Celebrating over **65** years of Tennessee Wildlife!

The mission of the Tennessee Wildlife Resources Agency is to preserve, conserve, manage, protect, and enhance the fish and wildlife of the state and their habitats for the use, benefit, and enjoyment of the citizens of Tennessee and its visitors. The Agency will foster the safe use of the state's waters through a program of law enforcement, public education, and access.

*Waterfowl hunting has been
a long standing tradition for
many Tennessee families.*

Wood duck restoration projects included the installation of wood duck nesting boxes and banding after catching them with rocket nets on baited areas with corn.

Early days of Canada geese stocking, banding and relocation.

Hank Williams, Jr. was once a spokesman for TWRA and is still an ongoing supporter.

Cover image: The Early Days of Waterfowl Hunting in Tennessee.

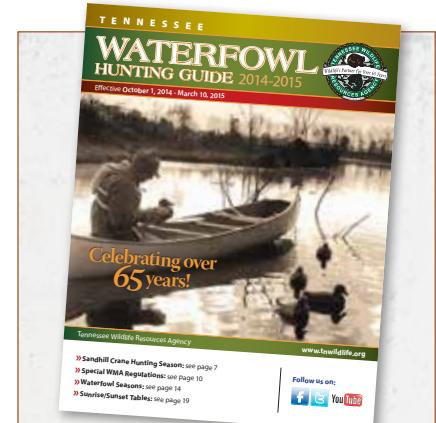

Hunting and fishing license sales and federal excise taxes comprise more than 90 percent of the TWRA's hunting and fishing operating revenues. Thank you for buying a hunting and fishing license. Without your support, Tennessee would not have fish and wildlife management programs.

This publication is not a legal document. It is a summary of Tennessee's waterfowl hunting regulations. More detailed information on hunting and trapping is available from local wildlife officers and all TWRA offices.

Equal opportunity to participate in and benefit from programs of the Tennessee Wildlife Resources Agency is available to all persons without regard to their race, color, national origin, sex, age, disability, or military service. TWRA is also an equal opportunity/equal access employer. Questions should be directed to TWRA, Human Resources Office, P.O. Box 40747, Nashville, TN 37204, (615) 781-6594 (TDD 781-6691), or to the U.S. Fish and Wildlife Service, Office for Human Resources, 4401 N. Fairfax Dr., Arlington, VA 22203.

Tennessee Wildlife Resources Agency, Authorization No. 328688, 80,000 copies, September 2014.
Printing of the Waterfowl Guide provided by the Tennessee Wildlife Resources Foundation in partnership with TWRA.

This public document was promulgated at a cost of \$.02 per copy.

About this Guide

This high-quality regulation guide is offered to you by the Tennessee Wildlife Resources Agency through its unique partnership with The Bingham Group.

The revenue generated through ad sales significantly lowers production costs and generates savings. These savings translate into additional funds for other important fisheries and habitat programs. Promotional advertisement does not constitute endorsement by TWRA.

DON'T SHOOT UNLESS YOU'RE SURE

Many protected species of waterfowl, wading birds, and other waterbirds occur alongside the many species of waterfowl that can be legally hunted in Tennessee. These species are protected by both state and federal law, and cannot be legally hunted anywhere in the state. Some protected species utilize the same habitats, possess similar coloration, and share the habits of many legally hunted birds.

Through careful study, accidental shootings of protected species can be prevented. Please help the Tennessee Wildlife Resources Agency prevent accidental shootings by familiarizing yourself with these protected species before heading into the field and remember, "Don't Shoot Unless You're Sure."

The Trumpeter and Tundra Swans are the largest and the only native, all-white waterfowl occurring in Tennessee. Both species are protected by both state and federal law in Tennessee and cannot be hunted. Until recently, John James Audubon had reported the last live Trumpeter Swans in Tennessee during his 1820 flatboat trip down the Mississippi River. As a result of intensive reintroduction efforts in the eastern United States, Trumpeter Swans returned to Tennessee in December of 2001 in Lauderdale County. Reintroduction of Trumpeter Swans is a cooperative effort between state, federal, and non-governmental organizations including sportsmen and nonconsumptive user groups. If you see a Trumpeter Swan in Tennessee, please report it to any TWRA Regional Office.

Historically, populations of both the Sandhill and Whooping Cranes in the eastern United States experienced widespread population declines. These declines resulted from the loss of wetland habitat and unregulated market hunting. The Sandhill Crane has experienced a tremendous recovery in recent years and migratory populations crossing through Tennessee are steadily increasing. Today, the Sandhill Crane is common in portions of western and eastern Tennessee. In fact, a limited Sandhill Crane hunting season was introduced in Tennessee along with the 2013-2014 waterfowl season.

A flock of Whooping Cranes migrating across Tennessee in October 2001 became the first migratory flock of that species in the state in over 100 years. An effort to reintroduce a migratory flock of Whooping Cranes to the eastern United States includes Tennessee as a vital part of the migratory journey. An ultralight aircraft serving as a surrogate parent to the Whooping Crane juveniles is teaching them the long forgotten migratory route through Tennessee to wintering grounds in Florida. Additional Whooping Cranes were led by aircraft in 2002 and several free-ranging Whooping Cranes can also be expected in the state from October–April.

If you have information regarding any illegal activities concerning protected species, please call the TWRA Poacher Hotline:

SANDHILL CRANE SEASON

Sandhill Crane Hunting Season in Tennessee

Sandhill crane hunting opens with the late waterfowl season on Nov. 22-23, 2014 and continues from Nov. 29 through Jan. 1, 2015. Only individuals with a Tennessee Sandhill Crane Quota Permit may hunt. The U.S., Canada and Mexico manage sandhill crane harvest through the same regulatory mechanisms as waterfowl and other migratory game birds. Listed as a game species, many central U.S. states, Canadian provinces and Mexico have been hunting cranes for over 50 years and all populations are stable or increasing.

North American Sandhill Cranes

Sandhill cranes are the most numerous and wide ranging of all worldwide crane species with a population exceeding 600,000. There are six distinct migratory populations of sandhill cranes with breeding ranges extending across North America. During migration, sandhill cranes congregate in large numbers at staging areas of mid-latitude states and then migrate to wintering areas in the southern U.S. and Mexico. Hunting occurs on four of the six migratory sandhill crane populations with over 26,000 cranes harvested annually. The hunting of sandhill cranes continues to grow in popularity since the first U.S. hunts in 1961.

The Eastern Population of sandhill cranes has undergone an impressive recovery by rebounding from an estimated 25 breeding pairs in the 1930s to a minimum population of over 87,000 in recent years. The core breeding range lies in south-central Ontario, Michigan, and Wisconsin extending into adjacent Illinois, Iowa, Minnesota, and Quebec. In recent years this breeding range has expanded south to Indiana, Ohio and Iowa, and east to several New England states. The Atlantic and Mississippi Flyways are the main migratory routes of the Eastern Population. These cranes winter primarily in Florida and Georgia though recently cranes are wintering further north in Tennessee, Kentucky, Indiana and even southern Ontario.

Tennessee Sandhill Cranes

The sandhill cranes migrating through or wintering in Tennessee make up a large portion of the Eastern Population. These cranes are considered the world's second largest sandhill crane population. Tennessee has wintered over 23,000 cranes in each of the last five years. Two areas serve as the primary migration and wintering areas: Hiwassee Wildlife Refuge, where thousands can be seen at one time, and Hop-in Refuge and surrounding lands near Reelfoot Lake in west Tennessee which attract several thousand birds. Smaller groups of cranes can be seen scattered across the Tennessee landscape, too.

2014-15 Sandhill Crane Hunting

Quota Hunt Hand-Held Draw: Oct. 18, 2014 at the Birchwood Community Center in north Hamilton county. Check www.tnwildlife.org for updates and details.

Hunt Dates: Nov. 22-23, 2014 and Nov. 29, 2014 - Jan. 1, 2015.

Hunt Zone: South of Interstate 40 and east of State Highway 56.

Limits: Daily bag, season bag, and possession limit is 3 cranes per permit holder.

Shooting Hours: Sunrise to 3 p.m. (EST)

Check-in: Harvested cranes must be accompanied by a completed kill tag and checked in by the end of the calendar day by mailing completed business reply card on the permit.

Federal Regulations: No shotguns larger than 10-gauge or capable of holding over 3 shot shells. Federally approved non-toxic shot is required.

Notes: All wildlife refuges are closed to sandhill crane hunting.

Hunters are required to fill out and return a post-season survey.

Permit Drawing

A total of 400 3-permit packets will be issued by hand-held draw on October 18, 2014. Please check the TWRA website for further details and updates. Leftover permits will be available on a first-come, first-served basis at regional offices or other locations designated by TWRA. An Annual Hunting and Fishing License (Type 001), plus a Tennessee Waterfowl License (Type 005) or equivalent licenses (such as Lifetime or Annual Sportsman), is required in order to enter the draw or obtain a leftover permit. Permits are non-transferable and individuals must be present to obtain the permits.

Sandhill Crane Identification Test

All sandhill crane hunters must pass an internet-based crane ID test each year before hunting. All permits issued are invalid until their "Sandhill Crane Test" validation code is written on the permit. The purpose of this test is to improve hunter's awareness and ability to distinguish between sandhill cranes and other protected species which may be encountered while hunting. Test will be available at tnwildlife.org just prior to the drawing date.

Whooping Crane

There are approximately 100 whooping cranes in an experimental eastern migratory population and they share similar physical characteristics as well as habitats with the sandhill crane. An intensive reintroduction effort started in 1999 in which whooping cranes were taught their migratory path from Wisconsin to Florida by an ultra-light aircraft. Take the protection of this rare species seriously. Be sure that bird you intend to shoot is a sandhill crane. Accidental or intentional shooting of a whooping crane is considered a dual violation and subject to state and federal laws. Please be sure of your target.

LICENSE FEES

All waterfowl hunters are required to have the following in order to hunt waterfowl in Tennessee:

1. Federal Duck Stamp (except as noted below)
2. Tennessee Migratory Bird Permit (HIP permit)
3. A state of Tennessee hunting license
4. Tennessee Waterfowl License (only required if purchasing Type 001 hunting license)
5. Other permits may be required depending on where you hunt (such as WMA permit, Reelfoot Preservation permit, WMA quota hunt permit)

Refer to the current *Tennessee Hunting and Trapping Guide* for regulations regarding waterfowl hunting on individual WMAs.

Federal Duck Stamp

\$15

Federal law requires that each waterfowl hunter, age 16 and over, carry on his/her person, in addition to a hunting license and state migratory bird permit, a valid Federal Migratory Bird Hunting and Conservation Stamp (Federal Duck Stamp) signed in ink across the face. These can be obtained through the Post Office, National Wildlife Refuge offices, and some discount and sporting goods stores. The stamps can also be purchased online at www.duckstamp.com

Tennessee Migratory Bird Permit

Resident and nonresident hunters must possess a Tennessee Migratory Bird Permit to hunt waterfowl and other migratory birds in Tennessee, available anywhere that hunting and fishing licenses are sold. The following do not need this permit:

- Landowners hunting on their own land
- Disabled veterans
- Tennessee residents 65 years or older
- Tennessee residents under 13 years of age
- Lifetime Sportsman license holders

Migratory Bird Permit (Type 006)

\$2

Migratory Bird Permit (Type 007)

no fee

Only available to Annual Sportsman license holders.

Resident Licenses

Hunting and Fishing Combination (Type 001) Age 16–64	\$28
------------------------------------------------------	-------------

Tennessee Waterfowl (Type 005) Age 16 and over Needed in addition to Type 001 if waterfowl hunting.	\$31
--------------------------------------------------------------------------------------------------------	-------------

Annual Sportsman (Type 004) Age 16–64	\$136
---------------------------------------	--------------

An all-inclusive license valid for hunting, trapping, and sport fishing. No supplemental licenses are required, but other permits may need to be purchased. Allows holders to apply for quota hunt permits at no additional fee.

Lifetime Sportsman	Age determines the cost
--------------------	--------------------------------

An all-inclusive license valid for hunting, trapping, and sport fishing. No supplemental licenses are required, but other permits may need to be purchased. Allows holders to apply for quota hunt permits at no additional fee. Applications and fee listings by age are available at your TWRA regional offices and on the TWRA website.

Junior Hunt/Trap/Fish (Type 002)	\$8
----------------------------------	------------

Age 12 and under. No license required. WMA, special season permits, or quota hunt permits may be required.

Ages 13-15. An all-inclusive license valid for hunting, trapping, and sport fishing. No supplemental licenses are required, but special season and WMA permits may need to be purchased. Fees are charged when applying for quota hunt permits and "leftover" permits.

Permanent Sr. Citizen Hunt/Fish/Trap (Type 166)	\$11
-------------------------------------------------	-------------

Available at all license agents and can only be purchased when 65th birthday is reached. A valid Tennessee driver's license or proof of residency is required. Applications with proof of age and residency may be submitted by mail. An all-inclusive license valid for hunting, trapping, and sport fishing. No supplemental licenses are required, but special season and WMA permits may need to be purchased. Fees are charged when applying for quota hunt permits and "leftover" permits.

Nonresident Licenses - Adult (Age 16 and Over)

7-Day Hunt – Small Game/Waterfowl (Type 072)	\$50.50
----------------------------------------------	----------------

Annual Hunt – Small Game/Waterfowl (Type 071)	\$91.00
-----------------------------------------------	----------------

7-Day Hunt - All Game (Type 074)	\$175.50
----------------------------------	-----------------

Annual Hunt - All Game (Type 073)	\$251.00
-----------------------------------	-----------------

Nonresident Licenses - Junior

Age 12 and under—no license required. Special season permits or quota hunt permits may be required.

Annual Junior Hunt/Trap/Fish (Type 070)	\$9
-----------------------------------------	------------

Required for nonresidents ages 13–15 to fish or hunt small game (including waterfowl). A Type 085 or 086 is required to hunt big game.

7-Day Junior Hunt - All Game (Type 085)	\$25
-----------------------------------------	-------------

Annual Junior Hunt - All Game (Type 086)	\$40
------------------------------------------	-------------

Wildlife Management Area Permit

Everyone who hunts on wildlife management areas that require permits must have a WMA permit **except**: holders of the Annual or Lifetime Sportsman License, seniors with a Type 167 permit, or juveniles under age 16 hunting small game or waterfowl. A complete list of WMAs, including those that require permits, can be found in the current *Tennessee Hunting and Trapping Guide*. Refer to this guide for regulations regarding waterfowl hunting on specific WMAs. Permit cost is the same for residents and nonresidents.

NOTE: Juvenile hunters must be accompanied by an adult with a valid WMA permit, if required by that WMA.

1-Day WMA Small Game and Waterfowl (Type 092)	\$10.50
Annual WMA Small Game and Waterfowl (Type 091)	\$51.00
Annual Senior Citizen Permit (Type 167)	\$41.00

May be purchased only by holders of a Type 165 or Type 166 license. It covers all small game, waterfowl, and non-quota permits required by TWRA and allows holders to apply for quota permits without additional fees.

Reelfoot Preservation Permit

Required for all users of Reelfoot WMA except those under 16 years of age, residents 65 years or older and holders of an Annual or Lifetime Sportsman License. Permit cost is the same for residents and nonresidents.

1-Day Reelfoot Preservation Permit (Type 090)	\$3.50
3-Day Reelfoot Preservation Permit (Type 088)	\$10.50
Annual Reelfoot Preservation Permit (Type 089)	\$17.00

Special Regulations

Hunting Hours

Ducks, Geese, Gallinules, Rails, Coots: One-half hour before sunrise to sunset (except where otherwise noted).

Sandhill cranes: sunrise to 3 p.m. (EST)

Plugged Shotguns

No person shall hunt migratory game birds, except crows, with a shotgun of any description capable of holding more than three (3) shells, unless it is plugged with a one-piece filler, incapable of removal without disassembling the gun, so its total capacity does not exceed three (3) shells.

Legal Shot

All federally approved non-toxic shot (bismuth-tin, steel, tungsten-bronze, tungsten-iron, tungsten-matrix, tungsten-nickel-iron, tungsten-polymer, tungsten-tin-bismuth or tungsten-tin-iron-nickel) are legal for waterfowl hunting. A complete list is available at www.FWS.gov/migratorybirds/currentbirdissues/non-toxic.html

Possession or use of any loose shot other than non-toxic shot or any shotgun shells other than non-toxic while hunting waterfowl, sandhill cranes, coots, gallinules, Virginia rails and sora rails is prohibited.

The image shows the exterior of a two-story building with a red roof and white trim, identified as Franklin Gun Shop. In front of the building is a sign that reads "FRANKLIN GUN SHOP.com 6,000 GUNS PERMIT CLASSES - DISCOUNTS EXIT 65 RIGHT HERE!". The interior of the shop is visible through large glass windows, showing various firearms and accessories displayed on shelves and racks.

WILDLIFE MANAGEMENT AREAS

Miscellaneous WMA Regulations

Temporary blinds and decoys must be removed at the end of shooting hours each day.

All decoys from permanent registered and annual draw blinds must be removed by the owner of the blind within 10 days after the close of waterfowl season.

Youths hunting waterfowl on a WMA: Youths, ages 6–15, must be accompanied by an adult, 21 years of age or older, who must remain in position to take immediate control of the hunting device except as otherwise noted.

Wheelchair-bound hunts, zones, or blinds are open to hunters who are totally and permanently confined to a wheelchair as certified by a physician. Certain WMAs have special blind sites established for wheelchair-bound hunters which include: Cheatham Lake, North Chickamauga Creek, Old Hickory, Reelfoot, and West Sandy. See specific WMAs for regulations. On wheelchair-bound waterfowl hunts, each wheelchair-bound hunter must be accompanied by at least one, but not more than three assistants (at least one of whom must be age 16 years or older), who may also participate in the hunt.

West Sandy wheelchair-bound hunts are first-come, first-served. Applications for Reelfoot, Cheatham, and Old Hickory wheelchair-bound hunts must be received by the TWRA Region I (Reelfoot) or Region II office by noon on the fourth Friday of October. Applications for Cheatham and Old Hickory are available from the Region II office, (615) 781-6622. Applications for Reelfoot are available from the Reelfoot office, (731) 253-7343 or at www.tnwildlife.org. Information for North Chickamauga Creek (Varner Unit) is available from the Region III Office, (931) 484-9571.

Special Closing Times on WMAs

- Waterfowl hunting on all WMAs is open until sunset on the last day of each segment of the duck season (except for North Chickamauga Creek and Fort Loudoun WMAs).
- WMAs with special closing times are open all day, each day of the Youth Waterfowl Season.
- During the waterfowl season, hunting on Camden (Unit I), Gooch (Units A and E), John

Tully, Obion River (Maness Swamp Hunt Unit), Old Hickory, Reelfoot, South Fork Refuge, Thorny Cypress (Pools 10, 11, 12), Tigrett, West Sandy, White Oak and Wolf River closes at 3 p.m. (CST) except on the last day of each segment of the season when hunting closes at sunset.

- No waterfowl hunters are allowed on the unit or access area of Barkley (Unit I), Big Sandy, Camden (Unit I and II), Cheatham Lake, Chickamauga, Gooch (Unit A and E), Haynes Bottom, Obion River (Maness Swamp Hunt Unit), Old Hickory (Units I and II), South Fork Refuge, Three Rivers, Tigrett, West Sandy and White Oak from 2 hours after legal shooting hours have ended until 4 a.m. the following day.

Special Regulations on WMAs

REGION 1

BARKLEY WMA UNIT I:

Closed on Monday, Tuesday, and Friday except the first and last day of each segment of the late duck and goose seasons. All activities are prohibited in the sub-impoundments for the five days before each opening day of the statewide duck season and on days when waterfowl hunting is closed. No fishing, trapping or hunting of any species, except waterfowl, during days open to duck hunting.

BIG SANDY WMA (including Gin Creek):

Closed on Tuesdays and Fridays except the first and last day of each segment of the late duck and goose seasons. All activities are prohibited in the sub-impoundments for the five days before each opening day of the statewide duck season and on days when waterfowl hunting is closed. No fishing, trapping or hunting of any species, except waterfowl, in the sub-impoundments during the late duck season.

BOGOTA WMA:

All hunt units except Pool 1 will be allocated by a special computerized draw (see page 13). Youth waterfowl hunts (Jan. 31 and Feb. 7, 2015; ages 6–15) will be allocated by a hand-held drawing at the Dyersburg work base on January 19, 2015 at 6 p.m. (CST)

BOGOTA WMA (Pool 1):

Waterfowl hunting during the late duck season permitted only on Friday, Saturday, Sunday and the first and last day of each segment. No waterfowl hunters are permitted on the unit or access area from two hours after legal shooting hours have ended until 4 a.m. the following day. Temporary blinds only. All decoys, temporary blinds, blind materials and boats must be removed daily.

CAMDEN UNIT I:

All activities are prohibited in the sub-impoundments for the five days before each opening day of the statewide duck season. No fishing, trapping or hunting of any species, except waterfowl, during the late duck season.

NEW GOOCH UNIT A AND UNIT E:

All activities are prohibited in the sub-impoundments for the five days before the opening day of the statewide duck season. No fishing, trapping or hunting of any species, except waterfowl, during the late duck season.

Gooch Unit E - waterfowl hunting will be restricted to designated blind sites allocated by a special computerized drawing (see page 13). No fishing, trapping or hunting of any species, except waterfowl, during the late duck season. No permanent blinds. All temporary blinds, blind materials, and boats must be removed from the unit daily.

HORNS BLUFF REFUGE:

The portion of Horns Bluff Refuge that is north of the main river channel is open for waterfowl hunting on Saturdays and Sundays during the late duck season(s). Hunting closes at 3 p.m. and no one is allowed on the area before 4 a.m. or after 5 p.m.

JOHN TULLY:

(Fig Field Unit/Fullen North Tract)

Waterfowl hunts (opening weekend and Fri-Sun hunts) will be allocated by weekly hand-held drawings on the Monday prior to the hunt at 6:00 p.m. at the John Tully Field Office. Waterfowl hunting closes at 3 p.m. and is allowed only from designated locations.

NEW MEEMAN-SHELBY FOREST STATE PARK AND NATURAL AREA:

Waterfowl hunting is restricted to designated blind sites allocated by a special computerized drawing (see page 13).

OBION RIVER WMA -

MANESS SWAMP HUNTING UNIT

Hunting unit is open on Friday, Saturday and Sunday of the late duck seasons.

SOUTH FORK REFUGE:

Waterfowl hunting during the late duck season permitted on Saturdays and Sundays and the first and last day of each segment.

WEST SANDY:

All activities are prohibited in the sub-impoundments for the five days before each opening day of the statewide duck season. No fishing, trapping or hunting of any species, other than waterfowl, in the sub-impoundments during the late duck season.

WHITE OAK:

Same as statewide seasons except waterfowl hunting closes at 3 p.m. (CST) during the late duck season(s) and all types of watercraft and waterfowl hunters are prohibited on the area from 5 p.m. until 4 a.m. (CST) during the late season. Also, all water traffic is prohibited five days before each opening day of the statewide duck season. All decoys, temporary blinds, blind materials and boats must be removed daily.

Temporary blinds only. No waterfowl hunters permitted on the area or access areas before 4 a.m. opening day, and from 5 p.m. to 4 a.m. the following days during the late duck season.

***NEW* WHITE OAK (Lebanon Pond Area):**

Waterfowl hunting is restricted to designated blind sites allocated by a special computerized drawing (see page 13).

***NEW* THORNY CYPRESS WMA:**

All hunt units, except pools 10, 11 and 12, will be allocated by a special computerized draw (see page 13).

Youth waterfowl hunts (Jan. 31 and Feb. 7, 2015; ages 6-15) will be allocated by a hand-held drawing at the Dyersburg work base on Jan. 19, 2015 at 6 p.m. (CST)

THORNY CYPRESS WMA (Pools 10, 11, and 12):

Waterfowl hunting during the late duck season

permitted only on Friday, Saturday and Sunday and the first and last day of each segment. All hunting closes at 3 p.m. (CST) each day, except the last day of each segment of the season when hunting closes at sunset. No waterfowl hunters are permitted on the unit or access area from two hours after legal shooting hours have ended until 4 a.m. the following day. No permanent blinds. All decoys, temporary blinds, blind materials and boats must be removed daily.

REGION II

AEDC & WOODS RESERVOIR REFUGE, CHEATHAM LAKE WMA and HAYNES BOTTOM WMA:

All areas closed on Monday, Tuesday and Friday except the first and last day of each segment of the late duck season.

REGION III

CHICKAMAUGA

(Candies Creek, Johnson Bottoms, Rogers Creek and Yellow Creek Units):

All hunts (except Youth Waterfowl) will be allocated by a special computerized drawing (see page 13).

Open each Thursday, Friday, Saturday, Sunday and the first and last day of the statewide waterfowl season. Hunting ends at 3 p.m. (EST) on Thursday and Friday and sunset on Saturday and Sunday. All hunting during the regular duck season is from registered blinds only. During Youth Waterfowl hunts, youths may hunt from registered blind sites on a first-come, first-served basis, and must enter the hunting area only from established TWRA parking areas.

NORTH CHICKAMAUGA CREEK:

Open each Tuesday, Thursday, Saturday and the first and last day of the statewide season. Hunting ends at noon each day. Shot size No. 2 or smaller is required.

REGION IV

FORT LOUDOUN:

Same as statewide waterfowl seasons, except only open on Monday, Wednesday and Friday. Hunting ends at noon each day. Shot size BBB or smaller is required.

ATTENTION: According to Tennessee law (TCA Section 70-4-108) when hunting on public land or waters, you can not hunt within 100 yards of a visible dwelling without the owner's permission.

WATERFOWL HUNTING ON WMAs

GENERAL REGULATIONS

Blind Site Drawings

A Lifetime or an Annual Sportsman License, an Annual Small Game and Waterfowl Permit (along with a Type 001 or Type 071), or an Annual Senior Citizen Permit (along with a Type 166) are the minimum needed to enter the blind site drawings. In addition, a Tennessee Migratory Bird Permit (see exceptions list on page 6) and a Federal Duck Stamp will be required to hunt.

Hand-Held Drawings

A hand-held drawing will be held on the first Saturday in August for permanent (annual) waterfowl blind sites on AEDC (Woods Reservoir), Barkley (Unit I), Big Sandy (including Gin Creek Unit), Camden (Units I and II), Cheatham Lake, Gooch (Unit A), Harmon Creek, Haynes Bottom, Old Hickory (Units I and II), Reelfoot, Tigrett and West Sandy. Individuals wishing to compete in the drawing must appear in person at the designated location and submit an application between 7 a.m. and 10 a.m. The drawing will be held immediately after the last person signs up. One application is permitted per person and no one may apply for more than one area. Each applicant must be at least sixteen (16) years of age to compete in the drawing or sign-on.

The permittee, who is the person to whom the TWRA issued the permit, must occupy his/her blind by the legal daily opening shooting time

on days he/she wishes to hunt. If the blind is unoccupied at that time by the permittee, the first person or party occupying the blind shall be entitled to the privilege of its exclusive and uninterrupted use until the end of shooting hours that day. Exclusive and uninterrupted use entitles the person or party to the right to exclude all others from the blind, at the person's or party's option, except for law enforcement personnel engaged in the performance of their duties. The permittee has priority use (exclusive and uninterrupted) only if he/she is at the blind on or before the legal daily opening shooting time, regardless of whether or not the blind is occupied by another person or party, provided the permittee produces identification and his/her blind permit. No more than 8 individuals age 16 or older may occupy a permanent draw blind at any time. No restrictions on the number of youths under age 16.

Permanent Draw Blind Sites

Waterfowl hunting on all the above WMAs (except Big Sandy, Camden [Unit II], Harmon Creek, Reelfoot, and West Sandy) permitted only from permanent blind sites allocated by the annual hand-held drawing, unless otherwise specified. On Big Sandy, Camden (Unit II), Harmon Creek, Reelfoot, and West Sandy, hunting is permitted from registered blind sites

and from temporary blinds or hides. Blinds, blind materials, boats, hides and decoys must be removed at the end of the shooting hours each day.

Permanent Registered Blinds

West Sandy (Springville Bottoms) and Reelfoot Lake

A Lifetime or an Annual Sportsman License, an Annual Small Game and Waterfowl Permit (along with a Type 001 or Type 071) or an Annual Senior Citizen Permit (along with a Type 166) is required to register blinds on West Sandy. West Sandy blind sites must be registered at the designated location on the first Saturday in August by 10 a.m. (CST).

A Reelfoot Waterfowl Blind Permit (Type 025) is required to register blinds on Reelfoot Lake. Reelfoot blinds must be registered with the TWRA manager prior to August 1.

All blind sites will be given a registration number, which must be displayed, using lettering 2 inches or larger inside the blind, or on a stake at floating blind sites. When floating blinds are moved to designated blind stakes, the number must be immediately transferred from the stake to the blind. No blind may be constructed or repaired or any floating blinds moved onto the area that have not met the deadlines for registering the blind. Unregistered and/or unnumbered blinds are subject to removal.

Individuals claiming permanent blind sites on these two areas may not compete for blind site drawings on any other areas.

Computerized Drawings

Blind/pool sites at Bogota, Chickamauga (Candies Creek, Johnson Bottoms, Rogers Creek, and Yellow Creek Units), Gooch (Unit E), Meeman-Shelby Forest State Park and Natural Area, Thorny Cypress, White Oak (Lebanon Pond area) will be allocated by a computerized drawing. Hunters can apply through any TWRA license agent or on the internet at www.tnwildlife.org from Sept. 10 - Oct. 1, 2014. There is a \$10 application fee plus a \$1 license agent fee for applying through a TWRA license agent. For applying on the internet the application fee is \$10 plus a \$2.50 fee charged by the company handling internet sales. Annual (Type 004) and Lifetime Sportsman license holders and seniors possessing Type 167 permits are exempt from the application fee.

Hunters that are successful in drawing a blind/pool site on Bogota and Thorny Cypress must, within two weeks of their hunt date, return to TWRA a "Notice of Intent" which states they do intend to hunt their assigned blind/pool. Hunters that are successful in drawing a blind site on Chickamauga (Candies Creek, Johnson Bottoms, Rogers Creek and Yellow Creek), Gooch (Unit E),

Meeman-Shelby Forest State Park and Natural Area, and White Oak (Lebanon Pond area) must by Nov. 7, 2014 return to TWRA a "Notice of Intent" which states they do intend to hunt their assigned blind pool. If the "Notice of Intent" to hunt is not received by TWRA by the specified deadline, the blind/pool will become vacant. Any vacant blinds/pools, will be reallocated by a hand-held drawing. For the Candies Creek, Johnson Bottoms, Rogers Creek and Yellow Creek Units of Chickamauga, a hand-held drawing for vacant blinds will be conducted Monday, Nov. 17th at 6 p.m. (EST) at the Hiwassee Refuge, 525 Priddy Lane, Birchwood, TN 37308. Information concerning availability of vacant blinds/pools can be obtained through the TWRA website (www.tnwildlife.org), or by contacting the Region III Office at 1-800-262-6704.

For Gooch (Unit E), Meeman-Shelby Forest State Park, and White Oak (Lebanon Pond area), a hand-held drawing for vacant blind sites will be held on Saturday, Nov. 15, 2014. Registration for the drawing will begin at 8 a.m. and the drawing will take place at 10 a.m. Drawings will be held at the following sites: Gooch Unit E will be at the Kenton Gym, 206 W College St. in Kenton, TN 38233 (for information contact Larry Armstrong at (731) 749-5587); Meeman-Shelby Forest State Park and Natural Area will be at Shelter #6 behind the swimming pool (for information

contact Chris Park at (901) 876-5169); White Oak (Lebanon Pond area) will be at the Milledgeville City Park, behind the Milledgeville Fire Station off of Highway 22A (for information contact Pete Creech at (731) 687-3444).

For Bogota and Thorny Cypress, hand-held drawings for vacancies will occur each Monday at 6 p.m. (local time) at the Dyersburg TWRA Workbase during the late waterfowl season from Nov. 18 through Jan. 24. Information concerning availability of vacant blinds/pools can be obtained through the TWRA website (www.tnwildlife.org), or by contacting Jason Maxedon at (731) 285-6124.

All hunting is from designated temporary blind sites only. A blind may not be hunted unless a hunter who was drawn for that blind site and hunt date is present and possesses a valid TWRA blind site confirmation number. If a drawn hunter is not present the blind site will not be hunted. A hunter drawn for a blind may bring up to four additional hunters. Decoys and temporary blinds may be left out during the specified hunt period. Decoys must be removed upon completion of the hunt on the last hunt day.

No blind may be locked or barricaded to deny entrance to other hunters when the blind is not in use.

For area information www.dalehollowlake.org

Whether it be big game or small, by rifle or arrow, Clay County, Tennessee offers a veritable treasure of prime and private hunting lands. The county hosts a significant portion of the Army Corps of Engineer's Dale Hollow Lake complex, which opens most of its public land to hunting. This is complemented by numerous private farms and other grounds that permit hunting.

WATERFOWL SEASONS AND BAG LIMITS

Species	Statewide Duck Zone (the remainder of the state outside the Reelfoot Lake Duck Zone)	Reelfoot Duck Zone (the lands and waters within the boundaries of Reelfoot Lake WMA only)	Daily Bag Limit	Possession Limit
Ducks, Coots & Mergansers	Nov. 22-23, 2014 Nov. 29, 2014 - Jan. 25, 2015	Nov. 15-16, 2014 Nov. 29, 2014 - Jan. 25, 2015	Ducks: The Daily bag limit of ducks is 6, and may include no more than 4 mallards (no more than 2 of which may be female), 3 scaup, 3 wood ducks, 2 pintails, 2 redheads, 1 black duck, 1 canvasback. Coots and Gallinules: 15 Mergansers: 5 (only 2 of which may be hooded mergansers) Virginia and Sora Rails: 25	The maximum number of birds that could have legally been taken in 3 days, except on opening day and the second day of the season when the possession limit is the daily bag limit and two times the daily bag limit, respectively.
Gallinules & Moorhens	Nov. 22-23, 2014 Nov. 29, 2014 - Jan. 25, 2015	Nov. 15-16, 2014 Nov. 29, 2014 - Jan. 25, 2015		
Virginia & Sora Rails	Nov. 22-23, 2014 Nov. 29, 2014 - Jan. 25, 2015	Nov. 15-16, 2014 Nov. 29, 2014 - Jan. 25, 2015		
Youth Waterfowl Hunting Season* (for youths 6–15 years of age)	Jan. 31, 2015 and Feb. 7, 2015	Jan. 31, 2015 and Feb. 7, 2015	Same as regular season daily bag limits.	

* **Federal regulations** allow only youth waterfowl hunters from 6–15 years of age to participate. An adult at least 21 years of age must accompany the youth hunter into the field and must remain in a position to take immediate control of the hunting device. Multiple youths may be accompanied by a single qualifying adult. The adult accompanying the young hunter may not hunt ducks but may participate in other open seasons. Geese, coots, gallinules, moorhens, and ducks may be taken by youths during the Youth Waterfowl Season. WMAs with special closing times are open all day, each day of the Youth Waterfowl Season.

Species	Standard Season	Conservation Season	Daily Bag Limit	Possession Limit
Blue, Snow & Ross' Geese	Standard federal regulations apply (unplugged shotguns and electronic calls NOT allowed) Nov. 22-23 2014 Nov. 29, 2014 - Feb. 7, 2015	The following Conservation Provisions apply during the conservation season only: Unplugged Shotguns and Electronic Calls are allowed. Feb. 8, 2015 - Mar. 10, 2015.	20*	There is no possession limit for blue, snow and ross' geese except on opening day and the second day of the season when the possession limit is the daily bag limit and two times the daily bag limit, respectively.
White-Fronted Geese	Nov. 22-23, 2014 Nov. 29, 2014 - Feb. 7, 2015	—	2	The maximum number of birds that could have legally been taken in 3 days, except on opening day and the second day of the season when the possession limit is the daily bag limit and two times the daily bag limit, respectively.
Brant	Nov. 23, 2014 – Jan. 31, 2015	—	2	

* The daily bag limit remains at 20 during the conservation season.

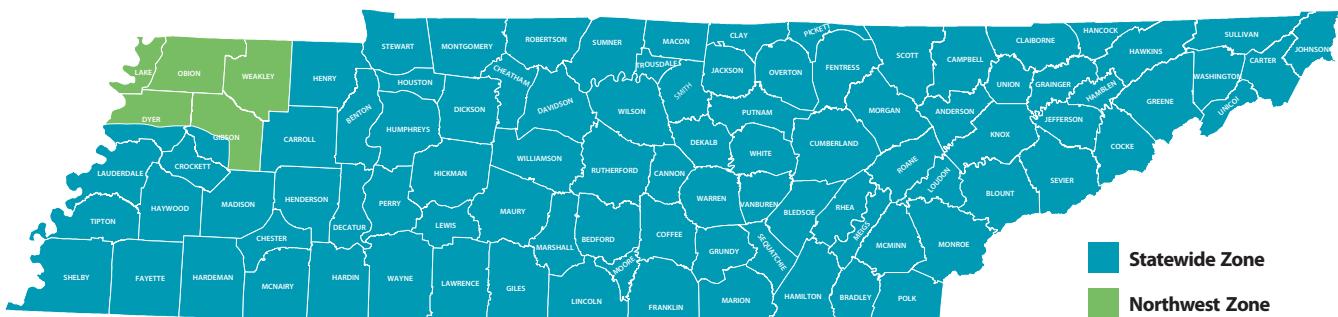

Species	Season and Zone	Permits and Limits
Sandhill Crane*	Nov. 22-23, 2014 and Nov. 29, 2014 - Jan. 1, 2015 Standard federal regulations apply.	Daily bag, season bag, and possession limit is 3 cranes. Harvested cranes must be accompanied by a completed kill tag and be checked in by the end of the calendar day of harvest by mailing completed business reply card on the permit. Also, hunters must fill out and return a post-season survey. Failure to return the post-season survey will be a violation of this proclamation.
	South of Interstate 40 and east of State Highway 56.	

* 400 3-permit packets will be issued by handheld draw. A Type 001 Hunting & Fishing License and Type 005 Waterfowl License or equivalent are required to enter the draw. Leftover permits will be available on a first come basis at regional offices. Permits are non transferable. Permits are invalid until proof of passing a bird identification test the year the permit is obtained and permit is signed by the individual.

CANADA GOOSE SEASONS

Canada Goose Zones

Species	Statewide Canada Goose Zone	Northwest Canada Goose Zone	Daily Bag Limit	Possession Limit	
Canada Geese	All counties and portions of counties not included in the Northwest Zone.	Lake, Obion, and Weakley counties; that portion of Dyer County, excluding that portion south of Hwy 104; and Gibson County excluding that portion bounded on the south by Hwy 104 and on the west by Hwy 45W.	Oct. 11-15, 2014 Nov. 15-16, 2014 Nov. 29, 2014 - Feb. 7, 2015	3	The maximum number of birds that could have legally been taken in 3 days, except on opening day and the second day of the season when the possession limit is the daily bag limit and two times the daily bag limit, respectively.

FEDERAL REGULATIONS SUMMARY

In addition to state regulations, the following federal rules apply to taking, possession, shipping, transporting, and storing of migratory game birds. This is only a summary. Each hunter should also consult actual regulations, which may be found in Title 50, Code of Federal Regulations, Part 20.

Restrictions

No person shall take migratory game birds:

- With a trap, snare net, rifle, pistol, swivel gun, shotgun larger than 10-gauge, punt gun, battery gun, machine gun, fishhook, poison, drug, explosive or stupefying substance.
- With a shotgun capable of holding more than three shells, unless it is plugged with a one-piece filler which cannot be removed without disassembling the gun.
- From a sink box (a low floating device, having a depression affording the hunter a means of concealment beneath the surface of the water).
- From or with the aid or use of a car or other motor-driven vehicle, or any aircraft, except that paraplegic and single or double amputees of the legs may take from any stationary motor vehicle. "Paraplegic" means an individual afflicted with paralysis of the lower half of the body with involvement of both legs, usually due to disease or injury to the spinal cord.
- From or by means of any motor boat or sail boat unless the motor has been completely shut off and/or the sail furled and its progress therefrom has ceased.
- By the use or aid of live decoys. All live, tame or captive ducks and geese shall be removed for a period of 10 consecutive days prior to hunting and confined within an enclosure which substantially reduces the audibility of their calls and totally conceals such tame birds from the sight of migratory waterfowl.
- Using records or tapes of migratory bird sounds, or electronically amplified imitations of bird calls.

- By driving, rallying or chasing birds with any motorized conveyance or any sail boat to put them in range of hunters.
- By the aid of baiting (placing feed such as corn, wheat, salt or other feed to constitute a lure or enticement), or on or over any baited areas. Hunters should be aware that a baited area is considered to be baited for 10 days after the removal of the bait, and it is not necessary for the hunter to know an area is baited to be in violation.

Closed Season

No person shall take migratory game birds during the closed season.

Shooting or Falconry Hours

No person shall take migratory game birds except during the hours open to shooting and falconry as prescribed.

Daily Bag Limit

No person shall take more than one daily bag limit per day.

Field Possession Limit

No person shall possess more than one daily bag limit while in the field or while returning from the field to one's car, hunting camp, home, etc.

Wanton Waste

All migratory game birds killed or crippled shall be retrieved, if possible, and retained in the custody of the hunter in the field.

Tagging

No person shall give, put or leave any migratory game birds at any place or in the custody of another person unless the birds are tagged by the hunter with the following information: The hunter's signature, address, the total number of birds involved by species and the dates such birds were killed. No person or business shall receive or have in custody any migratory game birds belonging to another person unless such birds are properly tagged.

Possession of Live Birds

Wounded birds reduced to possession shall be immediately killed and included in the daily bag limit.

Dressing

No person shall completely field dress any migratory game bird (except doves and band-tailed pigeons) and then transport the birds from the field. The head or one fully feathered wing must remain attached to all such birds while being transported from the field to one's home or to a migratory bird preservation facility.

Shipment

No person shall ship migratory game birds unless the package is marked on the outside with: (a) the name and address of the person sending the birds, (b) the name and address of the person to whom the birds are being sent, and (c) the number of birds, by species, contained in the package.

Importation

For information regarding the importation of migratory birds killed in another country, hunters should consult 50 CFR 20.61 through 20.66. One fully feathered wing must remain attached to all migratory game birds being transported between a port of entry and one's home or to a migratory bird preservation facility. No person shall import migratory game birds killed in any foreign country, except Canada.

Mandatory Hunter Education

All hunters, resident or nonresident, born on or after Jan. 1, 1969, must possess proof that they have successfully completed a hunter education course. Those under 10 years of age do not need a Hunter Education certificate, but must be accompanied by an adult at least 21 years of age who must remain in a position to take immediate control of the hunting device. Call your local TWRA office or visit the TWRA's website at [www.tnwildlife.org](http://tnwildlife.org) for a listing of scheduled Hunter Education classes.

NOTE: To replace a Hunter Education Card at a TWRA license agent location, first contact your TWRA Regional Office during normal business hours. Verify that your Hunter Education number has been updated in the TWRA license system. Then you may go to a TWRA license agent and purchase a Type 500 (Hunter Education Card Replacement for \$7.00).

unless such birds are dressed (except as required above), drawn and the head and feet are removed. No person shall import migratory game birds belonging to another person.

Federal Migratory Bird Hunting and Conservation Stamp

The law requires that each waterfowl hunter 16 years of age and over must carry on his or her person a valid Federal Migratory Bird Hunting and Conservation Stamp (Federal Duck Stamp) signed in ink across the face.

Dual Violation

Violation of state migratory bird regulations is also a violation of federal regulations.

Caution

More restrictive regulations may apply to National Wildlife Refuges open to public hunting. For additional information on federal regulations, contact: Special Agent-in-Charge, U.S. Fish and Wildlife Service, RM 132-C, U.S. Courthouse, 801 Broadway, Nashville, TN 37203. Telephone: 615-736-5532.
