This Digest is designed and produced by J.F. Griffin Publishing, LLC;  
430 Main St., Suite 5, Williamstown, MA 01267, [www.jfgriffin.com](http://www.jfgriffin.com). For inquiries regarding  
**advertisement** in this publication, call (413) 884-1001.

**Cover image:** Black crappie and rock bass

**Photo courtesy:** Eric Engbretson ([underwaterfishphotos.com](http://underwaterfishphotos.com))

Hunting and fishing license sales and federal excise taxes comprise more than 90 percent of the TWRA's hunting and fishing operating revenues.  
Thank you for buying a hunting and fishing license. Without your support, Tennessee would not have fish and wildlife management programs.

**This publication is not a legal document.** It is a summary of Tennessee's fishing regulations. More detailed information on fishing is  
available from TWRA offices.

Equal opportunity to participate in and benefit from programs of the Tennessee Wildlife Resources Agency is available to all persons without  
regard to their race, color, national origin, sex, age, disability, or military service. TWRA is also an equal opportunity/equal access employer.  
Questions should be directed to TWRA, Human Resources Office, P.O. Box 40747, Nashville, TN 37204, (615) 781-6594 (TDD 781-6691), or to the  
U.S. Fish and Wildlife Service, Office for Human Resources, 4401 N. Fairfax Dr., Arlington, VA 22203.

Tennessee Wildlife Resources Agency, Authorization No. 328668, 450,000 copies, January, 2013. This public document was promulgated at a cost  
of \$.09 per copy.

device to visit our website.

# NEW 2013 REGULATIONS

## » Statewide

- Statewide Hook Restriction:** Unless otherwise restricted in this guide, anglers are restricted to a maximum of 3 hooks per rod, pole, or hand-held line. Single, double, or treble hooks each count as one hook. This restriction does not apply to the Sabiki or pescatore rigs, which are a set of small lures attached along a single line. Also, the Umbrella Rig Restriction which allowed only one hook on arrays with more than 3 lures was removed from the regulations.
- Skipjack Herring:** Creel limit of 100 per day, no length limit.
- Brook Trout:** No length limit, except as noted on page 25 for Caney Fork and Clinch rivers.
- Air guns were added to the list of equipment that may not be used to shoot fish and turtles.

## » Region 1

- Kentucky Lake:** Redear Sunfish – Creel limit of 20 per day.
- Pickwick Lake:** Smallmouth Bass – 15-inch minimum length limit.
- Carroll County Lake:** This is a newly created lake that will be open to fishing on March 20, 2013.
  - Largemouth Bass – 18-inch minimum length limit, creel limit of 2 per day.
  - Bluegill/Redear Sunfish – No length limit, creel limit of 20 per day in combination.
  - Crappie (all species) – 10-inch minimum length limit, creel limit of 30 per day in combination.
  - Blue/Channel Catfish – No length limit, creel limit of 5 per day in combination.
- Herb Parsons Lake and Whiteville Lake:** Crappie (all species) – 8-inch minimum length limit.
- Gibson County Lake:** Jug fishing is allowed.

## » Region 2

- Liberty Park Lake (Clarksville):** Catfish – Creel limit of 5 per day.

## » Region 3

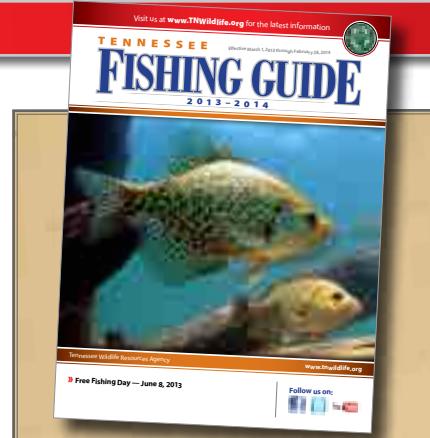

- Cordell Hull Lake:** Largemouth Bass slot limit – 16-21 inch protected length range, allowing harvest of 3 under 16 inches and 2 fish over 21 inches.
- Parksville Lake:** Spotted Bass – No creel limit on spotted bass and they do not count towards the daily creel limit of black bass (5) in combination with smallmouth and largemouth bass.

## » Region 4

- Cherokee Reservoir:** Walleye, Sauger, and Saugeye – 15-inch minimum length limit on all three species with a creel limit of 10 per day in combination.

## » Wild Trout Streams — TWRA Regions 3 and 4

Special regulations on sections of 18 wild trout streams were removed or modified. Ten streams returned to the statewide daily creel limit of 7 fish with no length limit. Eight streams will continue to be restricted to single-hook artificial lures only, and the creel limit will be 5 trout per day with no length limit. See page 26 for details.

## About this Guide

This high-quality regulation guide is offered to you by the Tennessee Wildlife Resources Agency through its unique partnership with J.F. Griffin Publishing, LLC.

J.F. Griffin is an award winning publishing house that specializes in producing state fish & wildlife regulation books. J.F. Griffin supports the TWRA staff in the design, layout and editing of the guides. They also manage the marketing and sales of advertising to appropriate businesses within the book.

The revenue generated through ad sales significantly lowers production costs and generates savings. These savings translate into additional funds for other important fisheries and habitat programs! Promotional advertisement does not constitute endorsement by TWRA. This Guide contains some copyrighted materials which may not be reproduced.

If you have any feedback or are interested in advertising, please contact us at 413.884.1001 or online at [www.JFGriffin.com](http://www.JFGriffin.com)

# LICENSE INFORMATION

**Hunting and fishing license sales and federal excise taxes comprise over 90 percent of the TWRA's operating funds. Thank you for buying a hunting and fishing license. Without you, Tennessee would not have the abundance of fish and wildlife that we all enjoy.**

Fishing licenses go on sale February 18 each year and are valid through the last day of February of the following year. You can purchase most licenses from county clerks, sporting goods stores, hardware stores, boat docks, the TWRA web site ([tnwildlife.org](http://tnwildlife.org)) and all TWRA regional offices.

**Online:** Log on to [www.tnwildlife.org](http://www.tnwildlife.org) and click on the link, "Buy a license online." Regular license fees plus a processing fee will be charged to your credit card. Processing fee is \$3.00 if you print it, or \$4.25 if it is mailed to you.

**By phone:** Call 1-888-814-8972. An authorization number will allow you to begin fishing or hunting the minute you hang up. Regular license fees plus a processing fee will be charged to your credit card. Processing fee is \$6.25, or \$7.50 if license needs to be mailed to you. **Hours:** Mon.–Sat.; Mar.–Nov., 6 a.m.–8 p.m.; Dec.–Feb., 9 a.m.–3 p.m.

**US mail:** Send your name, address (including zip code), social security number, date of birth, physical features (height, weight, eye and hair color), and enclose the correct fee to: TWRA Sales Office, P.O. Box 41729, Nashville, TN 37204-1729.

*All license and permit fees are subject to change.*

*All expire at midnight of last effective date.*

## » Great Smoky Mountains National Park

A valid fishing license obtained from the state of Tennessee or the state of North Carolina is required and honored throughout the park for all persons 13 years of age and older. A Tennessee trout license is not required. The National Park Service sets fishing regulations within the park. For detailed fishing information, contact:

Park Headquarters  
Gatlinburg, TN 37738  
(865) 436-1200

## Resident Licenses

Resident licenses can be purchased by:

- Persons who possess a valid Tennessee driver's license, or Tennessee state ID issued by the Department of Safety. Tennessee state law requires drivers to obtain a Tennessee driver's license within 30 days of residency. Out-of-state driver's license only accepted for military personnel and students meeting the criteria below.
- Persons who have lived in Tennessee for 90 consecutive days with the genuine intent of making Tennessee their permanent home. Proof of residency required.
- Military personnel on active duty in this state and their immediate families, who reside with them, regardless of resident status.
- Students who are enrolled in a Tennessee school, college, or university for at least six months, with student ID.

Ages 12 and under, no license required. Permits may be required.

**NOTE:** A Social Security Number is required to purchase a Tennessee hunting or fishing license.

<b>Annual Hunting and Fishing Combination (Type 001)</b> ages 16–64	<b>\$28</b>
---	-------------

Minimum license required to fish and/or hunt small game.

<b>Junior Hunt/Fish/Trap (Type 002)</b> ages 13–15	<b>\$8</b>
--	------------

Required for hunting all game, fishing, and trapping. Must be purchased prior to 16th birthday.

No supplemental licenses are required, but applicable permits are required.

<b>One-Day Fishing (Type 021) no trout;</b> ages 13–64	<b>\$5.50</b>
--	---------------

<b>One-Day Fishing All Fish (Type 023) includes trout;</b> ages 16–64	<b>\$11</b>
---	-------------

<b>Annual Trout (Type 022)</b> ages 16–64	<b>\$18</b>
---	-------------

Type 022 is a supplemental license required to fish for trout in addition to Type 001, 020, or 021.

<b>Annual Sportsman (Type 004)</b> ages 16–64	<b>\$136</b>
---	--------------

An all-inclusive license valid for hunting, trapping, and sport fishing without any state supplemental licenses or permits. Sportsman licenses can be purchased from all license agents.

<b>Annual Hunt/Fish Disabled Under Age 18 (Type 168)</b>	<b>\$5</b>
--	------------

Available by application only.

<b>County of Residence Fishing (Type 020)</b> ages 13 and over	<b>\$9</b>
--	------------

This license allows an angler to fish in his/her county of residence with natural bait (worms, crickets, corn, etc.), but not minnows. No artificial baits can be used. A supplemental license (Type 022) is required to fish for trout.

<b>South Holston Reservoir (Type 063)</b> ages 13 and over	<b>\$21</b>
--	-------------

This additional license allows licensed TN resident anglers to fish the VA portion of South Holston Reservoir. This is essentially a VA license sold by TWRA, therefore all license holders, including the sportsman's license types, would need to purchase this additional license if fishing in VA.

<b>Permanent Senior Citizen Hunt/Fish/Trap (Type 166)</b> ages 65 and over	<b>\$11</b>
--	-------------

Available from any license agent for a one-time fee, and valid as long as holder remains a resident of Tennessee. This is not a Lifetime Sportsman License. Additional permits may be required. Can only be purchased when 65th birthday is reached. A valid Tennessee driver's license or proof of age and residency is required. A trout license is not required.

<b>Annual Senior Citizen Supplement (Type 167)</b> ages 65 and over	<b>\$41</b>
---	-------------

May be purchased as a supplement to Type 166 to cover all permits needed in the current license year.

## Lifetime Sportsman

age determines the cost

An all-inclusive lifetime license valid for hunting, trapping and sport fishing without any Tennessee supplemental licenses or permits. Allows holders to apply for quota permits at no additional fee. Applications are available at your local TWRA office and [tnwildlife.org](http://tnwildlife.org). Applications may only be submitted by mail, Fax (615-837-4262) or TWRA Offices.

<b>Type 401</b> (Under 3 years)	<b>\$200</b>
---------------------------------	--------------

<b>Type 406</b> (Ages 3–6)	<b>\$540</b>
----------------------------	--------------

<b>Type 402</b> (Ages 7–12)	<b>\$810</b>
-----------------------------	--------------

<b>Type 403</b> (Ages 13–50)	<b>\$1,620</b>
------------------------------	----------------

<b>Type 404</b> (Ages 51–64)	<b>\$945</b>
------------------------------	--------------

<b>Type 405</b> (Ages 65 & over)	<b>\$270</b>
----------------------------------	--------------

## Misplace Your License?

If you misplace your fishing license, go to any license agent and ask for a duplicate license. There is a \$7.00 replacement fee (\$6.00 goes to the TWRA; \$1.00 to the agent).

# LICENSE INFORMATION

## Nonresident Licenses

Ages 12 and under, no license required.

<b>Junior Hunt/Fish (Type 070)</b>	\$9
(Required for nonresidents age 13–15 fishing and small game only.)	
<b>One-Day Fishing (Type 082)—no trout</b>	\$8
<b>Three-Day Fishing (Type 077)—no trout</b>	\$16.50
<b>Ten-Day Fishing (Type 079)—no trout</b>	\$25.50
<b>Annual Fishing (Type 076)—no trout</b>	\$41
<b>One-Day All Fish (Type 083)—includes trout</b>	\$16
<b>Three-Day All Fish (Type 078)—includes trout</b>	\$33.50
<b>Ten-Day All Fish (Type 080)—includes trout</b>	\$50.50
<b>Annual All Fish (Type 081)—includes trout</b>	\$81

## Special Permits (Resident and Nonresident)

If you purchase one of the following special permits, you must also have all applicable licenses.

Holders of Annual Sportsman's License (Type 004), Lifetime Sportsman's License (Types 401–406) or Annual Senior Citizen Permit (Type 167) do not need to purchase permits below.

**Reelfoot Lake Permit** is required for all users except: those under 16 years of age; residents 65 years or older.

<b>Reelfoot Preservation Permit—Annual (Type 089)</b>	\$17
<b>Reelfoot Preservation Permit—Three-Day (Type 088)</b>	\$10.50
<b>Reelfoot Preservation Permit—Daily (Type 090)</b>	\$3.50

**Tellico-Citico Permit** is required seasonally to fish Tellico River, Citico Creek and year-round on Green Cove Pond. See page 26 for details.

<b>Tellico-Citico Trout—Daily (Type 098); Required for all ages. See page 26.</b>	\$5.50
---	--------

**Agency Lake Permits** are required to fish Agency Fishing Lakes, except those under 16 years of age and residents 65 years or older.

<b>Agency Lake—Daily Permit (Type 191)</b> Valid on all Agency lakes, this permit is sold at Agency Lake offices.	\$5
<b>Agency Lake—Annual Permit (Type 193)</b> Valid on all Agency lakes, this permit is sold at Agency Lake offices & TWRA offices.	\$40
<b>Bedford Lake—Daily Permit (Type 65)</b> Available at any TWRA license agent.	\$5.50
<b>Gatlinburg Trout Fishing</b> – For information on fishing in the Gatlinburg area, contact the Gatlinburg Chamber of Commerce, 1-800-568-4748 or the Gatlinburg trout facility at 865-436-4558.	
<b>Gatlinburg Three-Day Trout Permit (Type 096)</b> Required for both residents and nonresident ages 13–64 in addition to the appropriate fishing licenses except for those who purchase the (Type 097) permit.	\$9.50
<b>Gatlinburg One-Day Trout Permit (Type 097)</b> Only requirement for residents and nonresidents ages 13 and up to fish in Gatlinburg for one day.	\$11.50
<b>Gatlinburg Trout—Daily (Type 099)</b> Required for both residents and nonresident ages 13–64 in addition to the appropriate fishing licenses except for those who purchase the (Type 097) permit.	\$3.50

## Resident Permanent Licenses

The following licenses are available only by application from the TWRA Sales Office located in Nashville. Applications are available at regional offices and online. A doctor's statement will be required as defined on the application. Licenses are available for a one-time fee and are valid as long as holder remains a resident of TN. They are not Lifetime Sportsman Licenses. Additional permits may be required. A trout license is not required.

<b>Sport Fishing License for the Blind (Type 197)</b>	\$10
<b>Wheelchair Hunting and Fishing (Type 189)</b>	\$10

Application must be accompanied by a doctor's statement stating that the applicant is permanently confined to a wheelchair.

<b>DAV Hunting and Fishing (Type 198)</b>	\$10
Available to resident veterans certified by the VA as 30 percent disabled by reason of war service or 100% service connected.	

<b>Mentally Challenged (Type 199) sport fish only</b>	\$10
Must be receiving SSI Benefits due to cognitive impairment.	

<b>Intellectual Disability Hunting and Fishing (Type 169)</b>	\$10
---	------

## Who must have a Tennessee license?

If you take, or attempt to take fish (including crayfish) by any method or if you assist someone else to do so, you must have a valid fishing license. There are some exceptions:

- If you are under 13 years of age (resident or nonresident).
- Landowners, their spouses and children, who fish on their farm land which is owned by an individual or a family. Landowners, their spouses and children must be residents of Tennessee but need not reside on the land.
- Tenants, their spouses and dependent children who fish on farm land owned by an individual or a family. Tenants, their spouses and dependent children must be residents of Tennessee and must actually reside on the land and have permission of the landowner to fish. A tenant is a person who, for money, free rent, or other consideration, cares for farmland. The tenancy must be agricultural in nature.
- Resident grandchildren (under 16) and resident great-grandchildren (under 16) who fish on farm land which is owned by their resident grandparents or great-grandparents.
- First cousins who own farmland jointly or in common may fish on the farmland. Their children may fish as well.
- You are on military leave, carrying a copy of your leave orders. A pass does not meet this requirement.
- You are a resident who was born before March 1, 1926. (To qualify for this exemption, you must carry proof of your age and residency to show to a wildlife officer, if requested.)
- **It's Free Fishing Day!** This year it falls on June 8 (see page 33).
- **It's Free Fishing Week!** All children, ages 15 and younger can fish free between June 8–14 inclusive (see page 33).

**NOTE:** Giving false information to obtain a license is a misdemeanor punishable by fine and loss of license. Licenses are not transferable.

# STATEWIDE LIMITS & REGULATIONS

TWRA's goal is to manage each species of fish with statewide creel and length limits where possible. However, many waters, because of their unique characteristics, require individual creel and length limits. These regulations improve fishing for all anglers.

**Minimum Length Limits** restrict the harvest of fish below a specified minimum length. For example, a 15-inch minimum length limit allows the angler to keep fish 15 inches or greater. Fish less than 15 inches cannot be harvested. In waters where length restrictions are in place, anglers may not be able to harvest quite as many fish, but they will enjoy catching more fish—as many as two to three times more.

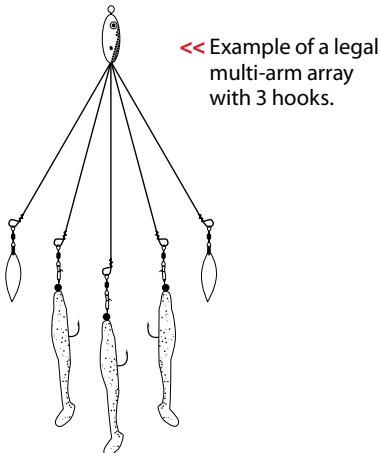

**Slot Limits or Protected Length Ranges (PLRs)** allow anglers to harvest fish above and below a specified length range. For example, a 14–18" PLR protects fish in the 14- to 18-inch length group. Anglers may harvest fish that measure less than 14 inches and they may harvest fish that measure over 18 inches. For a protected length range to be effective, anglers must harvest fish below the protected range.

**Possession Limits:** The total possession limit is twice the daily creel limit. You may not have more than the daily creel limit with you while afield. It is unlawful to have, while afield, any fish which has been altered so that its species and/or total body length cannot be determined.

**Pole or Rod Limit:** There is no limit on the number of poles, except at Center Hill and Dale Hollow Reservoirs (pages 14 and 15).

## » Statewide Hook Restriction

Unless otherwise restricted in this guide, anglers are restricted to a maximum of 3 hooks per rod, pole, or hand-held line. Single, double, or treble hooks each count as one hook. This restriction does not apply to the Sabiki or piscatore rigs, which are a set of small lures attached along a single line.

## » Banned In Tennessee

It is unlawful to possess or transport live specimens of the following animals:

- **Silver carp**  
(*Hypophthalmichthys molitrix*)
- **Bighead carp**  
(*Hypophthalmichthys nobilis*)
- **Black carp**  
(*Hypophthalmichthys piceus*)
- **Blueback herring**  
(*Alosa aestivalis*)
- **New Zealand mud snail**  
(*Potamopyrgus antipodarum*)
- **Round goby**  
(*Neogobius melanostomus*)
- **Rudd**  
(*Scardinius erythrophthalmus*)
- **Ruffe**  
(*Gymnocephalus cernua*)
- **Snakeheads**  
(all members of the Family Channidae)
- **Swamp eels**  
(all members of the Family Synbranchidae)
- **Zebra mussels**  
(*Dreissena polymorpha*)

## Statewide Creel and Length Limits

The following are the creel and size limits that apply statewide. Several waters have exceptions to these limits. Refer to the pages listed in red at the bottom of this page to see exceptions to the statewide regulations. If you are fishing a location that does not have exceptions listed in this guide, then the statewide limits apply.

Species	Creel Limit	Minimum Length Limit
<b>Black Bass</b> (includes Largemouth, Smallmouth, Spotted and Coosa)	5 No more than 5 black bass per day in any combination may be taken.	none
<b>Crappie</b> (all species combined)	15	10 inches
<b>Region 1 Crappie Exception:</b> unless otherwise noted for specific waters.	30	none
<b>Rock Bass or Redeye</b>	20	none
<b>Striped Bass or Hybrid Striped Bass</b> (any combination)	2	15 inches
<b>White Bass</b>	15	none
<b>Muskellunge</b>	1	36 inches
<b>Sauger or Sauger/Walleye hybrids</b>	10	15 inches
<b>Walleye</b>	5	16 inches
<b>Trout</b> (all trout species combined)	7	none
<b>Lake Trout</b>	Only 2 trout may be lake trout.	—
<b>Redear Sunfish or Shellcracker</b>	20	none
<b>Yellow Bass, Bluegill, Bream, Bullheads, Pickerel, Northern Pike, Yellow Perch, and nongame species</b>	no limit	none
<b>Skipjack Herring</b>	100	none
<b>Catfish:</b> Only one catfish over 34 inches may be harvested per day. No harvest limit on catfish less than 34 inches.		
<b>Paddlefish:</b> Paddlefish may be harvested from April 24 through May 31. Daily creel limit is 2 fish per day with no size limit. Culling is prohibited. For exceptions on Center Hill and Cherokee reservoirs, see pages 14 and 17.		
<b>Sturgeon (Shovelnose, Pallid, Lake, and Hybrids):</b> No harvest allowed. Must be returned to water immediately.

- Streams and Rivers ..... pages 23–24
- Trout Fisheries ..... pages 25–27

## Measuring a Fish's Length

Lay the fish on a flat ruler, close the mouth, and squeeze the lobes of the tail fin to produce the maximum length. The mouth of the fish may not be manipulated or extended.

## Attention Anglers: PROTECT HELLBENDERS

Hellbenders are harmless, nonpoisonous aquatic salamanders that live in rivers and streams throughout Tennessee. These large amphibians, 11–20 inches long, live under large flat rocks, venturing out at night to feed. Ninety percent of hellbenders' diet is crayfish, but occasionally they feed on minnows and earthworms. Due to declines in hellbender numbers, they are protected and cannot be taken from the wild or killed. If you catch one on hook and line, release it unharmed by removing the hook or simply cutting the line. Thank you for helping to protect this unique animal, which is part of our natural heritage. Please report sightings (take a photo if possible) by calling Mark Thurman at 1-800-262-6704, ext. 1027.

# Want BETTER FISHING in YOUR STREAM?

By restoring streamside habitat to trees, shrubs and native grasses, you stabilize the streambank, reduce soil erosion and cool the water temperature by shading the stream. The result? An improved stream that better supports fish and other aquatic life.

In many cases the U.S. Department of Agriculture will pay for stream and streamside habitat restoration. Contact a local TWRA Private Lands Biologist:

**West TN:** Al Pollock—731-668-0700, ext. 104

**Middle TN:** Clint Borum—615-893-9295, ext. 111

**Cumberland Plateau:** Michael McCord—931-528-6472, ext. 110

**East TN:** Aubrey Deck—865-671-3830, ext. 110

# RESERVOIR REGULATIONS

**Full pool elevation is the reservoir/stream boundary for harvest restrictions unless otherwise noted.**

Statewide regulations apply for any species not mentioned under each listed reservoir section.

## REGION 1

### » Barkley

Includes the following dewatering areas—Barkley Unit 1 (also known as Dover Bottoms) and Bear Creek WMA. The dewatering areas are closed to fishing 5 days prior to and during the late waterfowl season.

**Largemouth/Smallmouth/Spotted Bass:** 5 per day in combination

**Largemouth Bass:** 15 inch minimum length limit

**Smallmouth Bass:** 18 inch minimum length limit

**Spotted Bass:** no length limit

**Crappie (all species):** 30 per day in combination, 10 inch minimum length limit

**Catfish (all species):** no harvest limit for fish under 34 inches in length; only one fish over 34 inches in length may be harvested per day

**Striped Bass or Hybrid Striped Bass:** 2 per day in combination, 15 inch minimum length limit

**White Bass:** 15 per day, no length limit

**Yellow Bass:** no creel or length limit

**Walleye:** 5 per day, 16 inch minimum length limit

**Sauger:** 10 per day, 15 inch minimum length limit

**Paddlefish:** 2 per day; season is open from April 24 through May 31. *Culling is prohibited.*

**Redear Sunfish:** 20 per day, no length limit

**Bluegill/Warmouth and other sunfishes:** no creel or length limit

### » Kentucky

Includes the following dewatering areas—West Sandy, Big Sandy, Gin Creek, Camden Bottoms, Duck River Bottoms, Busseltown, Perryville, and Gamburg. The dewatering areas are closed to fishing 5 days prior to and during the late waterfowl season.

**Largemouth/Smallmouth/Spotted Bass:** 5 per day in combination

**Largemouth/Smallmouth Bass:** 15 inch minimum length limit

**Spotted Bass:** no length limit

**Crappie (all species):** 30 per day in combination, 10 inch minimum length limit—this includes all dewatering areas.

**Catfish (all species):** no harvest limit for fish under 34 inches in length; only one fish over 34 inches in length may be harvested per day

**Striped Bass or Hybrid Striped Bass:** 2 per day in combination, 15 inch minimum length limit

**White Bass:** 15 per day, no length limit

**Yellow Bass:** no creel or length limit

**Walleye:** 5 per day, 16 inch minimum length limit

**Sauger:** 10 per day, 14 inch minimum length limit

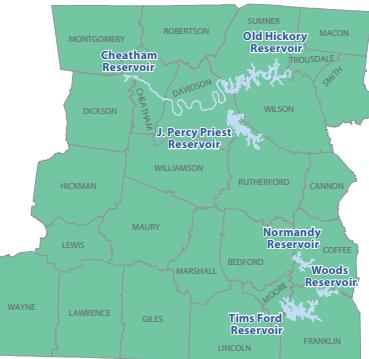

**Paddlefish:** 2 per day; season is open from April 24 through May 31. *Culling is prohibited.*

**Redear Sunfish:** 20 per day, no length limit

**Bluegill/Warmouth and other sunfishes:** no creel or length limit

**Redear Sunfish:** 20 per day, no length limit

**Bluegill/Warmouth and other sunfishes:** no creel or length limit

## REGION 2

### » Barkley Lake

See Region 1, this page.

### » Cheatham

Includes Stones River up to J. Percy Priest Dam.

**Largemouth/Smallmouth/Spotted Bass:** 5 per day in combination

**Largemouth Bass:** 14 inch minimum length limit

**Smallmouth Bass:** 18 inch minimum length limit

**Spotted Bass:** no length limit

**Crappie (all species):** 30 per day in combination, 9 inch minimum length limit

**Catfish (all species):**

no harvest limit for fish under 34 inches in length; only one fish over 34 inches in length may be harvested per day

**Striped Bass or Hybrid Striped Bass:** 2 per day in combination, 15 inch minimum length limit

**White Bass:** 15 per day, no length limit

**Yellow Bass:** no creel or length limit

**Walleye:** 5 per day, 16 inch minimum length limit

**Sauger:** 10 per day, 15 inch minimum length limit

**Paddlefish:** 2 per day; season is open from April 24 through May 31. *Culling is prohibited.*

**Redear Sunfish:** 20 per day, no length limit

**Bluegill/Warmouth and other sunfishes:** no creel or length limit

# TEST

It's time to take the test.

## Do you need a fishing license and boat registration?

Minnesota requires a boat registration and fishing license for certain boats and activities.

Minnesota

Lake / River / Stream

Boat Registration

Fishing License

1

Is this your idea of fishing with friends?

- ⚡ No, I'm a responsible angler who follows the rules.
- ⚡ Yes, I sometimes fish without a license or permit.
- ⚡ I'm not sure if I need one.

2

Are you your own boat?

- ⚡ No, I always use a boat rental or public boat launch.
- ⚡ Yes, I keep my boat at home.
- ⚡ I'm not sure if I need one.

3

Do you want this in your favorite lake?

- ⚡ No, I don't fish in lakes.
- ⚡ Yes, I want to make sure that my boat has a valid boat registration.
- ⚡ I'm not sure if I need one.

Answers:

1. No, I'm a responsible angler who follows the rules.  
2. Yes, I keep my boat at home.  
3. Yes, I want to make sure that my boat has a valid boat registration.

# T W R A F I S H I N G L A K E S

**E**ighteen TWRA managed lakes, located in Middle and West Tennessee, are open year-round. Some of these lakes are operated by private concessionaires under contract and offer complete services for the fishing public.

## » Hours

The lakes are open to fishing all week. Lakes will open one-half hour before sunrise and close one-half hour after sunset, except Garrett Lake which is open 24 hours a day. Thanksgiving Day and Christmas Day the following lakes are closed: Carroll, Gibson Co., Glenn Springs, Herb Parsons, and Lake Graham.

## » Permits

A daily lake permit of \$5.00 (available at most lakes), in addition to the regular fishing license, is required to use these lakes, with the exception of Garrett and Whiteville lakes. All residents 16 through 64 years of age, except holders of a Sportsman License and Lifetime Sportsman license, and nonresidents 16 years of age or older must have this permit. Resident anglers 65 years of age and older do not need a lake permit, but do need a fishing license. A \$40.00 Annual Lake Permit may also be purchased at the individual lakes, and is good at all TWRA fishing lakes. **Coy Gaither-Bedford Lake** daily lake permit should be purchased from a license agent in the surrounding area before going to the lake.

**Alcoholic beverages are prohibited** at all Agency lakes.

**Speed boating, personal water craft, water skiing and swimming are prohibited.** Houseboats, sailboats and inboard cruisers are prohibited. On Coy Gaither-Bedford, Marrowbone, VFW, and Williamsport lakes, only trolling motors can be used.

**Boats may be rented** for \$8.00 per day at some lakes. There is no charge for boat cushions or paddles.

## » Tackle

Only rods and reels, poles, hand-held lines, and jugs may be used (see page 31 for jug fishing rules at TWRA lakes). Cast nets, trotlines and limblines are illegal on Agency lakes.

## » Gibson County Lake

**Largemouth Bass:** 10 per day, 18–24 inch PLR. Only one (1) fish longer than 24 inches may be harvested.  
**Bluegill/Redear:** 20 per day in combination, no length limit  
**Crappie (all species):** 30 per day, 10 inch minimum length limit  
**Blue/Channel Catfish:** 5 per day in combination, no length limit

## » Glenn Springs Lake

**Black Bass:** 10 per day, 14–18 inch PLR. Only one (1) fish longer than the listed range may be harvested.  
**Bluegill/Redear:** 20 per day in combination, no length limit  
**Crappie (all species):** 30 per day, 8 inch minimum length limit  
**Blue/Channel Catfish:** 5 per day in combination, no length limit

## » Herb Parsons Lake

**Black Bass:** 10 per day, 14–18 inch PLR. Only one (1) fish longer than 18 inches may be harvested.  
**Bluegill:** no creel or length limit  
**Redear:** 20 per day, no length limit  
**Crappie (all species):** 30 per day, 8 inch minimum length limit  
**Blue/Channel Catfish:** 5 per day in combination, no length limit

## » Lake Graham

**Black Bass:** 10 per day, 14–18 inch PLR. Only one (1) fish longer than 18 inches may be harvested.  
**Bluegill:** no creel or length limit  
**Redear:** 20 per day, no length limit  
**Crappie (all species):** 30 per day, 10 inch minimum length limit  
**Blue/Channel Catfish:** 5 per day in combination, no length limit  
**Trout:** 7 per day, no length limit

## » Laurel Hill Lake

One embayment is for juvenile fishing, only youths 16 and under may fish. Nursery ponds may be closed as posted.  
**Largemouth Bass:** 10 per day, 13–18 inch PLR. Only one (1) fish longer than 18 inches may be harvested.  
**Bluegill/Redear:** 20 per day in combination, no length limit  
**Crappie (all species):** 15 per day, 10 inch minimum length limit  
**Blue/Channel Catfish:** 5 per day in combination, 14 inch minimum length limit

## » Maples Creek Lake

**Black Bass:** 5 per day, no length limit  
**Bluegill:** no creel or length limit  
**Redear:** 20 per day, no length limit  
**Crappie (all species):** 30 per day, 10 inch minimum length limit  
**Blue/Channel Catfish:** 5 per day in combination, no length limit

## » Marrowbone Lake

**Black Bass:** 5 per day, 14–18 inch PLR. Only one (1) fish longer than 18 inches may be harvested.  
**Bluegill:** no creel or length limit  
**Redear:** 20 per day, no length limit  
**Crappie (all species):** 15 per day, 10 inch minimum length limit  
**Blue/Channel Catfish:** 5 per day in combination, no length limit  
**Trout:** 7 per day, no length limit

## » VFW Lake

**Largemouth Bass:** 5 per day, no length limit  
**Bluegill/Redear:** 20 per day in combination, no length limit  
**Crappie (all species):** 15 per day, 10 inch minimum length limit  
**Blue/Channel Catfish:** 5 per day in combination, 14 inch minimum length limit

## » Whiteville Lake

**Black Bass:** 5 per day, no length limit  
**Bluegill:** no creel or length limit  
**Redear:** 20 per day, no length limit  
**Crappie (all species):** 30 per day, 8 inch minimum length limit  
**Blue/Channel Catfish:** 5 per day in combination, no length limit

## » Williamsport Lakes (4 lakes)

Whippoorwill Lake is for juvenile fishing, only youths 16 and under and an accompanying adult may fish. Two wetland ponds, Egret and Heron, are closed to fishing.  
**Largemouth Bass:** 1 per day, 20 inch minimum length limit  
**Bluegill/Redear:** 20 per day in combination, no length limit  
**Crappie (all species):** 15 per day, 10 inch minimum length limit  
**Blue/Channel Catfish:** 5 per day in combination, 14 inch minimum length limit

# SMALL IMPOUNDMENTS

## » Exceptions To Statewide Fishing Regulations On Small Impoundments

### Allen Branch Pond (Cocke County)

- Catfish: 5 per day

### Beech River Watershed Lakes

- Catfish: 5 per day, 15 inch minimum length limit
- Crappie: 30 per day, no length limit.

### Bridgestone/Firestone Centennial Wilderness WMA Ponds

Designated as youth fishing ponds. Fishing is permitted for youths 16 years of age or younger who are accompanied by a non-fishing adult (18 years of age or older). Youths are limited to using one (1) pole or rod while fishing. Fishing is permitted from one-half hour before sunrise to one-half hour after sunset.

- Bluegill: 10 per day, no length limit
- Channel Catfish: 5 per day
- Largemouth Bass: catch and release only

### Campbell Lake (Maury County)

Special regulations apply. See regulations posted at the lake.

### Carroll County Lake

This is a newly created lake that will be open to fishing on March 20, 2013.

- Largemouth Bass: 18-inch minimum length limit, creel limit of 2 per day
- Bluegill/Redear Sunfish: no length limit, creel limit of 20 per day in combination
- Crappie (all species): 10 inch minimum length limit, creel limit of 30 per day in combination
- Blue/Channel Catfish: no length limit, creel limit of 5 per day in combination

### Casper Lake (Shelby County)

- Largemouth Bass: 2 per day, 16 inch minimum length limit

### Catoosa Wildlife Management Area

All streams and ponds are open from Apr. 1–Dec. 31, except on the dates of managed big game and turkey hunts.

### Davy Crockett Lake (Greene County)

- Crappie: 30 per day, no length limit
- Smallmouth/Largemouth Bass: 5 per day in combination
- Smallmouth Bass: 13–17 inch protected length range, only one over 17 inches
- Spotted Bass: 15 per day, no length limit

### Dickson City Lakes (Dickson County)

- Catfish: 5 per day

### Doakes Pond (on Norris Reservoir)

The portion of Norris Reservoir known as Doakes Pond, located adjacent to Hwy. 63 approximately 9 miles NE of Lafollette, is closed to fishing.

### Douglas Reservoir

Henderson Island WMA Rearing Pond is closed to fishing year-round.

### Federal Refuges

Some federal wildlife refuges have closed seasons. For details contact the office of the national wildlife refuge where you wish to fish.

### Gooch Unit E Lake

- Largemouth Bass: 5 per day, 15 inch minimum length limit

### Hiwassee Refuge

Trespassing and fishing are prohibited in embayments and sub-impoundments from Nov. 15–Feb. 28. Boats must remain within the river channel defined by navigational buoys.

### Indian Boundary Lake (Cherokee NF)

- Largemouth Bass: 2 per day, 14 inch minimum length limit
- Catfish: 5 per day
- Crappie: 30 per day, no length limit

### Kingston Wildlife Refuge

Trespassing and fishing are prohibited in embayments and sub-impoundments from Nov. 15–Feb. 28. Boats must remain within the river channel defined by navigational buoys.

### Lake Kefauver (Madisonville, Monroe County)

- Bass: 2 per day, 14 inch minimum length limit
- Catfish: 5 per day

### Land Between the Lakes

All waters are open year round with the following provisions:

- Farm ponds are open to fishing unless otherwise posted.
- Bards Lake: Trotlines and limblines are prohibited. Jugs are permitted from Oct. 1–Mar. 21, with a limit of 10 jugs per person.

### Liberty Park Lake (Clarksville)

- Catfish: creel limit 5 per day

### New Lake (Lewisburg City Lake)

- Largemouth Bass: 5 per day, 15 inch minimum length limit
- Catfish: 5 per day
- Crappie: 15 per day, no length limit

Open one-half hour before sunrise to one-half hour after sunset. Only rods and reels and cane poles permitted.

### Paint Rock Refuge (on Watts Bar Reservoir)

Trespassing and fishing are prohibited in embayments and sub-impoundments from Nov. 15–Feb. 28. Boats must remain within the river channel defined by navigational buoys.

### Reelfoot Watershed Lake #18

- Largemouth Bass: 5 per day, 15 inch minimum length limit

### » State Park Lakes

State Park Lakes are managed by the Department of Environment and Conservation (888-867-2757). Unless otherwise posted, statewide fishing regulations apply with the following exceptions:

#### Crappie (all species combined):

- All lakes: 15 per day, no length limit, except:
- Pin Oak Lake: 30 per day, no length limit

#### Channel or blue catfish or in combination:

- All lakes: 5 per day

#### Black bass from the following lakes must be a minimum of 15 inches:

- Lake Lindsey, David Crockett State Park
- Byrd Lake, Cumberland Mountain State Park
- Sullivan's Pond, Ft. Pillow State Historic Area
- Indian Mt. "B" Lake, Indian Mountain State Park
- Acorn Lake, Montgomery Bell State Park
- Creech Hollow Lake, Montgomery Bell SP
- Kelly (Standing Stone) Lake, Standing Stone State Park

#### Black bass from:

- Lake Lajoe and Lake Placid, Chickasaw State Park: 14–18 inch protected length range (slot limit). Daily creel limit 10 bass per day, only one bass over 18 inches may be harvested.
- Big Ridge Lake, Big Ridge State Park: must be a minimum of 14 inches
- Poplar Tree Lake, Meeman-Shelby Forest State Park: 14–18 inch PLR (slot limit)
- Travis McNatt Lake, Big Hill Pond State Park: 10 bass per day, no length limit
- Lake Woodhaven (Montgomery Bell State Park): catch and release only. All black bass caught must be immediately released, unharmed.

#### Bluegill and redear sunfish in combination:

- Poplar Tree Lake, Meeman-Shelby Forest State Park: 20 per day, no length limit
- Fall Creek Lake, Fall Creek Falls State Park: 20 per day, no length limit

# STREAMS AND RIVERS

## » Exceptions To Statewide Fishing Regulations On Streams and Rivers (also see trout streams pages 25–31)

### Buffalo Creek (Grainger County)

Closed to all fishing and minnow seining upstream from the mill dam.

### Caney Fork River (headwaters of Center Hill Reservoir)

Walleye run regulation in effect on the upper end of Center Hill Reservoir, including the Caney Fork River beginning at the boat ramp at Rock Island State Park and extending upstream to Great Falls Dam. Anglers restricted to use of one hook having a single barb or lure containing a single hook with one barb from Jan. 1–Apr. 30. No more than 3 rods and reels or poles may be used.

### Clear Creek (tributary to the Clinch River – Anderson County)

Closed to fishing and minnow seining from Hwy. 441 upstream to the second dam (adjacent to the city of Norris water tower), as posted from Nov. 1–Mar. 31.

### Clinch River

- Norris Reservoir upstream to Grissom Island: Sauger and Walleye (in combination) — 5 per day, 15 inch minimum length limit

- Hwy. 25E upstream to state line: 13–17 inch protected length range for smallmouth bass, with a creel limit of 5 black bass, allowing only one smallmouth bass in creel to be greater than 17 inches.

### East Fork of the Obey River (headwaters of Dale Hollow Reservoir)

Walleye run regulation in effect on the East Fork of the Obey River from Compton Boat Ramp upstream to the Hwy. 52 bridge. Anglers restricted to use of one hook having a single barb or lure containing a single hook with one barb from Jan. 1–Apr. 30. No more than 3 rods and reels or poles may be used.

### Forked Deer, Hatchie, Loosahatchie, Obion and Wolf Rivers (includes tributaries)

- Crappie: 30 per day, no length limit

### French Broad River

- Smallmouth Bass: 13–17 inch protected length range with a creel limit of 5 black bass, allowing only one smallmouth bass in creel to be greater than 17 inches (Hwy. 168 to state line, excluding Douglas Reservoir).
- Walleye/Sauger: 5 per day in combination (Douglas Dam to state line).  
Walleye: 15 inch minimum length limit.  
Sauger: No minimum length limit but only one sauger can be over 16 inches per day.

### Holston River (I-40 bridge upstream to Cherokee Dam and John Sevier Dam upstream to North Fork Holston River)

13–17 inch protected length range for smallmouth bass, with a creel limit of 5 black bass, allowing only one smallmouth bass in creel to be greater than 17 inches.

### Little River (Rockford Dam upstream to Great Smoky Mountains NP boundary)

13–17 inch protected length range for smallmouth bass, with a creel limit of 5 black bass, allowing only one smallmouth bass in creel to be greater than 17 inches.

### Little Buffalo River (Laurel Hill WMA)

Closed to fishing during big game hunts.

### Little Pigeon River (from mouth upstream to the Great Smoky Mountains National Park boundary, including the West Prong and East Fork of the Little Pigeon River)

- Smallmouth Bass: 1 per day, 20 inch minimum length limit

### Mississippi River (includes adjacent sloughs, bayous, and all river runs and chutes, that are accessible by boat from the river proper)

- Black Bass: 10 per day, no length limit
- Sunfish/Bream: 50 per day, no length limit
- Catfish: no creel limit, only one per day over 34 inches

# TROUT REGULATIONS

## Statewide Regulations

Any combination of trout species:

**Daily Limit** ..... 7

**Minimum Length Limit** ..... **None**

### Exceptions:

- Only 2 trout in a creel may be lake trout
- See the following specific regulations

### » Delayed Harvest Areas

In the areas listed below, the harvest or possession of trout is prohibited during the catch-and-release season. During the catch-and-release season, only artificial lures are permitted and the use or possession of bait is prohibited.

**Hiwassee River:** Appalachian Powerhouse downstream to L&N Railroad Bridge

- Catch-and-release season is October 1 through last day of February.
- From March 1 through September 30, trout creel limit is 7 trout of all species combined and only 2 may be brown trout.

**Paint Creek:** Paint Creek Campground downstream to mouth at French Broad River

- Catch-and-release season is October 1 through last day of February.

**Piney River:** Cumberland Trail State Park downstream to Highway 27 Bridge

- Catch-and-release season is November 1 through last day of February.

**Tellico River:** Mouth of Turkey Creek upstream to the mouth of North River

- Catch-and-release season is October 1 through March 14.

### » Special Trout Regulations

**Caney Fork River:** Center Hill Dam to Cumberland River, including tributaries

- Total daily creel of all trout (rainbow, brown and brook) in combination is 5 fish
- **Rainbow Trout:** 5 per day, 14–20 inch protected length range, only one fish over 20 inches may be harvested
- **Brook Trout:** 5 per day, 14–20 inch protected length range, only one fish over 20 inches may be harvested
- **Brown Trout:** 1 per day, 24 inch minimum length limit

**Clinch River:** Norris Dam, downstream to Hwy. 61 bridge, including tributaries

- 14–20 inch protected length range on all trout
- 7 trout creel limit, only one trout may be greater than 20 inches

**Clear Creek:** tributary to Clinch River—Anderson Co.

- Closed to fishing and minnow seining from Hwy. 441 upstream to the second dam (adjacent to the city of Norris water tower), as posted from Nov. 1–Mar. 31.

**Hiwassee River:** Appalachian Powerhouse downstream to L&N Railroad Bridge

- March 1 through September 30: 7 trout creel limit, only 2 may be brown trout.
- October 1 through last day of February: see delayed harvest areas.

**South Holston River:** South Holston Dam to Hwy. 37 Bridge at Bluff City

- 16–22 inch protected length range on all trout
- 7 trout creel limit, only one trout may be greater than 22 inches
- Closed to all fishing Nov. 1–Jan. 31 in the following areas:
  1. Hickory Tree Bridge upstream to the confluence with Bottom Creek
  2. downstream point of Boy's Island (first island downstream of Weaver Pike Bridge) upstream to the top of the first island above Webb Road Bridge

**Watauga River:** Quality Trout Fishing Area Smallings bridge downstream to CSX railroad bridges

- 14 inch minimum length limit
- 2 trout creel limit
- Use or possession of any bait is prohibited.
- Trout less than 14 inches may not be in possession

**Polk County:** Big Lost Creek, Goforth Creek, Spring Creek, and their tributaries in Polk County

- Closed to fishing on Fridays from Mar. 1–Jul. 1 except for state and federal holidays
- Only one single hook lure or baited single hook is permitted
- The use or possession of lures or baits with multiple hooks is prohibited
- Fishing is permitted from one-half hour before sunrise to one-half hour after sunset
- Fishing equipment or tackle is prohibited on the stream banks except during legal fishing hours

**Horse Creek:** Greene County, US Forest Service Boundary Line upstream to the junction of Squibb Creek

- Daily limit: 7 trout per day, except from May 1–Sep. 30 daily limit is 2 trout

**Slickrock Creek:** That portion of Slickrock Creek which constitutes the boundary between the states of Tennessee and North Carolina.

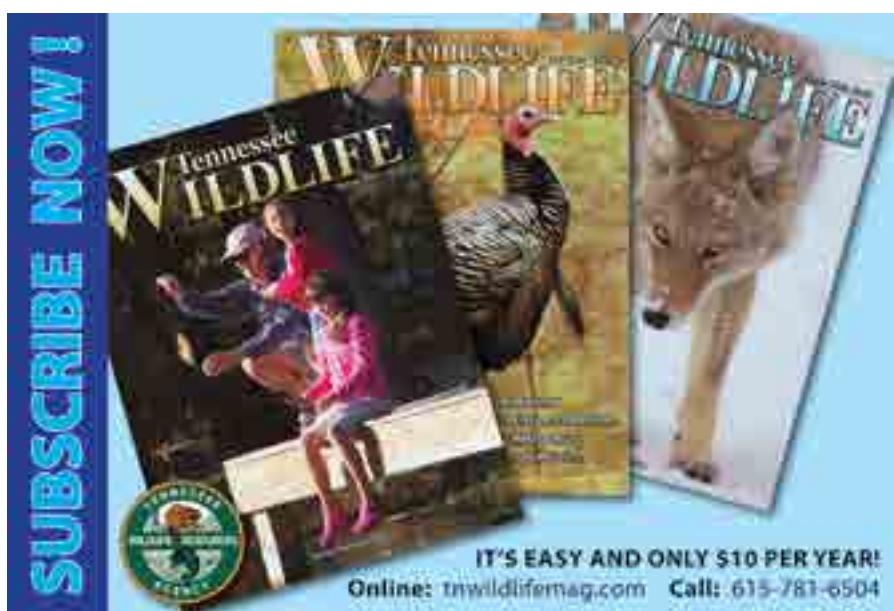

- Appropriate licenses from TN or NC are valid
- **Rainbow, Brown and Brook Trout:** Daily limit of 4 in combination with a 7 inch minimum length limit
- Fishing permitted  $\frac{1}{2}$  hour before sunrise to  $\frac{1}{2}$  hour after sunset
- Only single-hook artificial lures are permitted. Use or possession of bait or multiple hook lures is prohibited. One single-hook artificial lure separated from a legal lure by a length of line (for example, a dropper fly) is also permitted.
- Each angler permitted only one rod or pole

### » Great Smoky Mountains National Park

Most of the streams in the Great Smoky Mountains National Park provide trout fishing opportunities. For detailed fishing information and regulations, contact: Park Headquarters, Gatlinburg, TN 37738; phone (865) 436-1200.

### » Fort Campbell Military Reservation

Several streams on Fort Campbell Military Reservation including Noah's Spring Branch, Little West Fork and Fletcher's Fork are stocked with rainbow and brown trout. Special fishing regulations apply and a Post Fishing Permit is required in addition to a valid Tennessee fishing license and trout stamp. For details, contact the Community Recreation Division, Hunting and Fishing Unit, Fort Campbell, KY 42223-5000; phone (270) 798-2175.

# T R O U T   R E G U L A T I O N S

<b>Tellico-Citico Permit Areas</b>	<b>Regulations</b>
<b>TELICO RIVER</b> from its confluence with Turkey Creek upstream to the Tennessee-North Carolina state line.	Tellico-Citico Permit required March 15 through September 15. Closed on Thursday and Friday during the period March 15 through September 15 (except when national or state holidays fall on Thursday and Friday). From September 16 through March 14 fishing is allowed every day and Tellico-Citico Permit is not required. Daily creel limit of 7 trout, with no size limit. Fishing permitted from $\frac{1}{2}$ hour before sunrise to $\frac{1}{2}$ hour after sunset. The possession of fishing equipment and/or tackle is prohibited on stream banks except during legal fishing hours. Each angler permitted only one rod or pole.
<b>CITICO CREEK</b> from its confluence with Little Citico Creek upstream to the confluence of North and South Forks of Citico Creek.	
<b>GREEN COVE POND</b>	Fishing limited to <u>handicapped</u> individuals, children under age 13 and adults 65 years of age and older. Tellico-Citico Permit required year-round. Closed on Thursday and Friday year-round (except open on all state and national holidays and scheduled special organized handicapped or children's fishing events). Hours open – $\frac{1}{2}$ hour before sunrise to $\frac{1}{2}$ hour after sunset. Daily creel limit of 7 trout, with no length limit. Bait restriction – no minnows. Each angler permitted only one rod or pole.
<b>Wild Trout Streams</b>	<b>Regulations</b>
<b>NORTH RIVER</b> and tributaries (Monroe County). <b>BALD RIVER</b> and tributaries (Monroe County). <b>SYCAMORE CREEK</b> (tributary to Tellico River in Monroe County) and tributaries. <b>LAUREL FORK</b> and tributaries beginning at the cable crossing $\frac{1}{2}$ mile upstream from the USFS Dennis Cove Recreation Area and extending upstream (Carter County). <b>BEAVERDAM CREEK</b> and tributaries from its confluence with Birch Branch downstream to Tank Hollow Road (USFS Rd. 300) (Johnson County). <b>PAINT CREEK</b> and tributaries from USFS campground upstream to USFS Boundary line south of Highway 70 near Munday Gap (Greene County). <b>ROCKY FORK</b> and tributaries upstream of the main entrance gate (Greene/Unicoi Counties). <b>LEFT PRONG</b> (tributary to Hampton Creek in Carter County).	Daily creel limit of 5 trout with no length limit. Only single-hook artificial lures are permitted. Use or possession of bait or multiple hook lures is prohibited. One single-hook artificial lure separated from a legal lure by a length of line (for example: a dropper fly) is also permitted. Fishing permitted from $\frac{1}{2}$ hour before sunrise to $\frac{1}{2}$ hour after sunset. Each angler permitted only one rod or pole.
<b>ALL STREAMS IN CHEROKEE WILDLIFE MANAGEMENT AREA</b>	Each angler permitted only one rod or pole.

## Tailwater Trout

TWRA stocks fingerling and adult trout into coldwater tailwaters below dams to provide fishing opportunities. In many tailwaters trout fishing can be good year-round. Trout are stocked routinely during the following months. Use caution below dams. Call TVA at 1-800-238-2264 to check dam discharge and generation schedules.

River	Below	Trout Species	Stocking Schedule
<b>Elk River</b>	Tims Ford Dam	rainbow and brown	March through November
<b>Duck River</b>	Normandy Dam	rainbow	November through June*
<b>Stones River</b>	J. Percy Priest Dam	rainbow	December through March*
<b>Caney Fork River</b>	Center Hill Dam	rainbow, brown, and brook	March through December
<b>Obey River</b>	Dale Hollow Dam	rainbow, brown, and brook	January through December
<b>Hiwassee River</b>	Appalachian Dam	rainbow and brown	January through December
<b>Ocoee River</b>	Ocoee Dam #1—Parksville	rainbow	March and April*
<b>Clinch River</b>	Norris Dam	rainbow, brown, and brook	March through September
<b>Holston River</b>	Cherokee Dam	rainbow and brown	November through April
<b>S. Holston River</b>	Fort Patrick Henry Dam	rainbow and brown	March and April
<b>S. Holston River</b>	S. Holston Dam	rainbow	March through September
<b>Watauga River</b>	Wilbur Dam	rainbow and brown	March through September
<b>Wilbur Reservoir</b>	Watauga Dam	rainbow	February through June

\*Seasonal fishery – only productive during stocked months.

# TROUT REGULATIONS

## Gatlinburg Trout Fishing

TWRA and the City of Gatlinburg offer a variety of trout fishing opportunities in four streams. All streams are closed on Thursday each week and a Gatlinburg permit is required (page 7). Some areas are managed especially for children 12 and under. For more information contact the Gatlinburg Chamber of Commerce, (800) 568-4748 or the Gatlinburg trout facility at (865) 436-4558.

The taking of trout using a Gatlinburg Permit is allowed only within the designated streams, designated times, and under the restrictions listed in the following paragraphs.

### » General Streams

- West Prong Little Pigeon River from Park Boundary to Gnatty Branch except those sections set aside as Children's Streams.
- Dudley Creek from Park Boundary to West Prong Little Pigeon River, except those sections set aside as Children's Streams.
- Roaring Fork from the Park Boundary to West Prong Little Pigeon River.
- Leconte Creek from Painter Branch to West Prong Little Pigeon River.

### » Children's Streams (May only be fished by children 12 and under, unless otherwise posted.)

©AnnCam | Creative Commons

- Leconte Creek from Painters Branch upstream to Park Boundary.
- West Prong Little Pigeon River from 100 yards above entrance of Herbert Holt Park downstream to Gatlinburg By-pass Bridge.
- Dudley Creek from Highway 441 Bridge to West Prong Little Pigeon River.

### » Season and Creel Limits

Fishing permitted year-round, except on Thursday, from  $\frac{1}{2}$  hour before official sunrise to  $\frac{1}{2}$  hour after official sunset. Fishing is permitted with one hand-held rod and single hook only.

#### From December 1 through March 31:

- Possession of any trout shall be prohibited.
- All trout caught must be immediately returned to the water.
- Use or possession of bait is prohibited. Use or possession of any artificial lures other

than single hook artificial flies, spinners, and spoons is prohibited. The use of one dropper fly having a single hook which is separated from a legal lure by a length of line is permissible.

#### From April 1 through November 30:

- **General Streams:** The creel limit is five (5) trout per day. Bait and artificial lures permitted.
- **Children's Streams:** The creel limit is two (2) per day.
- Total possession limit shall not exceed twice the daily creel limit.
- While fishing or when afield, possession of more than the daily creel limit shall be prohibited, regardless of whether the trout are fresh, stored in an ice chest, in a vehicle, or otherwise preserved.

**Fishing Events for 2013**

For more information on these events, Visit [www.fishcherokee.com](http://www.fishcherokee.com)

**CHEROKEE, NC**  
*Trails of Legends and Adventure*

Cherokee's Shiver in the River  
Trout Fishing Tournament - Feb. 1,2,3  
\$11 entry fee and \$10,000 in tagged fish!

3rd Annual Cherokee Fishermen  
Appreciation Trout Fishing  
Tournament - March 29, 30  
\$5 entry fee and \$10,000 in tagged fish!

Cherokee Summer Kickoff Trout Fishing  
Tournament - April 26, 27, 28  
\$11 entry fee and \$10,000 in tagged fish!

Cherokee's Memorial Holiday Trout  
Fishing Tournament - May 31-June 1, 2  
\$11 entry fee and \$10,000 in tagged fish!

Cherokee's Mid Summer Trout Fishing  
Tournament - July 12, 13, 14  
\$11 entry fee and \$10,000 in tagged fish!

Cherokee's End of Summer Trout Fishing  
Tournament - September 6, 7, 8  
\$11 entry fee and \$10,000 in tagged fish!

Rumble in the Rhododendron Fly Fishing  
Tournament - November 1, 2, 3  
\$225 entry fee and \$10,000 in tagged fish!

**How Long is Your Trout?**  
Ongoing. Bring your trout to the Cherokee Welcome Center and have it measured for the weekly contest which will run from Saturday to Sunday.

## 2013 TWRA TENTATIVE TROUT STOCKING SCHEDULE

The dates listed are all Sundays. The stocking event will happen within five days after the date listed. Trout will be stocked according to the schedule. However, any stocking event could be postponed or cancelled due to unforeseen problems, such as adverse weather.

## **Reservoir Trout Stocking**

The following reservoirs are stocked with trout during the winter to provide year-round trout fishing opportunities.

הכרובים יונראם

## Rainbow trout

Rainbow, Brown, and Lake Trout

## Winter Trout Stocking

The following locations are tentatively scheduled to be stocked with rainbow trout December through March. The schedule will be posted on [www.tnwildlife.org](http://www.tnwildlife.org) in November.

LOCATION	TOWN
Region 1	
Cameron Brown Lake	Germantown
Beech Lake	Lexington
Davies Plantation and Yale Rd. Park	Bartlett
Edmund-Orgill Park, Pavilion	Millington
#3 Pond	Collierville
Johnson Park Lake	Jackson
Lake Graham	Martin
Martin City Pond	McKenzie
McKenzie City Park	Munford
Munford City Park	Paris
Paris City Park	Shelby Farms, Jones Pond
Shelby Farms, Jones Pond	Memphis
Union City, Reelfoot Packing Site	Union City
Duck River at Fishermen's Park	Shelbyville
Duck River at Riverside Dam	Columbia
East Fork Shoal Creek	Lawrenceburg
Harpeth River	Franklin
J. Percy Priest Tailwater	Nashville
J.D. Buckner Park	Dickson
Kingston Springs Park	Kingston Springs
Lafayette City Park	Lafayette
Marrowbone Lake	Joelton
McCurtcheon Creek	Smyrna
Nice Mill	Nashville
Shelby Bottoms Park	Springfield
Springfield City Greenway	Fayetteville
Stone Bridge Park	Lawrenceburg
VFW Lake	Clarksville
W Fork Red River, Billy Dunlap Park	Murfreesboro
West Fork Stones River	
Region 2	
Dickson	
East Fork Shoal Creek	
Harper Creek	
J. Percy Priest Tailwater	
J.D. Buckner Park	
Kingston Springs Park	
Lafayette City Park	
Marrowbone Lake	
McCurtcheon Creek	
Nice Mill	
Shelby Bottoms Park	
Springfield City Greenway	
Stone Bridge Park	
VFW Lake	
W Fork Red River, Billy Dunlap Park	
West Fork Stones River	
Athens Rec Park	Athens
Cane Creek Park	Cookeville
Cumberland Mountain State Park	Crossville
Lake Junior	Chattanooga
Pickett Lake	Pickett State Park
Region 3	
Athens Rec Park	Athens
Cane Creek Park	Cookeville
Cumberland Mountain State Park	Crossville
Lake Junior	Chattanooga
Pickett Lake	Pickett State Park
Region 4	
Onieda City Park	Onieda

\* Checkfishing guide – From March 1 to July 1, stream closed to fishing on Fridays. Only single hook lures or bait are allowed. Legal fishing hours are from one-half hour before sunrise to one-half hour after sunset.

\*\* From March 15 through September 15, water is closed to fishing on Thursdays and Fridays (except the day of State and Federal holidays) and a daily permit is required.

\*\*\* Daily permit is always required. Green Cove Pond will be stocked year-round (except the day of holidays).

# CONTAMINANTS IN FISH

The Tennessee Department of Environment and Conservation's (TDEC) Division of Water Pollution Control issues advisories for the consumption of fish from certain Tennessee waters. The following information is subject to change and was copied from TDEC's site. Concerned individuals should visit TDEC's site for more information about these advisories, bacteriological advisories, and tips on how to reduce risks from contaminated fish.

For specific information regarding aquatic contaminants or affected waters, contact:

**TDEC's Water Pollution Control Office**

(615)532-0699

<http://tn.gov/environment/wpc/publications/pdf/advisories.pdf>

<b>Fish Tissue Advisories</b> (This list is subject to revision.)				
<b>WATERBODY</b>	<b>COUNTY</b>	<b>PORTION</b>	<b>POLLUTANT</b>	<b>COMMENTS</b>
<b>West Tennessee</b>				
Beech Reservoir	Henderson	Entirety (877 acres)	Mercury	Precautionary advisory for largemouth bass.*
Cypress Creek	Shelby	Entirety (7.7 miles)	Chlordane, Other Pesticides, PCBs	Do not eat the fish.
Loosahatchie River	Shelby	Hwy 14, Austin Peay Highway (Mile 0.0 – 17.0)	Chlordane, other Organics, Mercury	Do not eat the fish.
McKellar Lake	Shelby	Entirety (13 miles)	Chlordane, other Organics, Mercury	Do not eat the fish.
Mississippi River	Shelby	MS state line to just downstream of Meeman-Shelby State Park (31 miles)	Chlordane, other Organics, Mercury	Do not eat the fish. Commercial fishing prohibited by TWRA.
North Fork Forked Deer River	Dyer, Gibson	From mouth of the Middle Fork Forked Deer River (Mile 17.6) upstream to State Highway 188 (Mile 23.6)	Mercury	Precautionary advisory for largemouth bass.*
Nonconnah Creek	Shelby	From mouth to Kansas Street (Mile 0.0 – 1.8)	Chlordane, other Organics	Do not eat the fish. Advisory ends at Horn Lake Road bridge.
Wolf River	Shelby	From mouth to Germantown Road (Mile 0.0 – 18.9)	Chlordane, other Organics, Mercury	Do not eat the fish.
<b>Middle Tennessee</b>				
Beech Creek	Wayne	From mouth to origin (Mile 16.7) including Tennessee River Embayment	Mercury	Do not eat the fish. Avoid contact with sediment between Leatherwood Branch and Smith Branch.
Buffalo River	Humphreys, Perry	From mouth upstream to Highway 438 (Mile 31.6)	Mercury	Precautionary advisory for smallmouth bass.*
Duck River	Humphreys, Hickman	From mouth of Buffalo River (Mile 15.8) upstream to Interstate 40 (Mile 31.8)	Mercury	Precautionary advisory for largemouth, smallmouth, and spotted bass.*
Woods Reservoir	Franklin	Entirety (3,908 acres)	PCBs	Catfish should not be eaten.
<b>East Tennessee</b>				
Boone Reservoir	Sullivan, Washington	Entirety (4,400 acres)	PCBs, Chlordane	Precautionary advisory for carp and catfish.*
Chattanooga Creek	Hamilton	From mouth to GA State line (11.9 miles)	PCBs, Chlordane	Fish should not be eaten. Also, avoid contact with water.
East Fork of Poplar Creek and Poplar Creek Embayment	Anderson, Roane	From mouth to New Hope Pond (Mile 0.0 – 15.0)	Mercury, PCBs	Fish should not be eaten. Also, avoid contact with water.
Emory River	Roane, Morgan	From Hwy 27 near Harriman (Mile 12.4) upstream to Camp Austin Road Bridge (Mile 21.8)	Mercury	Precautionary advisory for all fish.*
Fort Loudoun Reservoir	Loudon, Blount	Entirety (14,600 acres)	PCBs Mercury (upper portion only)	Commercial fishing for catfish prohibited by TWRA. No catfish or largemouth bass over two pounds should be eaten. Do not eat largemouth bass from the Little River embayment. Due to mercury, precautionary advisory for any sized largemouth bass from Highway 129 to the confluence of Holston and French Broad rivers (534 acres).*
French Broad River	Cocke	From Rankin Bridge (Mile 71.4) to Hwy 321 near Newport (Mile 77.5)	Mercury	Precautionary advisory for largemouth bass.*
Hiwassee River	Meigs, McMinn, Bradley	From Hwy 58 (Mile 7.4) upstream to the railroad bridge just upstream of U.S. Hwy 11 (Mile 18.9)	Mercury	Precautionary advisory for largemouth bass.*
Holston River	Sullivan, Hawkins	From the mouth of Poor Valley Creek embayment (Mile 89.0) upstream to confluence of the North and South Forks of the Holston near Kingsport (Mile 142.3)	Mercury	Precautionary advisory for all fish.*
Melton Hill Reservoir	Knox, Anderson	Entirety (5,690 acres)	PCBs	Catfish should not be eaten.
Nickjack Reservoir	Hamilton, Marion	Entirety (10,370 acres)	PCBs	Precautionary advisory for catfish.*
Norris Reservoir	Campbell, Anderson, Union, Claiborne, Grainger	Clinch River portion (Powell River embayment not included in advisory) (15,213 acres)	Mercury	Precautionary advisory for largemouth bass, striped bass, smallmouth bass, and sauger.*
North Fork Holston River	Sullivan, Hawkins	VA Stateline (Mile 0.0 – 6.2)	Mercury	Do not eat the fish. Advisory goes to TN/VA line.
Sequatchie River	Marion	From the Tennessee River (Mile 0.0) upstream to State Highway 283 near Whitwell (Mile 22.1)	Mercury	Precautionary advisory for largemouth bass.*
South Holston Reservoir	Sullivan	Portion within Tennessee (7,206 acres)	Mercury	Precautionary advisory for largemouth bass.*
Tellico Reservoir	Loudon, Monroe	Entirety (16,500 acres)	PCBs, Mercury	Catfish should not be eaten.
Watauga Reservoir	Carter, Johnson	Entirety (6,427 acres)	Mercury	Precautionary advisory for largemouth bass and channel catfish.*
Watts Bar Reservoir	Roane, Meigs, Rhea, Loudon	Tennessee River portion (38,000 acres)	PCBs	Catfish, striped bass, and hybrid (striped bass-white bass) should not be eaten. Precautionary advisory for white bass, sauger, carp, smallmouth buffalo, and largemouth bass.*
Watts Bar Reservoir	Roane, Anderson	Clinch River Arm (1,000 acres)	PCBs	Striped bass should not be eaten. Precautionary advisory for catfish and sauger.*

\*Precautionary Advisory: Children, women who might become pregnant, pregnant women, and nursing mothers should not consume the fish species named. All other persons should limit consumption of the named species to one meal per month.

# METHODS OTHER THAN ROD & REEL

## » Trotlines, Limblines and Jugs

Trotlines consist of a main line with drop lines to which single hooks are attached. Drop lines must not be closer than 24 inches. Nongame fish, except paddlefish and sturgeon, may be taken without limit. Game fish may be taken according to local limits. There is no limit on catfish, except only one fish may exceed 34 inches. The creel limit for skipjack is 100 fish.

Sportfishing trotlines, limblines and jugs must be tagged and/or marked with the owner's name or current TWRA identification number. Trotlines attached to the bank must be tagged on the line within five feet of the bank. Other trotlines must be tagged within five feet of either end, and floating trotlines must be marked on floats. The holder of a sport fishing license may use one or more trotlines not having a combination of more than 100 hooks. Limblines (including yo-yos) must be tagged above water level and are allowed only one hook per line. Sport anglers are limited to 25 limblines. Sport anglers are limited to 50 jugs or blocks and each with only one hook.

Trotlines, limblines and jugs must be run at least once each day and are prohibited within 1,000 yards below any TVA or Corps of Engineers dam. Trotlines may not be set within 100 yards of the mouth of any river, creek or slough.

### Exceptions:

- **Allen Branch Pond and Chilhowee (McKamy) Pond in Cherokee WMA:** Closed to jugs and trotlines.
- **Bards Lake on Land Between the Lakes:** Closed to trotlines and limblines. Jugs permitted from October 1–March 21.
- **Beech River Watershed Development Authority:** 20 jugs or blocks per boat. Trotlines prohibited.
- **Calderwood:** Trotlines and limblines prohibited.
- **Danville Railroad Bridge Dikes:** Trotlines prohibited within 50 yards of dikes.
- **Indian Boundary Lake:** Closed to trotlines, jugs and limblines.
- **New Johnsonville Steam Plant Harbor:** 10 jugs or blocks per angler. Trotlines prohibited.
- **Norris Reservoir:** From January 1 through April 30, trotlines, limblines and jugs are prohibited between River Mile 32 (Point 15) and Hwy. 25E Bridge on the Powell River arm and Between River Mile 137 (Point 31) and the Hwy. 25E Bridge on the Clinch River arm.
- **TWRA Lakes:** 10 jugs or blocks per boat daily except, from April 1–September 30, jug fishing is not allowed on Saturday, Sunday, Memorial Day, Independence Day, and Labor Day. Trotlines and limblines prohibited.

## » Slat Baskets

Holders of annual sport fishing license, Sportsman License, Lifetime Sportsman License, Jr. Fishing license, Lifetime Senior Citizens license or residents 65 and over (prior to March 1, 1991) or under 13 may fish with one slat basket, provided the slat basket is marked with a metal tag, obtainable from the TWRA for an annual fee of \$8.00. Possession or use of more than one slat basket is prohibited.

A slat basket is defined as a device used for taking nongame fish and catfish only. Slat baskets may have only one outside funnel opening and must be made of wood, plastic or cane slats which are placed lengthwise and so constructed that there must be a minimum of four openings in the catching area, each being at least 1½ inches wide and 6 inches long. Fish taken may not be sold.

The slat basket may not be set within 100 yards of the mouth of any river, creek or slough. Slat basket must be checked at least every 72 hours.

Applications for metal tags can be obtained by writing to: Administrative Services, TWRA, P.O. Box 40747, Nashville, TN 37204. If you are applying in person and need directions to the TWRA central office, call 615-781-6585.

## » Grabbling, Gigging, Grab Hooks, Snagging, Tubbing, Archery, Crossbow, Speargun, Dipping and Cast Netting

Season open year round in all waters except:

- a. where closed to fishing or expressly prohibited.
- b. within 100 yards below dams. At Pickwick Dam the closed area extends downstream to the first moorage cell across from ramp.
- c. at John Sevier Steam Plant the discharge channel is closed.

*B and C do not apply to cast netting or dipping.*

Nongame fish may be taken without limit. Game fish, sturgeon, and alligator gar may not be taken. Catfish, paddlefish, and skipjack may be harvested according to local limits.

**Cast nets** must be no more than 10 feet in radius with a mesh size no smaller than one quarter inch, and no larger than one inch on the square.

**Gigging** is prohibited in Bedford, Giles, Hickman, Lawrence, Lewis, Marshall, Maury, and Wayne counties. Snagging, grabbling, grabhooks, tubbing, archery, speargun, dipping, and cast nets are legal methods in these counties.

**Gigging** is closed on the East Fork of the Obey River and its tributaries from Jan. 1–Apr. 30.

**Snagging** is prohibited year round on the South Holston tailwater (from South Holston Dam to the headwaters of Boone Reservoir), Center Hill Reservoir, and the Cumberland Fossil Plant discharge channel into Barkley Reservoir.

**Grabbling, gigging, grab hooks, snagging, tubbing, archery, crossbow, speargun and dipping is prohibited on the following waters from Jan. 1–Apr. 30:**

- **Norris Reservoir:** between River Mile 32 (Point 15) and the Hwy. 25E Bridge on the Powell River arm and between River Mile 137 (Point 31) and the Hwy. 25E Bridge on the Clinch River arm
- **Elk River in Carter County:** from the Hwy. 321 Bridge downstream to River Mile 3.0 (Point 11) on the Elk River arm of Watauga Reservoir
- **Doe Creek:** Old Cabin Private Road downstream to Roan Creek
- **Roan Creek:** Mountain Lakes Estates Bridge downstream to Doe Creek
- **Watauga River:** NC state line downstream to end of Cownstown Road

## Show Your Support With a TWRA License Plate!

Money from the sale of specialty plates is available to the TWRA to fund wildlife habitat protection and enhancement programs, provide public hunting and fishing access, support law enforcement efforts, and improve youth education projects.

TWRA's smallmouth bass license plate is available at county clerk's offices throughout the state. This plate features a small-mouth bass created by renowned wildlife artist Al Agnew from a print titled "Sunlight on Bronze."

As with other specialty license plates, such as the ones mentioned above, the new small-mouth bass plate will cost \$35.00 above the regular cost of registering a vehicle.

## Tennessee First Fish Award

# FREE!

The First Fish Award is designed to commemorate that special moment in every boy or girl's life—the landing of their first fish.

The award is an 8.5 x 11 certificate, suitable for framing, identifying the child, the fish caught, and other details of that special moment. Size of the fish and age of the angler have no bearing, only that the fish is their first and that it was caught in Tennessee.

Visit [www.tnwildlife.org](http://www.tnwildlife.org) or call (615) 781-6575 for further information.

# LIVE BAIT

## Live Bait Regulations

The following sections explain which species can be used for bait, and how they can be harvested, sold and transported. **Under no circumstance shall live fish or crayfish be intentionally released into Tennessee waters away from the waters from which they were harvested.** These regulations do not apply to bait that is dead. Dead bait can be transported and used without restrictions.

For the purposes of these rules, a sport angler shall be defined as anyone who attempts to take, kill, injure, capture, or catch any sport fish and every act of assistance thereof. A bait dealer shall be defined as anyone engaged in the business of selling or offering for sale any legal species of live bait fish. All bait dealers must purchase a type 118 (resident) or 116 (nonresident) license annually, and make all necessary reports as required to the Tennessee Wildlife Resources Agency. The harvest and use of bait fish by commercial fishers shall be regulated in the commercial fishing proclamation.

A licensed sport angler (with all required licenses and permits) can harvest game fish (including rainbow trout and sunfish) for use as bait from the wild using legal sport fishing methods. When harvesting game fish, all restrictions in the sport fishing proclamation apply (including creel and length limits, seasons, and license requirements).

### SECTION I—CLASS A Bait Fish

The following species may be 1) harvested by licensed sport anglers for use as bait; 2) imported into Tennessee or exported from Tennessee by licensed bait dealers and licensed sport anglers; 3) sold in Tennessee by licensed bait dealers. There is no possession limit for Gizzard Shad, Threadfin Shad, Fathead Minnow, Golden Shiner, and Goldfish.

Sunday at 1 p.m. EST

## SECTION II—CLASS B Bait Fish

The following species may be: 1) harvested by licensed sport anglers for use as bait; 2) imported into Tennessee or exported from Tennessee by licensed sport anglers for use as bait. These species shall not be sold. A licensed sport angler shall possess no more than 100 each of the following species: stonerollers (*Campostoma* spp.), creek chub (*Semotilus atromaculatus*), bluntnose minnow (*Pimephales notatus*), bullhead minnow (*Pimephales vigilax*).

Stoneroller

Creek chub

Bluntnose minnow

Bullhead minnow

## SECTION III—CLASS C Bait Fish

Bait fish that are not listed in Section I or II above and are not listed by proclamation as endangered, threatened, or in need of management may be harvested by licensed sport anglers for use as bait with the following restrictions: 1) they shall only be used in the water from which they were harvested; 2) they shall not be possessed away from the waters from which they were harvested; 3) they shall not be imported into Tennessee or exported from Tennessee by anyone; 4) they shall not be sold.

## SECTION IV— Amphibians and Crayfish

Only northern dusky and spotted salamanders (*Desmognathus fuscus* and *Desmognathus conanti*) and native crayfish species that are not listed by proclamation as endangered, threatened, or in need of management may be harvested without limit by licensed sport anglers for use as bait.

Amphibians and crayfish species shall not be sold or purchased for bait. Amphibians and crayfish shall not be imported into Tennessee or exported from Tennessee by anyone for bait. The harvest, use, and possession of crayfish is prohibited in the following streams, in all of their tributaries, and on all adjacent banks:

- Mill Creek in Davidson and Williamson counties
- East Fork Stones River in Cannon County
- Hurricane Creek in Cumberland, Fentress, Overton, and Putnam counties
- Roaring Paunch Creek in Scott County
- South Chickamauga Creek in Hamilton County
- Caney Fork River in Cumberland County
- Robinson Creek, Beason Creek (upstream of confluence of North Fork and South Fork), and Owl Creek (upstream of Highway 142) in Hardin and McNairy counties
- Flint River in Lincoln County

Crayfish harvested from the following streams and their tributaries shall not be possessed away from the watershed from which they were harvested:

- French Broad River and its tributaries
- Holston River and its tributaries
- Clinch River and its tributaries

## SECTION V— Legal Gear for Bait Harvest

Legal gear types for bait harvest are minnow seines, minnow traps, cast nets, shad trawls, and dip nets.

- **Minnow Seine:** A minnow seine consists of a float and lead line to which netting is attached. A minnow seine shall not be longer than 10 feet and the mesh size shall not exceed  $\frac{3}{8}$  inch on the square. Seines must be constantly attended, and may not be fished in a stationary manner.
- **Minnow Traps:** A minnow trap is hereby defined as a device used for the purpose of catching minnows. The mouth opening or openings shall not exceed  $1\frac{1}{2}$  inches in diameter. All minnow traps shall be clearly and legibly labeled with owners name and address.
- **Cast Net:** A cast net is defined as a net having a maximum radius of 10 feet and a mesh (square measure) of not less than  $\frac{1}{4}$  inch and not greater than 1 inch on the square. Sunfish and trout may not be taken with a cast net.
- **Shad Trawl:** A shad trawl is one having a mesh size no larger than 1 inch, a hoop diameter no larger than 48 inches, and a net length no larger than 72 inches. Only threadfin or gizzard shad shall be taken with a shad trawl and shad trawling is not allowed within 1,000 yards below any dam.
- **Dip Net:** A dip net is a net constructed from natural or synthetic fibers, which is attached to a frame that is attached to a pole.
- **Angling:** Use of line with a hook attached to a bait or lure.
- **Hand Collection:** Use of hands to capture bait, without any other apparatus.

Gear types listed above are legal for licensed sport anglers to harvest bait fish (as defined in first paragraph) and crayfish (provided compliance with Section IV) for personal use.

## FREE Fishing Day/Week

Saturday, June 8, is Free Fishing Day in Tennessee and anyone (resident or non-resident) of any age may fish free without a license in Tennessee's public waters! Even better, if you are 15 years old or younger, you may fish free the entire week, beginning on Free Fishing Day, June 8, and running through the following Friday, June 14.

This day and week are annual events in Tennessee and are great opportunities to introduce children to the joys and excitement of a day on the water catching fish! Not only is fishing a great family activity, it helps make us more aware of our natural environment.

Finding a place to fish is easier than ever. Starting in late spring, all you need to do is go to [www.tnwildlife.org](http://www.tnwildlife.org) to view the 2013 Kid's Fishing Events. There you will find a variety of activities planned across the state with details as to event locations and times. You can also contact your regional TWRA office to find out what's going on in your area or let them know you are interested in sponsoring or volunteering to help with an event. Anglers and would-be anglers should check the events list often since more fishing rodeos are frequently added. Whatever you do, don't miss the fun!

Free Fishing Day and Week apply to Tennessee's public waters, Agency owned and operated lakes, and state park facilities. Some privately owned pay lakes continue to charge during this special day and week. Please consult with lake operators if you have any questions about the status of a particular facility.

# IDENTIFYING YOUR FISH

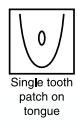

## STRIPED BASS

Tooth patch  
on tongue is  
distinctly split

## WHITE BASS

(Rarely exceeds 4 lbs.)

Single tooth  
patch on  
tongue

## HYBRID STRIPED BASS or CHEROKEE BASS

(Striped Bass x White Bass)

Tooth patch  
on tongue is  
mostly split

## YELLOW BASS

no tooth patch  
mismatched lines  
2nd spine  
is longest

## ROCK BASS OR REDEYE

5 anal spines

## SPOTTED BASS

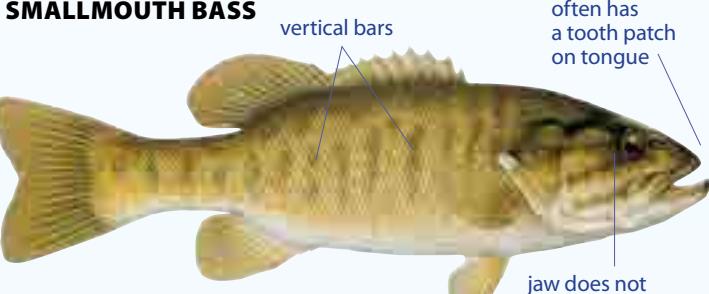

shallow notch

always has a  
tooth patch  
on tongue

dark band

jaw does not  
extend behind eye

## SMALLMOUTH BASS

often has  
a tooth patch  
on tongue

deep notch

## LARGEMOUTH BASS

dark band

jaw extends  
behind eye

sometimes has  
a tooth patch on  
tongue

# GENERAL INFORMATION

**Notice of inspection law:** It is the duty of every person participating in the privileges of taking or possessing wildlife to permit agency officers to ascertain whether the requirements of this title are being faithfully complied with, including the possession of a proper license. It is a violation of law to refuse such inspection or to interfere with an officer attempting such inspection.

TCA 70-6-101(b)(1)

## » Basic Laws and Definitions

- Stocking of any fish into public waters is strictly prohibited.
- Explosives, chemicals and electrical shocking devices are strictly forbidden, and their use carries heavy penalties.
- Shooting in the water with any type of firearm or air gun to injure or take fish or turtles is prohibited.
- All boaters and passengers must wear a Coast Guard approved life jacket within the area designated and appropriately marked as a hazardous area below any dam and/or lock.
- It is illegal to take any fish or turtle that is listed as endangered, threatened or in-need-of-management.
- It is illegal to sell or offer to sell fish or turtles without a commercial fishing license.

**Bait:** Any living or dead organism, or prepared substance designed to attract fish by taste or odor. For the purpose of this proclamation bait includes, but is not limited to, fish, fish eggs, crayfish, worms, grubs, crickets, corn, cheese, bread, pork rinds, putty or paste-type products, and flavors or scents applied to or impregnated into artificial lures.

**Culling:** The removal of a fish from the creel limit and replacing it with another fish of the same species. The released fish must be a live, healthy specimen which should be expected to survive once it is returned to its natural environment.

**Gigging:** The taking of fish by means of a hand-held pole or spear with a tip consisting of a single, sharpened point or one or more sharpened barbed points. This includes, but is not limited to gear known as the Hawaiian sling.

**Single hook:** A hook with only one point.

**Spear gun:** Any device designed to propel a spear through water and is drawn or held by a mechanical device.

## Reciprocal Agreements

Tennessee has several reciprocal agreements with adjacent states. These agreements have been arranged so that any fishing license from either Tennessee or the corresponding state is valid in the following waters.

### » Alabama/Mississippi

**Pickwick Lake:** Applies to anyone with a valid Sport Fishing License from Tennessee, Alabama or Mississippi. Resident anglers of the three states may fish without purchasing a nonresident license anywhere within the boundaries covered by the agreement. The reciprocal area includes all impounded water from Pickwick Dam upstream to Tennessee River Mile 224.8 at the mouth of Bear Creek but does not include Bear Creek and does not include that portion of Yellow Creek above the Hwy. 25 Bridge. Sport fishing license holders shall abide by the regulations of the state in whose waters they are fishing.

### » Arkansas

This state agrees to honor either license on the flowing waters of the Mississippi River, adjacent sloughs, bayous and old river runs, which are accessible by boat from the river proper, and the old river chutes forming a common boundary, excluding all wildlife management areas established by either state and the Wolf, Loosahatchie, Hatchie, Forked Deer and Obion rivers. The following common regulations apply:

- **Black bass:** creel limit 10, no length limit
- **Bream:** creel limit 50, no length limit
- **Catfish:** no creel limit, only one per day over 34 inches
- **Crappie:** creel limit 50, no length limit
- **Striped bass and Hybrid striped bass:** creel limit 6, no length limit
- **Sauger:** creel limit 6, no length limit
- **White bass:** creel limit 30, no length limit

All anglers must follow Arkansas regulations governing creel and size limits, trotlines, and other equipment requirements on Ikes Chute, Hopefield Chute, Mosquito Lake, Mound City Lake, Island 40 Chute and Lake Neark.

### » Kentucky

**Dale Hollow Lake:** Sportfishing licenses from either state are recognized in Wolf River including Illwill Creek, beginning at a line crossing the Wolf River at its mouth where it joins the Obey River. Creel limits and other regulations of the state where the license was issued apply.

**Big South Fork of the Cumberland River:** Sportfishing licenses from either state are recognized from Leatherwood Ford Bridge (Hwy. 279) in Tennessee, downstream to the Hwy. 92 bridge at Yamacraw, Kentucky. Creel limits and other regulations of the state where the license was issued apply.

**Kentucky Lake:** Each state will recognize the sport fishing licenses for the other state on the portion of Kentucky Lake south of the Eggners Ferry Bridge (US 68 & Hwy. 80) in Kentucky and north of the Governor Ned McWherter Bridge (US 79 & Hwy. 76) in Tennessee. This includes all embayments and tributaries within this portion of Kentucky Lake

except the Blood River embayment. Blood River embayment shall be defined as a straight line between opposite points where the embayment connects to the main body of Kentucky Lake. A sport fishing license holder from either state may fish from the bank or attach legal sport fishing trot or limb lines in this described portion of Kentucky Lake. Sport fishing license holders shall abide by the regulations of the state in whose waters they are fishing. Wildlife enforcement officials in either state shall have the right to inspect the licenses, permits, catches and equipment of any person on this portion of Kentucky Lake subject to the laws of either state.

### » Missouri

Persons possessing a valid sportfishing license in either state may fish in the Mississippi River and its backwaters within the boundaries of the other state and any oxbow lakes through which the Missouri-Tennessee boundary passes. They may fish from or attach any device or equipment to land under the jurisdiction of the other state. Persons licensed in only one state may not fish in the Mississippi River tributaries of the other state. Anglers must comply with the fishing regulations of the state where they are fishing and when fishing where they are not licensed will comply with the most restrictive state's regulation. Persons legally exempted from license requirements of either state are entitled to these privileges and provisions.

Except where it is shown to be elsewhere, the center of the U.S. Army Corps of Engineers navigation channel will be the boundary between Tennessee and Missouri.

### » North Carolina

Sportfishing licenses from either state are recognized in all of Calderwood Reservoir while fishing from a boat and in that portion of Slickrock Creek which constitutes the boundary between the two states. See pages 16–17 and 25 for regulations on Calderwood Reservoir and Slickrock Creek, respectively.

### » Virginia

**South Holston Reservoir:** Tennessee residents may purchase an annual South Holston Reservoir License (Type 063) to fish the VA portion of South Holston Reservoir. Virginia residents can purchase a similar license from VDGIF to fish the TN portion of the reservoir. Anglers that are not TN or VA residents must abide by the state boundary line unless they purchase other appropriate fishing licenses from both states.

A South Holston Reservoir License is valid for all impounded portions of the reservoir below full pool elevation of 1,730 feet, including the confluence of the Middle Fork and South Fork Holston Rivers and the South Fork Holston upstream to the Route 710 Bridge at Alvarado, VA.

In addition to the South Holston Reservoir License, an angler must have whatever licenses that are required to fish in their home state. A valid resident TN trout fishing license or a valid resident VA trout fishing license is required to fish for trout. All anglers shall abide by the laws of the state in which they are fishing as to manner and means of taking fish. Length and creel limits are listed on pages 18–19 of this guide.

# TENNESSEE ANGLER RECOGNITION PROGRAM

The Tennessee Angler Recognition Program (TARP) gives anglers an opportunity to have their trophy-size fish recognized by the Tennessee Wildlife Resources Agency. Anglers of any age, who catch large fish that meet or exceed qualifying lengths, can apply. The TWRA Fisheries Management Division sends these accomplished anglers TARP certificates featuring color reproductions of fish artwork by renowned wildlife artist Joseph R. Tomelleri.

The program is designed to acknowledge anglers for outstanding sportfishing accomplishments, to encourage catch and release of trophy size fish and to provide the TWRA with information on large fish caught throughout the state.

Not to be confused with the State Record Fish program, TARP recognizes anglers who catch trophy-size fish that are not necessarily state records.

## » Trophy Fish/Master Angler Certificates

TARP features five levels of angler recognition. Anglers catching a fish that meets or exceeds the minimum "trophy" length requirements will receive a Trophy Fish certificate. These certificates feature artwork representing the species caught

by the applicant. After anglers submit five trophy-size fish, in any combination, a Master Angler Level I certificate and patch will be awarded at no cost to the angler. An-

glers submitting five different trophy-size fish will receive a Master Angler Level II certificate and patch. The Master Angler Level III will be awarded to anglers submitting ten different trophy-size fish. In addition to a certificate and patch, the angler will receive a "tackle package," courtesy of Bass Pro Shops—Sevierville. The newest level, Master Angler IV will be awarded to anglers submitting fifteen different trophy fish. The award will consist of a certificate, patch and an engraved trophy.

## » How Do You Qualify?

- The fish must meet or exceed the minimum Trophy Fish Length listed on the right of this page.
- Persons 13 years of age and older must be licensed anglers and must provide their license number (TWRA #) on the application.
- The fish must be caught legally (in accordance with Tennessee Sportfishing Regulations) in Tennessee waters, by sportfishing methods only (rod and reel or cane pole).
- The length of the fish must be verified by either a witness or a photograph. The witness must complete the section on the application and/or the photo must be of the fish lying flat on top of or beside a flat measuring rule or tape and included with the application. Be aware that photos may be used on the TWRA web site and in TWRA publications.

If you believe your catch exceeds the current state record for that species, you should immediately contact a TWRA Fisheries Biologist for positive identification of the fish (see page 41).

## Minimum Trophy Fish Lengths

Species	Length (inches)
Largemouth Bass	22
Spotted Bass	18
Smallmouth Bass	20
Striped Bass	40
Hybrid Striped Bass (Cherokee Bass)	28
White Bass	18
Black Crappie	14
White Crappie	14
Bluegill	10
Redear Sunfish	11
Rock Bass	10
Sauger	20
Walleye	28
Yellow Perch	11
Muskellunge	40
Brook Trout	10
Brown Trout	26
Rainbow Trout	24
Lake Trout	28
Channel Catfish	30
Blue Catfish	34
Flathead Catfish	34
Common Carp	34
Freshwater Drum	28

## TROPHY FISH APPLICATION FORM

FORM MUST BE FILLED OUT COMPLETELY. PLEASE PRINT.

**Angler's name:** \_\_\_\_\_

**Address:** \_\_\_\_\_

**Age of applicant:** \_\_\_\_\_

**Fishing license number (TWRA #):** \_\_\_\_\_

**Phone number:** ( \_\_\_\_\_ ) \_\_\_\_\_ - \_\_\_\_\_

**City:** \_\_\_\_\_ **State:** \_\_\_\_\_ **Zip:** \_\_\_\_\_

**Do you qualify for a Master Angler Award?**  Yes  No

**FISH INFORMATION: KIND OF FISH (SPECIES):** \_\_\_\_\_

**DATE CAUGHT:** \_\_\_\_\_

**Body of water where caught:** \_\_\_\_\_

**Was the fish released?**  Yes  No

**Type of Water:**  Pond  Reservoir/Lake  River/Stream

**Bait:**  Natural  Artificial

**County:** \_\_\_\_\_ **Length of fish** (to nearest ¼ inch): \_\_\_\_\_

**Length certification:** (A or B)

**A. Witness signature:** \_\_\_\_\_

**Phone number:** ( \_\_\_\_\_ ) \_\_\_\_\_ - \_\_\_\_\_

**Address:** \_\_\_\_\_

**City:** \_\_\_\_\_ **State:** \_\_\_\_\_ **Zip:** \_\_\_\_\_

**B. Photo:** Print your name, birth date, and fish species on back of photo and enclose with application.

Photos become property of TWRA and are not returned. Photos may be used in publications.

(Angler sign here), \_\_\_\_\_ hereby affirm that the above

information is true and in taking this fish I complied with all state fishing regulations and rules of the Tennessee Angler Recognition Program and that the witness actually witnessed the measuring of the fish and/or the photo is accurate and was not altered in any way.

Enclose a check or money order for \$5.00 payable to TWRA and mail to:

**TARP**  
**Tennessee Wildlife Resources Agency**  
**P.O. Box 41729**  
**Nashville, TN 37204**

WR-0831

## » How Do You Apply?

An application form is located on the opposite page. Complete one application form for each fish you are registering. You may include more than one application form per envelope. If the fish length is being verified by photo, the picture must be enclosed with the application. For Trophy Fish Certificate only, a \$5.00 processing fee, per application, must also be enclosed and mailed within 90 days from the date of catch. Make check or money order payable to TWRA and mail, with the application(s), to the address at the bottom of the application. The processing fee is non-refundable for non-qualifying applications. For further information about TARP or the State Record Fish program, call (615) 781-6575, or visit [www.tnwildlife.org](http://www.tnwildlife.org).

## » Measuring Your Fish

Please refer to the instructions on page 9.

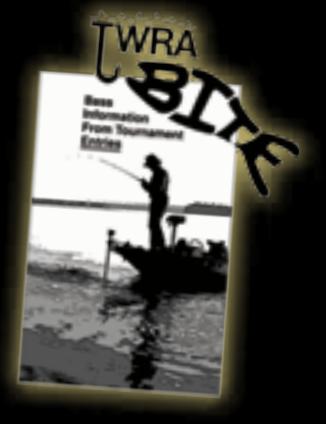

## ARE YOU A BASS TOURNAMENT ANGLER?

- What is the average size bass weighed in for tournaments?
- How many hours does it take tournament anglers to catch a 5 pound bass?
- What lake in Tennessee has the highest bass catch rate for tournament anglers?
- How many bass does the average tournament angler catch?

If you would like to know the answers to these questions and more, have your bass club join the TWRA B.I.T.E. program!

## FREQUENTLY ASKED QUESTIONS & ANSWERS

**1 If I am casting from my own property while I fish, do I need a fishing license to fish in a public lake or reservoir?** Yes. You do not qualify for a landowner exemption because you do not own the waterbody that you are fishing.

**2 Can I stock fish?** No! Releasing fish or any other animal into a stream, river or reservoir can irreversibly ruin the fishing in that location. It is easy to imagine how an exotic species released from an aquarium could harm our native fish populations. But even the release of species such as a bass that might already live in that water body could introduce harmful viruses or diseases. For this reason only TWRA has the authority to stock public waters which includes all streams and rivers, and all public lakes and reservoirs. It is illegal to stock the waters of Tennessee, and only privately owned ponds may be stocked without TWRA approval.

**3 Can I clean/dress my fish in any way, while on the water?** It is unlawful to possess while afield any fish which has been altered to the extent that its species and/or total body length cannot be determined.

**4 Do I need a trout license if I do not plan on keeping trout?** If you are fishing for trout, you need a trout license whether or not you possess trout.

**5 Do I need a fishing license to fish a private farm pond?** Yes, unless you are not required to have a license under

a landowner, age, or military exemption. See "Who Must Have a Tennessee License" section on page 7.

**6 What licenses are required to fish on Wildlife Management Areas (WMAs)?** No license is required if you are under the age of 13, or are military personnel on furlough with papers. Otherwise, you only need the proper fishing license. Generally there are no special WMA licenses required. However, a Tellico-Citico permit is required for all ages on certain waters within the Cherokee National Forest (Cherokee WMA). In addition, certain WMAs are periodically closed.

**7 As I was cleaning a fish, I noticed a black, white or yellow grub or worm in them. What are these and are the fish safe to eat?** These are small parasites that are referred to as Trematodes. Commonly known as black spot, yellow grub and white grub, they are very common in many fish species in Tennessee and worldwide. The parasites have a complex life cycle that involves fish, fish-eating birds and other invertebrates such as snails. While the appearance may be unappetizing, fish that are cleaned and completely cooked cannot transmit any parasite or disease to people who eat the fish. The parasites usually do not affect the health of the fish except under unusual conditions.

**8 What is a thermocline and what effect does it have on reservoir fish populations?** As the surface water warms in the late spring, a distinct temperature gradient is formed between the warm surface water and the cool water below. This ther-

mocline does not allow the cold water to mix with the warm, oxygenated water above. The cold water slowly loses oxygen due to the decay of organisms and lack of photosynthesis. In certain reservoirs, the cold water loses enough oxygen during the summer that it can no longer support certain cool water species like striped bass.

**9 When do our reservoirs "turn over"?** Northern reservoirs experience a spring and fall "turn over," but our lakes destratify only in the fall. It occurs when the surface water cools sufficiently to mix with the cold water below. Prior to the cooling period, the warm surface water cannot mix with the denser water below because of thermal stratification (see the previous question).

**10 What are those jelly-like masses that are attached to tree limbs, bushes and other objects in the water?** They are colonies of harmless microscopic animals called Bryozoans. They have miniature tentacles to capture prey and are permanently attached to the colony mass. Large colonies can exceed two feet in diameter, but most are less than one foot.

**11 How many rods or poles may an angler fish with?** There is no limit to the number of rods that can be fished in MOST of our reservoirs, but there are exceptions. See regulations for rods at Center Hill Reservoir (page 14) and Dale Hollow Reservoir (page 15). Also, there are certain trout waters where an angler is limited to one hand-held rod. It is always best to consult the fishing regulations for the specific water fished prior to any trip.

# STATE RECORDS

## TENNESSEE ANGLING RECORDS as of January 1, 2013

CLASS A—Sport Fishing Methods

	COMMON NAME	WEIGHT	LOCATION	ANGLER	DATE
BLACK BASS	Coosa (Redeye)	1 lb. 15 oz.	Parksville Reservoir	Harry E. Parker	Aug. 18, 1991

## How To Be Considered For a State Record Fish

The following criteria must be followed when applying for a state record certificate:

1. To be considered for a state record certificate, the fish must be weighed on a certified scale. These scales may be found at supermarket meat centers or at TWRA Regional Offices.
2. Two witnesses, one of which must be the scale operator/owner, must sign the application certifying that they have observed the declared weight.
3. Only species recognized by the International Game Fish Association (IGFA) will be considered for Tennessee state record certification. These are available at <http://www.igfa.org>.
4. A new state record will be recognized only if the weight of the fish exceeds 1 oz or more than the weight of the previous state record for that species or recognized hybrid.
5. It is the responsibility of the fisherman to contact a TWRA fisheries biologist for positive identification of the fish. The fish must be fresh or frozen until positive species identity can be established.
6. Only two hybrid classifications, the striped bass x white bass (Cherokee bass) and the walleye x sauger (Saug-eye), will be considered for state record classification. Applicants must be willing to submit to the professional judgment of the certifying biologist as to the fish's hybrid status.
7. TWRA reserves the right to conduct genetic testing on any fish submitted as a state record to verify its species or hybrid status.
8. The completed application must be forwarded to the TWRA Fisheries Management Division within 30 days of the catch in order to be considered for a state record certificate.

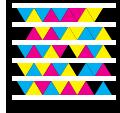

## FAT FREE SHAD®

NEW

X3  
XCALIBUR® HOOKS™

### FAT FREE SHAD® DEEP SQUARE LIP

The Bomber Square Lip Fat Free Shad takes square-lips to new depths. Two sizes are available; the BDSL6F dives to 10 feet and the BDSL7F to 14 feet, making them perfect for working mid-depth cover with that proven Fat Free profile, advanced color patterns and the snag-free abilities of a square lip.

## Turtles

A sport fishing license is required and only the common snapping turtle may be taken. Turtles taken by sport fishing methods may not be sold.

Common snapping turtles may be taken by all legal sport fishing methods except archery, spear-guns and dipping. Daily limit is 5 with a minimum legal length of 12 inches. (Length is determined by measuring the upper shell from front to back.) Sport fishermen may also take snapping turtles by the use of up to three hoop nets, with minimum net size of three inches on the square in Benton, Carroll, Chester, Crockett, Decatur, Dyer, Fayette, Gibson, Hardeman, Hardin, Haywood, Henderson, Henry, Houston, Humphreys, Lake, Lauderdale, McNairy, Madison, Obion, Perry, Shelby, Stewart, Tipton, and Weakley counties. Each net must be marked with the name and address of the owner. Each net must be set so that a portion of the catch area is above the water.

No turtle may be possessed while afield which has been altered to the extent that its species and/or length cannot be determined.

## »Attention Anglers

The Tennessee Wildlife Resources Agency is conducting an alligator snapping turtle restoration project in West Tennessee which involves the release of live alligator snapping turtles. Both adult and juvenile turtles have been released to restore this rare, native species. Alligator snapping turtles are listed in Tennessee as In Need of Management and are illegal to take.

### Alligator Snapping Turtle ▲

- Alligator snapping turtles have three large prominent ridges along the back, a large head, and a prominently hooked beak.
- Often reaches weights in excess of 30 pounds.
- Alligator snapping turtles have an extra row of scutes (scales) between the outer scale row and the large center scales.

### Common Snapping Turtle ▶

- Common snapping turtles have a smoother, rounded shell (especially as adults) without the three ridges, and a smaller head and weakly hooked beak.
- Rarely exceeds 30 pounds.
- Common snapping turtles do not have the extra row of scutes (scales) between the outer scale row and large central scales.

For more information or to report sightings of alligator snapping turtles, contact TWRA at 731.423.5725, or write to 200 Lowell Thomas Dr., Jackson, TN 38301

## Tennessee's Lake Sturgeon Project

Lake sturgeon are a primitive species that can grow to eight feet in length, weigh up to 300 pounds, and live 150 years. Since 2000, over 129,000 lake sturgeon have been stocked into the French Broad and Holston rivers near Knoxville and the Cumberland River near Nashville. These stocking efforts are part of a long-term program designed to restore reproducing populations of this primitive species to Tennessee waters. This species is known to travel long distances, so it is very likely that anglers could catch lake sturgeon in waters of the state other than where they were stocked. Angler reports are important to TWRA because they provide important movement and growth information needed to monitor the success of Tennessee's lake sturgeon reintroduction program.

Since 2006, 230 anglers have reported catching a sturgeon.

If you catch a lake sturgeon, please be as careful as possible not to harm the fish—avoid holding lake sturgeon by their tails and remember that fish cannot breathe while they are out of the water. Lake sturgeon are endangered in Tennessee and should be released immediately. If possible, note an approximate length before the fish is released. Additionally, TWRA would appreciate a picture of your lake sturgeon catch if you can take one without harming the fish.

In appreciation of your report, TWRA will issue you a numbered Lake Sturgeon Certificate (above) that features a color reproduction of a lake sturgeon drawn by renowned wildlife artist Joseph R. Tomelleri. If you catch a lake sturgeon please call the toll free number for your regional office (see page 4 of this fishing guide) or the Fish Management Division at (615) 781-6575. You will be asked to provide your name, address, and phone number and the following information about your catch: when and where you caught it, an approximate length, and what you were using for bait.

# BULLIT TO TACKLE ANY RIVER, LAKE, OR POND OR STREAM.

## THE 25 HWY MPG FISH FINDER.

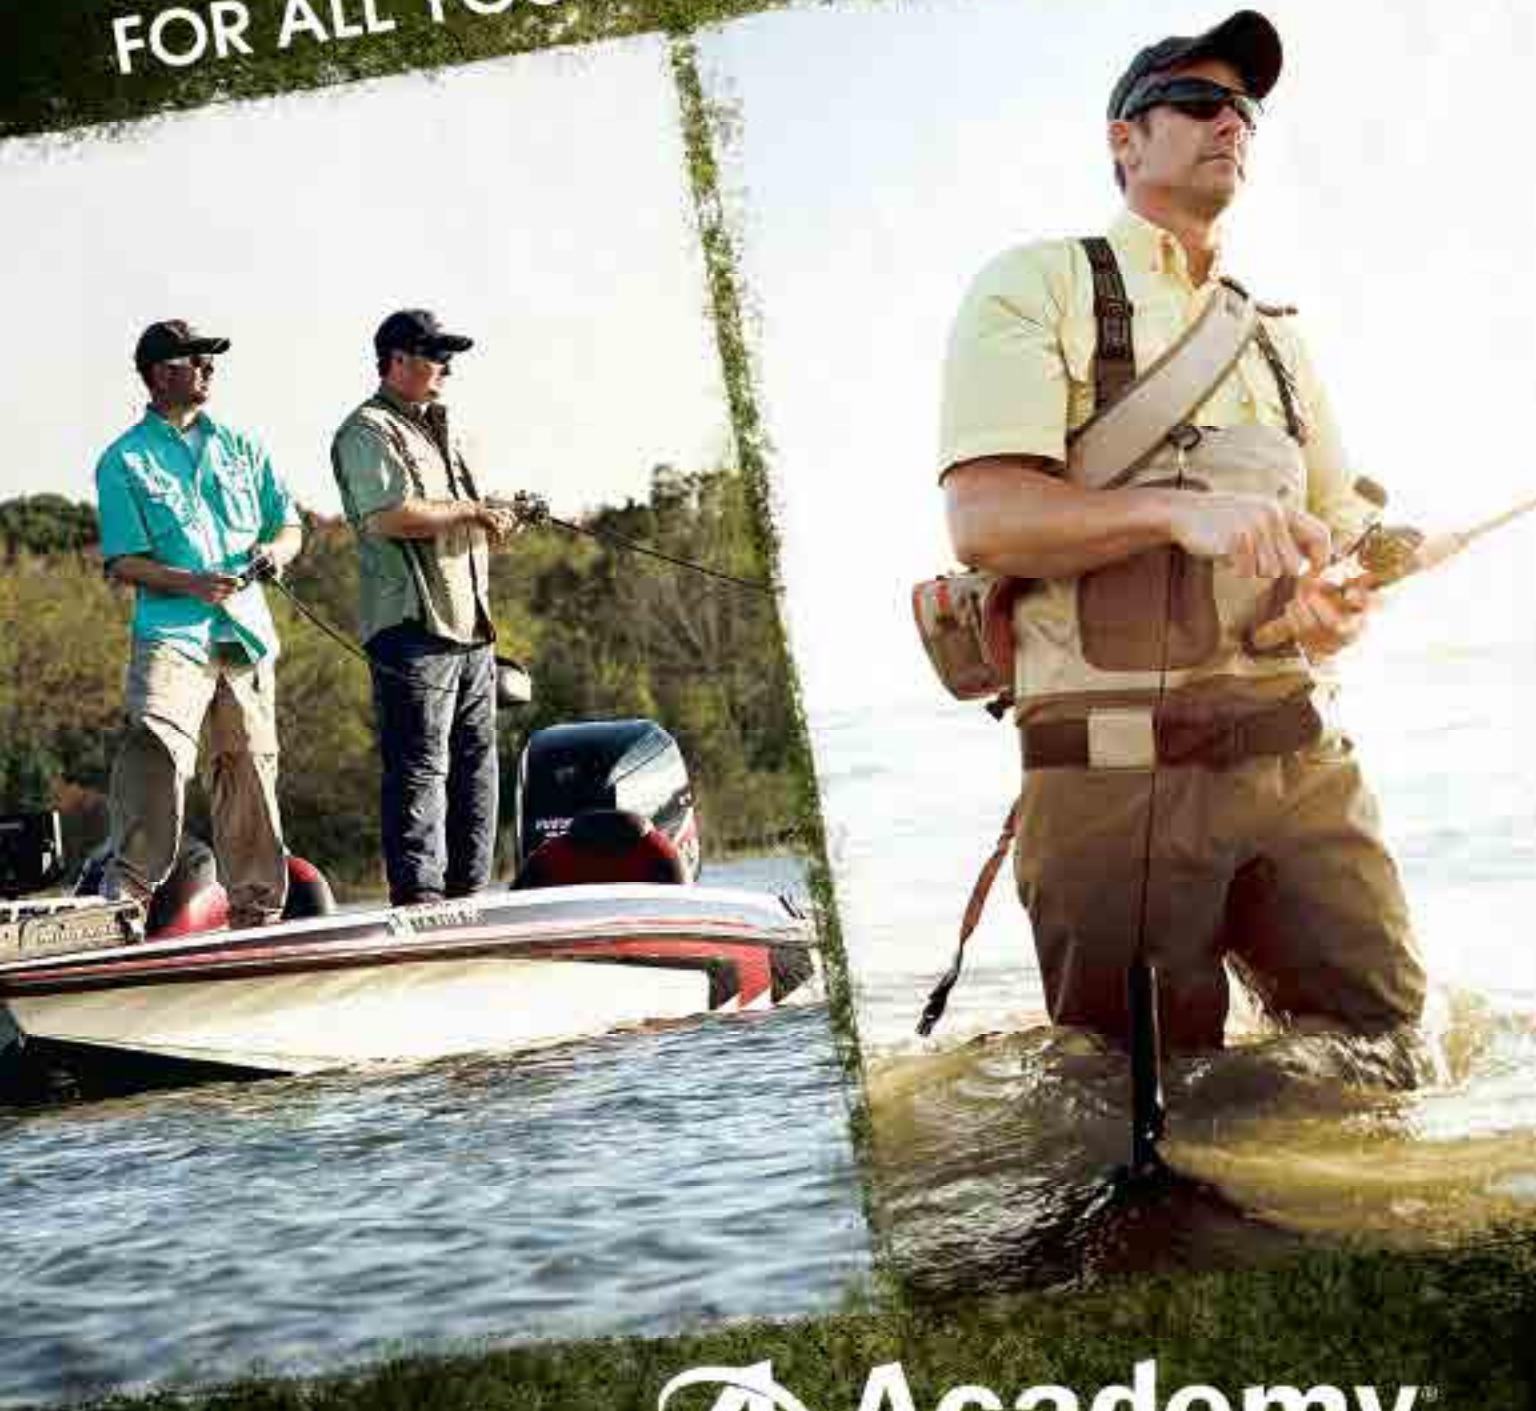

Get the look for the country's most fishing and boating destination taken on the Hwy 2000. Our powerhouses the Bullitt II and III are not up to the new class - they're built to last. The Bullitt II has a 100% solid wood hull and an all-new deck design. The Bullitt III has a 100% solid wood hull and an all-new deck design. A Bullitt II or III is the perfect addition to your community and a great learning experience for your students and your family. The Bullitt II and III are the best boats on the water.
