fish in any way, while on the water? It is unlawful to possess while afield any fish which has been altered to the extent that its species and/or total body length cannot be determined.
- Do I need a trout license if I do not plan on keeping trout? If you are fishing for trout, you need a trout license whether or not you possess trout.
- Do I need a fishing license to fish a private farm pond? Yes, unless you are not required to have a license under a landowner, age, or military exemption. See "Who Must Have a Tennessee License" section on page 9.
- What licenses are required to fish on Wildlife Management Areas (WMAs)? No license is required if you are under the age of 13, or are military personnel on furlough with papers. Otherwise, you only need the proper fishing license. Generally there are no special WMA licenses required. However, a Tellico-Citico permit is required for all ages on certain waters within the Cherokee National Forest (Cherokee WMA). In addition, certain WMAs are periodically closed.
- As I was cleaning a fish, I noticed a black, white or yellow grub or worm in them. What are these and are the fish safe to eat? These are small parasites that are referred to as Trematodes. Commonly known as black spot, yellow grub and white grub, they are very common in many fish species in Tennessee and worldwide. The parasites have a complex life cycle that involves fish, fish-eating birds and other invertebrates such as snails. While the appearance may be unappetizing, fish that are cleaned and completely cooked cannot transmit any parasite or disease to people who eat the fish. The parasites usually do not affect the health of the fish except under unusual conditions.
- What is a thermocline and what effect does it have on reservoir fish populations? As the surface water warms in the late spring, a distinct temperature gradient is formed between the warm surface water and the cool water below. This thermocline does not allow the cold water to mix with the warm, oxygenated water above. The cold water slowly loses oxygen due to the decay of organisms and lack of photosynthesis. In certain reservoirs, the cold water loses enough oxygen during the summer that it can no longer support certain cool water species like striped bass.
- When do our reservoirs "turn over"? Northern reservoirs experience a spring and fall "turn over," but our lakes stratify only in the fall. It occurs when the surface water cools sufficiently to mix with the cold water below. Prior to the cooling period, the warm surface water cannot mix with the denser water below because of thermal stratification (see the previous question).
- What are those jelly-like masses that are attached to tree limbs, bushes and other objects in the water? They are colonies of harmless microscopic animals called Bryozoans. They have miniature tentacles to capture prey and are permanently attached to the colony mass. Large colonies can exceed two feet in diameter, but most are less than one foot.

How To Be Considered For A State Record Fish

The following criteria must be followed:

- State record fish application is available at tnwildlife.org in the For Anglers section.
- To be considered for a state record certificate, the fish must be weighed on a certified scale. These scales may be found at supermarket meat centers or at TWRA Regional Offices.
- Two witnesses, one of which must be the scale operator/ owner, must sign the application certifying that they have observed the declared weight.
- Only species recognized by the International Game Fish Association (IGFA) will be considered for Tennessee state record certification. These are available at <http://www.igfa.org>.
- Ties are accepted, but a new state record will be recognized only if the weight of the fish is 1 oz. or more than the weight of the previous state record for that species or recognized hybrid.
- It is the responsibility of the fisherman to contact a TWRA fisheries biologist for positive identification of the fish. The fish must be alive, fresh or frozen until positive species identity can be established.
- Only two hybrid classifications, the striped bass/white bass (Cherokee bass) and the walleye/sauger (Saugeye), will be considered for state record classification. Applicants must be willing to submit to the professional judgment of the certifying biologist as to the fish's hybrid status. A photograph is not acceptable for identification.
- TWRA reserves the right to conduct genetic testing on any fish submitted as a state record to verify its species or hybrid status.
- The completed application must be forwarded to the TWRA Fisheries Management Division within 30 days of the catch in order to be considered for a state record certificate.

TENNESSEE ANGLER RECOGNITION PROGRAM

The Tennessee Angler Recognition Program (TARP) gives anglers an opportunity to have their trophy-size fish recognized by the Tennessee Wildlife Resources Agency. Anglers of any age, who catch large fish that meet or exceed qualifying lengths, can apply. The TWRA Fisheries Management Division sends these accomplished anglers TARP certificates featuring color reproductions of fish artwork by renowned wildlife artist Joseph R. Tomelleri.

The program is designed to acknowledge anglers for outstanding sportfishing accomplishments, to encourage catch and release of trophy size fish and to provide the TWRA with information on large fish caught throughout the state. Not to be confused with the State Record Fish program, TARP recognizes anglers who catch trophy fish that are not necessarily state records.

Trophy Fish/Master Angler Certificates

TARP features five levels of angler recognition. Anglers catching a fish that meets or exceeds the minimum "trophy" length requirements will receive a

Trophy Fish certificate. These certificates feature artwork representing the species caught by the applicant. After anglers submit five trophy-size fish, in any combination, a Master Angler Level I certificate and patch will be awarded at no cost to the angler.

Anglers submitting five different trophy-size fish will receive a Master Angler Level II certificate and patch. The Master Angler Level III will be awarded to anglers submitting ten different trophy-size fish.

In addition to a certificate and patch, the angler will receive a "tackle package," courtesy of Bass Pro Shops (Kodak, TN). The newest level, Master Angler IV will be awarded to anglers submitting fifteen different trophy fish. The award will consist of a certificate, patch and an engraved trophy.

How Do You Qualify?

- The fish must meet or exceed the minimum Trophy Fish Length listed on the right of this page.
- Persons 13 years of age and older must be licensed anglers and must provide their license number (TWRA #) on the application.
- The fish must be caught legally (in accordance with Tennessee Sportfishing Regulations) in Tennessee waters, by sportfishing methods only (rod and reel or cane pole).
- The length of the fish must be verified by either a witness or a photograph. The witness must complete the section on the application and/or the photo must be of the fish lying flat on top of or beside a flat measuring rule or tape and included with the application. Be aware that photos may be used on the TWRA web site and in TWRA publications.

If you believe your catch exceeds the current state record for that species, you should immediately contact a TWRA Fisheries Biologist for positive identification of the fish (see page 45).

How Do You Apply?

An application form is located below. Complete one application form for each fish you are registering. You may include more than one application form per envelope. If the fish length is being verified by photo, the picture must be enclosed with the application. For Trophy Fish Certificate only, a \$5.00 processing fee, per application, must also be enclosed and mailed

within 90 days from the date of catch. Make check or money order payable to TWRA and mail, with the application(s), to the address at the right of the application. The processing fee is non-refundable for non-qualifying applications. For further information about TARP or the State Record Fish program, call (615) 781-6575, or visit www.tnwildlife.org.

Measuring Your Fish

Please refer to the instructions on page 10.

Minimum Trophy Fish Lengths	
Species	Length (inches)
Largemouth Bass	22
Spotted Bass	18
Smallmouth Bass	20
Striped Bass	40
Hybrid Striped Bass (Cherokee Bass)	28
White Bass	18
Black Crappie	14
White Crappie	14
Bluegill	10
Redear Sunfish	11
Rock Bass	10
Sauger	20
Walleye	28
Yellow Perch	11
Muskellunge	40
Brook Trout	10
Brown Trout	26
Rainbow Trout	24
Lake Trout	28
Channel Catfish	30
Blue Catfish	34
Flathead Catfish	34
Common Carp	34
Freshwater Drum	28

TROPHY FISH APPLICATION FORM

FORM MUST BE FILLED OUT COMPLETELY. PLEASE PRINT.

Angler's name: _____

Phone number: (_____) - _____

Address: _____

City: _____ State: _____ Zip: _____

Age of applicant: _____

Do you qualify for a Master Angler Award? Yes No

Fishing license number (TWRA #): _____

FISH INFORMATION: KIND OF FISH (SPECIES): _____

Body of water where caught: _____

DATE CAUGHT: _____

Type of Water: Pond Reservoir/Lake River/Stream

County: _____ Length of fish (to nearest 1/4 inch): _____

Was the fish released? Yes No

A. Witness signature: _____

Phone number: (_____) - _____

Address: _____

City: _____ State: _____ Zip: _____

B. Photo: Print your name, birth date, and fish species on back of photo and enclose with application.

Photos become property of TWRA and are not returned. Photos may be used in publications.

(Angler sign here) I, _____ hereby affirm that

the above information is true and in taking this fish I complied with all state fishing regulations and rules of the Tennessee Angler Recognition Program and that the witness actually witnessed the measuring of the fish and/or the photo is accurate and was not altered in any way.

TURTLES

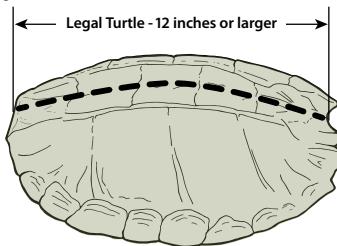

A sport fishing license is required and only the common snapping turtle may be taken. Turtles taken by sport fishing methods may not be sold. Shooting with any type of firearm or air gun is prohibited.

Common snapping turtles may be taken by all legal sport fishing methods except archery, spearguns. Daily limit is 5 with a minimum legal length of 12 inches—length is determined by measuring the upper shell in a straight line from the scute directly behind the turtle's head (nuchal scute) to the base of the notch where the two most posterior scutes meet. Sport fishermen may also take snapping turtles by the use of up to three turtle trap nets, with minimum net size of three inches on the square in Benton, Carroll, Chester, Crockett, Decatur, Dyer, Fayette, Gibson, Hardeman, Hardin, Haywood, Henderson, Henry, Houston, Humphreys, Lake, Lauderdale, McNairy, Madison, Obion, Perry,

Shelby, Stewart, Tipton, and Weakley counties. Each net must be marked with the owner's name and address or TWRA Identification Number. Each net must be set so that a portion of the catch area is above the water. John Tully WMA and Cove Lake State Park are closed to all sport methods for turtle harvest.

No turtle may be possessed while afield which has been altered to the extent that its species or length cannot be determined.

Attention Anglers

The Tennessee Wildlife Resources Agency is conducting an alligator snapping turtle restoration project in West Tennessee which involves the release of live alligator snapping turtles. Both adult and juvenile turtles have been released to restore this rare, native species. Alligator snapping turtles are listed in Tennessee as In Need of Management and are illegal to take.

Alligator Snapping Turtle

- Alligator snapping turtles have three large prominent ridges along the back, a large head, and a prominently hooked beak.
- They often reach weights in excess of 30 pounds.
- Alligator snapping turtles have an extra row of scutes (scales) between the outer scale row and the large center scales.

Common Snapping Turtle

- Common snapping turtles have a smoother, rounded shell (especially as adults) without the three ridges, and a smaller head and weakly hooked beak.
- Rarely exceeds 30 pounds.
- Common snapping turtles do not have the extra row of scutes (scales) between the outer scale row and large central scales.

For more information or to report sightings of alligator snapping turtles, contact TWRA at (731) 423-5725, or write to 200 Lowell Thomas Dr., Jackson, TN 38301

Tennessee's Lake Sturgeon Project

Lake sturgeon are a primitive species that can grow to eight feet in length, weigh up to 300 pounds, and live 150 years. Since 2000, over 181,000 lake sturgeon have been stocked into the French Broad and Holston rivers near Knoxville and the Cumberland River near Nashville. These stocking efforts are part of a long-term program designed to restore reproducing populations of this primitive species to Tennessee waters. This species is known to travel long distances, so it is very likely that anglers could catch lake sturgeon in waters of the state other than where they were stocked. Angler reports are important to TWRA because they provide important movement and growth information needed to monitor the success of Tennessee's lake sturgeon reintroduction program.

Since 2006, over 300 anglers have reported catching a sturgeon.

If you catch a lake sturgeon, please be as careful as possible not to harm the fish—avoid holding lake sturgeon by their tails and remember that fish cannot breathe while they are out of the water. Lake sturgeon are endangered in Tennessee and should be released immediately. If possible, note an approximate length before the fish is released. Additionally, TWRA would appreciate a picture of your lake sturgeon catch if you can take one without harming the fish.

In appreciation of your report, TWRA will issue you a numbered Lake Sturgeon Certificate (above) that features a color reproduction of a lake sturgeon drawn by renowned wildlife artist Joseph R. Tomelleri.

If you catch a lake sturgeon please call the toll free number for your regional office (see page 7 of this fishing guide) or the Fish Management Division at (615) 781-6575.

You will be asked to provide your name, address, and phone number and the following information about your catch: when and where you caught it, an approximate length, and what you were using for bait.
